2.1. Definitions:

2.1.1. Traffic Management Plan - "Traffic Management Plan" means a written operational plan describing how traffic associated with events at the WEC will be managed before, during, and after such events. The Traffic Management Plan shall identify anticipated event attendance levels, expected traffic volumes, ingress and egress routing, parking operations, coordination with law enforcement and emergency services, staffing assignments for traffic control personnel, use of

dynamic message boards or other traveler information systems, and contingency procedures for incidents, congestion, or roadway blockages. The Traffic Management Plan may incorporate one or more Traffic Control Plans necessary to implement specific traffic control operations on public roadways. The Traffic Management Plan shall be prepared in general accordance with a Traffic Demand Management study accepted by the County.

- 2.1.2. Traffic Control Plan – “Traffic Control Plan” means a plan or set of drawings signed and sealed by a professional engineer licensed in the State of Florida depicting the temporary traffic control devices, roadway lane configurations, signage, barricades, cones, variable message boards, law enforcement traffic posts, and other traffic control measures required to safely manage traffic on public roadways during events. The Traffic Control Plan shall conform to the applicable provisions of the Manual on Uniform Traffic Control Devices (MUTCD) and applicable County standards.
- 2.2. Owner shall comply with the provisions of this paragraph 2 concerning traffic management for all events at the WEC that are likely to necessitate traffic management methods that involve private use of public right-of-way.
- 2.3. No later than three months after the date this Amendment becomes effective under paragraph 6.2, Owner shall apply for a Right-of-Way Utilization Permit (“RUP”) pursuant to Section 2.22.1. of the County Land Development Code to the County Engineer. The application shall include a Traffic Management Plan and Traffic Control Plan, signed and sealed by a professional engineer licensed in the State of Florida, identifying the proposed traffic management strategies, temporary traffic control devices, personnel assignments, and operational procedures necessary to safely manage traffic associated with events requiring the use of public right-of-way.
- 2.4. The County Engineer shall review the application and, upon acceptance of it, the County Engineer shall issue a RUP with conditions that may include the following, as determined by County Engineer:
 - 2.4.1. The incorporation of one or more of the traffic management measures recommended in the *World Equestrian Center Traffic Demand Management Study* (“Traffic Management Study”) dated October 18, 2025, as hereafter accepted by County Engineer.
 - 2.4.2. The establishment of different levels of events based on the number and size of such events, and particularly the number of people or trips expected during a particular time period. The conditions shall establish the traffic management measures required by Owner for each level of event.
 - 2.4.3. Contact information for an individual at the WEC with whom County Engineer or designee can communicate in the event of traffic problems during events.
 - 2.4.4. The Traffic Management Plan and Traffic Control Plan submitted with the RUP shall identify operational procedures, traffic control devices, law enforcement coordination, and personnel required for implementation of traffic management during events, and shall be prepared in accordance with applicable standards,

including the Manual on Uniform Traffic Control Devices (MUTCD), and shall be signed and sealed by a professional engineer licensed in the State of Florida.

- 2.5. The RUP shall address traffic management measures and not additional traffic improvements.
- 2.6. The RUP shall contain provisions for Concert Uses as set forth in paragraphs 3.3 through 3.5.
- 2.7. Each RUP shall be for a duration of one (1) year, and may be renewed, or a new RUP obtained, for subsequent years. As part of each renewal, Owner shall submit an updated Traffic Management Plan and Traffic Control Plan, signed and sealed by an active professional engineer licensed in the State of Florida, reflecting anticipated event schedules, event levels, and any operational adjustments based on prior event experience. The County Engineer may require interim updates to the accepted plan if changes in event size, event frequency, or observed traffic operations warrant revisions.
- 2.8. If Owner and County Engineer are not able to agree upon the RUP conditions, Owner may request the County Commission to resolve the dispute.
- 2.9. It is not necessary to amend this Agreement, including paragraph 3, to issue or renew RUPs.

3. **Concert Uses.**

- 3.1. Paragraph 10 of the Original Agreement, and paragraph 6.2.2.b.1). of paragraph 6.2 of the Original Agreement, as amended by paragraph 5 of the First Amendment, are hereby deleted.
- 3.2. The WEC may be utilized for Concert Uses pursuant to the provisions of this paragraph 3.
- 3.3. Concert Uses may be held pursuant to a RUP and subject to the conditions of the RUP.
- 3.4. The RUP for the initial year shall:
 - 3.4.1. Limit the number of Concert Uses for all facilities on the WEC that they are permitted for Concert Use by the PUD approved for the WEC to 8 per year; such limit shall apply to the Grand Outdoor Arena and Plaza or World Equestrian Center Stadium, (as such locations are depicted on Sheet 09.01 of the approved PUD Plan), and any indoor Concert Uses. After the initial year, RUPs for subsequent years may increase the number of such Concert Uses permitted based on operational experience and traffic conditions if accepted by the County Engineer and accepted by the County Administrator, however in no instance shall those concerts exceed 24 per year. For purposes of this paragraph, each individual day on which a Concert Use occurs shall count as one Concert Use, regardless of whether multiple performances involve the same artist, event promoter, or ticketed series.
 - 3.4.2. Preclude more than two (2) Concert Uses taking place simultaneously, including the Grand Outdoor Arena and Plaza, the World Equestrian Center Stadium, and any indoor Concert Uses. RUPs for subsequent years may modify this provision

based on operational experience and traffic conditions if accepted by the County Engineer and approved by the County Administrator.

- 3.4.3. Concert Uses shall not be scheduled on more than two (2) consecutive days. Concert Uses scheduled for more than two (2) consecutive days shall require a special event permit pursuant to Article III of Chapter 10 of the County Code.

4. **Further Amendment to Agreement.**

- 4.1. Among other things, the Current Agreement concerns transportation concurrency and related matters.
- 4.2. In connection with the 2026 WEC Approvals, Owners submitted a *WEC Sports Complex Traffic Impact Analysis* (the “Traffic Study”) prepared by Kittelson & Associates. County has approved the Traffic Study.
- 4.3. Within eight (8) months after the Second Amendment Effective Date, Owner shall submit to County a further amendment, or a new agreement, (either, the “Third Amendment”) addressing the impact of the 2026 WEC Approvals on the County transportation system as well as additional issues deemed appropriate by Owner and County, and shall thereafter pursue approval of such Third Amendment with due diligence.

5. **Adopted Pursuant to Florida Local Government Development Agreement Act.** This Second amendment has been adopted pursuant to the “Florida Local Government Development Agreement Act” (codified at Sections 163.3220 through 163.3243, Florida Statutes (2025)).
