**APPLICANT** requests a waiver to a major site plan for new construction of a residential residence that will exceed 9000 square feet of impervious. Onsite stormwater controls will be constructed to prevent runoff on adjacent parcels.

- 6.2. Casa Del Mar - Agricultural Lot Split**  
**Parcel#: 35349-003-06 AgLotSplit-000255-2026**  
**JCH Consulting Group, Inc.**

**LDC 2.16.1.B(8) - Division of Land**

CODE states Agricultural lot splits outside of the Urban Growth Boundary.

**APPLICANT** requests waiver To Allow division of land pursuant to code. We hereby request approval to divide the subject property, totaling 66.88 acres into two (2) separate parcels, in accordance with applicable land use and subdivision codes.

- 6.3. Homestead Villas - Master Plan 33287 - Waiver to Master Plan in Review**  
**Parcel#: 23204-002-00,23303-002-00 #PIR000143-2026**

**LDC 6.12.9 (H) - Subdivision roads and related infrastructures**

CODE states Dead end roads shall not exceed 1,500 feet and shall have a cul-de-sac at the terminal end. Refer to details in Section 7.3.1. Dead end roads intended to provide future access to adjacent unplatted areas may be permitted without a cul-de-sac provided that no lots front thereon, the length does not exceed 1,500 feet, and appropriate temporary end-of-road markers are provided.

**APPLICANT** requests a waiver from the cul-de-sac requirement for dead-end roadways. Waiver applies to south stub only. At this location we showed a dead-end on the PUD plan that went to the Board to preserve the ability to provide a connection to adjacent lands should they be developed. We discussed this issue at DRC with the Fire Marshall during review of the project. A parking lot is provided just on the south end that would provide a turnaround opportunity for emergency vehicles.

**6.4. OTOW Calesa Shopping Center - Waiver to Preliminary Plat  
Parcel#: 35300-000-45 STA-000206-2026  
Kimley-Horn and Associates**

Due to Staff concerns, this waiver was placed on the DRC agenda for discussion, clarity, and action.

**2.17.1 Applicability**

CODE states Preliminary Plats shall be submitted for each development where platting is required in this Code or by Florida Statute.

**APPLICANT** requests to waive the Preliminary Plat requirements; the site and boundary information will be included in the Major Site Plan.

**6.5. Your Space Self Store of Ocala (Revision to Previously Approved AR #30776) - Major Site Plan Revision 33579 - Waiver to Plan in Review  
Parcel #35670-000-00 #PIR000241  
Colliers Engineering & Design**

**LDC 6.13.2.A(3) - Minimum requirements.**

CODE states (3) The location and design parameters for all retention/detention areas including: (a) Dimensions or coordinates for constructability. (b)

Cross sections, to scale, along the width and length of each pond, showing the design high water elevation, estimated seasonal high water elevation, pond top elevation, pond bottom elevation, side slope steepness, maintenance berm width, sod stabilization of the pond side slopes, and appropriate vegetative cover on the pond bottom. A typical cross section can be used instead when sufficient information is shown on the plan view which minimally includes pond width and length call outs as measured at the pond's top and bottom elevations. (c) Soil boring location with labels.

**APPLICANT** requests a waiver for a 7' high pond where a max. of 6' is specified. In discussions with the County Stormwater Engineer Alexander Turnipseed on 12/8/2025 it was discussed that after further review of the geotechnical report findings an increase of 1' would not present a significant concern for Karst and as such a waiver would be supported for the increased pond height.

- 6.6. **WAWA Gasoline/Convenience Store (PJ 2020020077) - Waiver to Major Site Plan**  
**Parcel#: 41200-060-02 #33549**
