Ken,

Below are the two outstanding items related to the Oak Shores submittal. Could you please provide clarification or guidance on how best to address these with Jon?

1. **DRA Vacations** – The two DRAs have not yet been vacated. We are currently awaiting confirmation from the Legal Department regarding the adequacy of the documentation to establish ownership post-vacation.
2. **ERP Permit** – We are also waiting on a determination from the St. Johns River Water Management District regarding their submitted ERP Permit (Project No. 19504-34).

Thank you,
Liz

Jon,

We need something from the SJWMD that says the wetland is no longer there or we'll need to calculate the amount of wetland on the site and revise the allowed density to 1 unit per 5 acres of wetland. And recommend no homes in the wetlands.

Ken,

I provided you with the Environmental Report from Modica.

The US Fish & Wildlife Service's National Wetland Inventory showed the presence of wetlands on the site. However, a site inspection by Modica & Associates (Environmental Consultant) found no evidence of wetlands existing on the site. An application for an Individual Environmental Resource Permit has been made to SJRWMD. During the ERP review, the District staff will conduct a site inspection to verify the presence of wetlands. A report from District staff will be provided upon receipt.

In the meantime, the PUD Rezoning application should not be denied based solely on the USFWS NWI maps. There is a disclaimer page on their website that their data **should not** be relied upon as definitive for site-specific boundaries or jurisdictional determinations. Below is an excerpt from the official disclaimer page:

"The maps are prepared from the analysis of high-altitude imagery. Wetlands are identified based on vegetation, visible hydrology, and geography. A margin of error is inherent in the use of imagery; thus, detailed on-the-ground inspection of any particular site may result in revision of the wetland boundaries or classification established through image analysis.

The accuracy of image interpretation depends on the quality of the imagery, the experience of the image analysts, the amount and quality of the collateral data, and the amount of ground-truth verification work conducted. Metadata should be consulted to determine the date of the source imagery used and any mapping problems.

Wetlands or other mapped features may have changed since the date of the imagery and/or field work. There may be occasional differences in polygon boundaries or classifications between the information depicted on the map and the actual conditions on site."

You can view the full disclaimer at:

Ken,

The last 3 pages of the EA report I provided talks about the wetlands. Currently the FWC wetland inventory website is down due to the Federal Government Shutdown. When you go to the website it has a disclaimer to this effect that explains that the inventory has not been updated.

Please contact this office should you need further assistance.

Liz,

1. We are aware that those areas that are indicating ownership by Marion County was discussed during pre-application and DRC staff review with your staff, specifically Chris Rison. The County does not actually have title or deed to these parcels. They are dedicated to the public per the plat. After discussions with Chris Rison it was agreed that vacating the plat would technically revert back to the owner of the adjacent lots which is our client. Thus ownership would be established. I do not believe a deed will be generated. The MCPA will likely change the ownership based on the resolution to vacate. Chris and I have had multiple conversations concerning this issue. Fred Roberts has formally filed an application to vacate those DRA's. As a result, Chris indicated that submittal would be acceptable, with the understanding that the plat vacating would be completed prior to BCC approval. I explained to Chris our concern of getting on this cycle is important and did not want to risk unavailability by next Wednesday. Therefore, he said as long as the vacating application was submitted it was suffice to submit the PUD and LUA. I provided the email that demonstrates the application has been filed. Elizabeth Woods with OCE is processing it if you want to confirm.
2. I provided the Environmental Report conducted on this site and they determine that no wetlands exist on this site.
3. We are in the process of filing a LOMR with FEMA to remove this from the Flood Zone. Nevertheless, this should not hold up the process of requesting a PUD.

I hope this addresses all of your concerns. Please touch base with Chris as I am sure he can shed some light on this matter. Hope you have a great rest of your day.

Please contact this office should you need further assistance.

Subject: RE: Oak Shores LUA and PUD application submittal

Jon,
 We currently have **no proof of ownership for the portions of the two DRAs in question**. As such, I'm unable to process your request until proper documentation is provided. At this time, our records indicate that **Marion County** is the listed owner of both DRAs.

Regarding the larger parcel, **9064-0000-02**, we will need written confirmation or a **permit from DEP** for mitigation, as the property contains wetlands located within a **FEMA Flood Zone A**—specifically in the area where your concept plan proposes residential development.

Working with Chris Rison, He found it acceptable to take in the application as long as a plat vacating application has been submitted. I outlined this in the submittal letter and email. Fred Roberts has made application. Please touch base with Chris on the details.

Please contact this office should you need further assistance.

