WHEREAS, Section 127.01, Fla. Stat. (2023), subsection (1)(a) provides that each county of the state is delegated authority to exercise the right and power of eminent domain; that is, the right to appropriate property, except state or federal, for any county purpose; and

WHEREAS, Section 127.02, Fla. Stat. Stat. (2023); and

WHEREAS, Section 127.01, Fla. Stat. (2023), subsection (1)(b) further provides that each county is further authorized to exercise the eminent domain power granted to the Department of Transportation by s. 337.27(1), the transportation corridor protection provisions of Section 337.273, Fla. Stat. (2023) and the right of entry onto property pursuant to Section 337.274, Fla. Stat. (2023); and

WHEREAS, Section 337.27, Fla. Stat. (2023), subsection (1) grants the Department of Transportation the power of eminent domain to condemn all necessary lands and property, including rights of access, air, view, and light, whether public or private, for the purpose of securing and utilizing transportation rights-of-way, including, but not limited to, any lands reasonably necessary for securing applicable permits, areas necessary for management of access, borrow pits, drainage ditches, water retention areas, rest areas, replacement access for landowners whose access is impaired due to the construction of a facility, and replacement rights-of-way for relocated rail and utility facilities; for existing, proposed, or anticipated transportation facilities on the State Highway System or State Park Road System; or in a transportation corridor designated by the department; or for the purpose of screening, relocation, removal, or disposal of junkyards and scrap metal processing facilities. The department shall also have the power to condemn any material and property for such purposes; and

WHEREAS, Section 337.273, Fla. Stat. (2023) provides in part at subsection (1)(c) that the designation and management of transportation corridors and the planning and development of transportation facilities within transportation corridors will substantially assist in allowing government to alleviate traffic congestion and transportation facility overcrowding, aid in the development of an effective transportation system that is coordinated with land use planning, assist in planning for future growth, enable compliance with concurrency requirements, and alleviate the heretofore described health, safety, and welfare liabilities to the public; and

WHEREAS, the Project that is the subject of this Resolution is the SW 49th AVENUE S PHASE ROAD IMPROVEMENT PROJECT described in the Preliminary Engineering Report originally prepared by Kimley-Horn and Associates, Inc. on January 22, 2018 and approved by the Marion County Board of County Commissioners on February 6, 2018 and has been listed on the approved Transportation Improvement Program adopted by Marion County; and

WHEREAS, the Board of County Commissioners, as part of its approval of the foregoing Preliminary Engineering Report, considered alternative designs and routes, cost, safety, environmental factors, and long term area planning in concluding that the acquisition of the specific property interests identified herein is necessary and in the best interests of the public, and that all conditions precedent to the acquisition of such property interests have been, or will be met, prior to commencement of the filing of an action in eminent domain with respect to such property interests; and

WHEREAS, Section 337.274, Fla. Stat. (2023), provides that the Department of Transportation and its authorized agents and employees are authorized to enter upon any lands, waters, and premises, upon giving reasonable notice to the landowner, for the purpose of making surveys, soundings, drillings, appraisals, environmental assessments, archeological assessments, and examinations necessary to perform its duties and functions; and any such entry shall not be deemed a trespass or an entry that would constitute a taking in an eminent domain proceeding. The department shall make reimbursement for any actual damages to such lands, water, and premises as a result of such activities; and

WHEREAS, Ch. 73, Fla. Stat. (2023) provides general substantive and procedural requirements and limitations on a county's exercise of the power of eminent domain; and

WHEREAS, Section 73.015, Fla. Stat. (2023), subsection (1), provides requirements for pre-suit negotiation with the fee owner of the property to be acquired by eminent domain; and

WHEREAS, Section 73.015, Fla. Stat. (2023), subsection (2) provides requirements for notification of business owners, including lessees, who operate a business located on the property to be acquired; and

WHEREAS, Chapter 74, Fla. Stat. (2023) provides authority and procedures for counties to take possession and title of parcels or property interests acquired by eminent domain in advance of entry of final judgment; and

WHEREAS, the Project is and has been listed on the approved Transportation Improvement Program adopted by the Board of County Commissioners; and

WHEREAS, the Project will develop a portion of SW 49th Avenue and will alleviate traffic congestion on other facilities, and connect to other major collector and arterial roads.

WHEREAS, the County Engineer has caused to be designed the Project, compiled construction plans for the Project, and has determined the area and location of properties necessary for final construction of the Project and to accommodate anticipated right-of-way requirements in the reasonably foreseeable future. The County has determined the necessity to acquire the property interest of Fee Simple Right of Way (hereinafter, "the property interest") from **Project Parcel No. 10 AR** described in **Exhibit "A," and Exhibit "B,"** attached hereto and incorporated herein by reference, in order to construct the Project as designed; and

WHEREAS, the Board hereby finds and determines that all conditions precedent to acquiring the property interests described and identified in **Exhibit "A," and Exhibit "B"** have been met by Marion County. Specifically, before approving the acquisition of the property interests described herein, the Board has considered and weighed, where applicable, factors of safety, benefits to the public, costs, availability of alternatives, long range area planning and environmental factors, as well as any other relevant factors. The Board further finds that the required notifications to appropriate state and local agencies have been made.
