ACCEPTANCE OF TERMS: Acceptance of the terms and conditions is a mandatory aspect of being considered responsive. Bidders wanting to challenge any of the Terms and Conditions or question alternatives to Specifications as listed herein must do so during the period before the Last Day for Questions. If the County does not authorize a change prior to bid closing via addendum, the Terms and Conditions or Specifications stand; any counter-proposal on Terms and Conditions, or Specifications will be rejected, as will the bid.

ALTERNATES/EQUIVALENTS: When alternate line items are offered in addition to the base bid, the County reserves the right to consider any combination of the base bid plus any alternate(s) deemed necessary in order to establish the overall bid. Recommendation of award will be based on the lowest *overall* bid, as determined by the County, for the responsible responsive bidder. When Brand Names are specified, the Contractor must prove demonstrated equivalency prior to the Last Day for Questions and the County reserves the right to reject bids from firms which have failed to receive approvals of acceptable equivalents. See General Conditions, Sec 3.28 for more on equivalency requests.

PUBLIC RECORDS: *Florida Statutes was amended June 2, 2011* to provide that sealed bids, proposals, or replies received by a Florida public agency shall remain exempt from disclosure until an intended decision is announced or until 30 days from the opening, whichever is earlier. This means that bidders will not be able to procure a copy of their competitor's bids until an intended decision is reached or 30 days has elapsed since the time of the bid opening.

UNIT PRICES: Shall be tabulated to calculate no more than two (2) decimal places. Unit prices less than \$0.005 will be rounded off to the cent; unit prices equal to or greater than \$0.005 will be rounded up to the next cent. Unit prices on the bid form will be used to correct any extensions, and if adjusted, shall be identified on the detailed tabulation as corrected. If the Contractor fails to include a unit price and only includes the total, the County reserves the right to mathematically calculate the unit cost and enter (using the rounding method above) to establish a price for the contract and potential additional purchases of affected line items.

Marion Oaks Water Main Expansion Subcontractor Trades – Phase 1 BID FORM

ACCEPTANCE OF TERMS: Acceptance of the terms and conditions is a mandatory aspect of being considered responsive. Bidders wanting to challenge any of the Terms and Conditions or question alternatives to Specifications as listed herein must do so during the period before the Last Day for Questions. If the County does not authorize a change prior to bid closing via addendum, the Terms and Conditions or Specifications stand; any counter-proposal on Terms and Conditions, or Specifications will be rejected, as will the bid.

ALTERNATES/EQUIVALENTS: When alternate line items are offered in addition to the base bid, the County reserves the right to consider any combination of the base bid plus any alternate(s) deemed necessary in order to establish the overall bid. Recommendation of award will be based on the lowest *overall* bid, as determined by the County, for the responsible responsive bidder. When Brand Names are specified, the Contractor must prove demonstrated equivalency prior to the Last Day for Questions and the County reserves the right to reject bids from firms which have failed to receive approvals of acceptable equivalents. See General Conditions, Sec 3.28 for more on equivalency requests.