Good Afternoon Liz,

After talking with Chris Rison earlier, he agreed that since the plat vacation was submitted that it is ok to file the PUD and Land Use applications for Oak Shores PUD. Below is correspondence from the County demonstrating that the application has been submitted. Fred Roberts is the attorney handling that vacating application. By the time this goes before the BCC the plat vacating is anticipated to be complete. It is understood that tabling the case to be heard may occur in the event that the vacating is not completed by then. Below are links to the Small Scale Land Use Amendment and the PUD rezoning application. Once you review and assign an AR number to each application, I will immediately provide you with two separate checks (one for \$3,000.00 and one for \$1,880.00).

Land Use Application packet: <https://www.dropbox.com/t/7duyfaOkVwLY3psg>

PUD application packet: <https://www.dropbox.com/t/PdTbBxfqqQVALuit>

Please let me know if you need anything else. The submittal of these applications is to assure a spot in the 2601 CYCLE.

Please contact this office should you need further assistance.

Subject: Re: Plat Vacation Request (MCU Letter of No Objection)

Good Morning,

Thank you for reaching out. The following items are missing from your packet:

- \$500.00 check made out to Marion County or a subsequent check of \$150.00
 - The check provided is only for \$350.00. In the email attached, I advised the fee is now \$500.00.

- No Objection Letters from all utility companies in the proposed vacation area that serve or have opportunity to serve the specific area

- Title Opinion or Certification from a title company or attorney no more than 20 days old showing the applicant as the fee simple owner of the portion of the plat to be vacated.

As soon as I receive the above items, I can move forward with getting this schedule for the Development Review Committee. Thank you!

Elizabeth,

Good morning. I just wanted to follow up with you to make sure you had everything you needed on this application and to check on the status of comments. Per growth management, they wanted us to get the application submitted and receive back comments before we submitted our PUD application. Add copied Jon Harvey Tillman engineering on this email. They are steaming at the Ready to get that filed once the timing is right.

Thanks in advance.

Instructions for Use of This Form:

This form is designed to assist you in submitting a complete application. All applications must include Section A-General Information for All Activities. Sections B through H list typical information that is needed based on the proposed activities and are only required as applicable. Part 1-C of Section A will guide you to the correct sections needed based on your proposed activities. Applicants are advised to consult Chapter 62-330, F.A.C., and the Environmental Resource Permit Applicant's Handbooks Volumes I and II for information regarding the ERP permitting process and requirements while preparing their application. Internet addresses for Chapter 62-330, F.A.C., and the Applicant's Handbook, Agency contact information, and additional instructions for this form can be found in Attachment 1.

What Sections of the Application Must I Fill Out?

Type of Activity	Section A	Section B	Section C	Section D	Section E	Section F	Section G	Section H	Section I
Fill in wetlands or waters for a single family residence?	Y	Y	N	N	N	N	N	N	Y, if in assumed waters
Docks, shoreline stabilization, seawalls associated with a single family residence?	Y	Y	N	N	N	Y, as needed	N	N	Y, if in assumed waters
Wetland impacts (other than association with an individual residence)?	Y	N	Y	N	N	N	N	N	Y, if in assumed waters
Boating facilities, a marina, jetty, reef, or dredging?	Y	N	Y	Y	N	Y, as needed	N	N	Y, if in assumed waters
Any work on state owned submerged land?	Y	N	Y	N	N	Y	N	N	Y, if in assumed waters
Construction of a stormwater management system?	Y	N	Y, as needed	N	Y	N	N	N	N
Constructing a mitigation bank?	Y	N	Y	N	Y, as needed	N	Y	N	Y, if in assumed waters
Creating a mine?	Y	N	Y, as needed	N	N	N	N	Y	Y, if in assumed waters

If you have any questions, or would like assistance completing this form, please contact the staff of the nearest office of either the Florida Department of Environmental Protection (DEP) or a Water Management District (WMD) (see Attachment 2).

