The Sumter County BOCC provided direction to Commissioner Bogue that supports the submitted Option 2 from Seminole and Lake understanding that the discussion regarding modifications to Options 2 will be expected at the June meeting.

Thanks Mounir.

Our meeting is next week. I will provide a recap if we have any discussions on this topic.

Good morning,

As I understand, some of us have their regular board meeting today and this topic may be discussed.

In addition to the options provided by Seminole and Lake counties, we are discussing other arrangements to present at the June 19th committee meeting. The additional scenarios include maintaining both districts as they are and continue to operate the Leesburg facility and build a satellite office in Summerfield at a much smaller scale. Another option would be, if Lake County would reconsider its position, to continue operating in Leesburg, reexamine the cost allocation methodology and construct a satellite office in Summerfield when needed. If those scenarios fail, propose not to object to the reassignment of Lake County and continue to operate in Leesburg until State and local funds are secured to build the new facility in Summerfield.

Please consider those ideas as you discuss this topic.

Thanks.

Mounir Bouyounes, P.E.