Section A: General Information for All Activities

Part 1: Name, Application Type, Location, and Description of Activity

A. Name of project, including phase if applicable: **Oak Shores Mass Grading**

B. This is for (check all that apply):

- Construction or operation of **new** works, activities and/ or a stormwater management system
- Conceptual Approval** of proposed works, activities and/ or a stormwater management system
- Modification or Alteration of **existing** works activities and / or a stormwater management system. Provide the existing DEP or WMD permit #, if known: **19504-21** Note: Minor modifications do not require completion of this form, and may instead be requested by letter in accordance with section 6.2 of Applicant's Handbook Volume I.
- Maintenance or repair** of works, activities and/ or stormwater management system previously permitted by the DEP or WMD. Provide existing permit #, if known: _____
- Abandonment or removal of works, activities and/ or stormwater management system
Provide existing DEP or WMD permit #, if known: _____
- Operation of an **existing unpermitted** work, activity, and/or stormwater management system.
- Construction of additional phases of a permitted work, activity, or system.
Provide the existing DEP or WMD permit #, if known: _____
- A State 404 Program authorization:
- Exemption General Permit Individual Permit

If requesting an Exemption or General Permit provide Rule #, if known:

By checking this box, I hereby voluntarily waive, in accordance with Rule 62-330.090(8), F.A.C., the agency action deadlines in section 5.5.3 of Volume I in the event my project also requires a State 404 Program authorization (other than an exemption) under Chapter 62-331, F.A.C., and request that the agency actions for the ERP and State 404 Program authorizations be issued at the same time. (This is strongly recommended to ensure consistency, and to reduce the potential need for project modifications to resolve inconsistencies that may occur when the agency actions are issued at different times.) If this box is checked and the Agency(ies) determines that no State 404 Program authorization is required, the Agency will continue to abide by section 5.5.3 of Volume I.

C. List the type of activities proposed. Check all that apply, and provide the supplemental information requested in each of the referenced application sections. Please also reference Applicant's Handbooks I and II for the type of information that may be needed.

- Activities associated with one single-family residence, duplex, triplex, or quadruplex that do not qualify for an exemption or a Noticed General Permit: **Provide the information requested in Section B. Do not complete Section C.**
- Activities within wetlands or surface waters, or within 25 feet of a wetland or surface water, (not including the activities associated with an individual single-family residence). *Examples include dredging, filling, outfall structures, docks, piers, over-water structures, shoreline stabilization, mitigation, reclamation, restoration/ enhancement.* **Provide the information requested in Section C.**
- Activities within navigable or flowing surface waters such as a multi-slip dock or marina, dry storage facility, dredging, bridge, breakwaters, reefs, or other offshore structures: **In addition to Section C, also provide the information requested in Section D.**
- Activities that are (or may be) located within, on or over state-owned submerged lands (See Chapter 18-21, F.A.C. <https://www.flrules.org/gateway/ChapterHome.asp?Chapter=18-21>): **In addition to Section B or C, also provide the information requested in Section F**
- Construction or alteration of a stormwater management system serving residential, commercial, transportation, industrial, agricultural, or other land uses, or a solid waste facility (excluding mines that are regulated by DEP). **Provide the information requested in Section E.**
- Creation or modification of Mitigation Bank (refer to Chapter 62-342, F.A.C. <https://www.flrules.org/gateway/ChapterHome.asp?Chapter=62-342>): **Provide the information requested in Section G.**
- Mines (as defined by in Section 2.0 of Applicant's Handbook Volume I) that are regulated by the DEP: **Provide the information requested in Section H.**
- Other, describe: _____ Please contact the Agency to determine which additional sections of the application are needed. See Attachment 2 for Agency contacts.

D. Describe in general terms the proposed project, system, works, or other activities. For permit modifications, please briefly describe the changes requested to the permit: **The project will entail the clearing and grading of the site and the construction of two (2) new dry retention ponds, and use of one (1) existing dry retention pond. There is no construction of impervious coverage proposed under this permit.**

E. Project/Activity Street/Road Address or other location (if applicable):

City: **OCALA**

County(ies) **Marion**

Zip: **34472**

Note: For utility, road, or ditch/canal activities, provide a starting and ending point using street names and nearest house numbers or provide length of project in miles along named streets or highways.

F. Project location map and Section, Township, and Range information (use additional sheets if needed):

Please attach a location map showing the location and boundaries of the proposed activity in relation to major intersections or other landmarks. The map should also contain a north arrow and a graphic scale; show Section(s), Township(s), and Range(s); and must be of sufficient detail to allow a person unfamiliar with the site to find it.

Land Grant name, if applicable:

Section(s): 24	Township: 16S	Range: 24E
Section(s): 23	Township: 16S	Range: 23E

G. Latitude (DMS) _____ Longitude (DMS) _____ (Taken from central location of the activity). Explain source for obtaining latitude and longitude (i.e. U.S.G.S. Quadrangle Map, GPS, online resource):

H. Tax Parcel Identification Number(s): **9028-0841+01, 9064-0000-02, 9064-1793+01, 9064-1793+05, 9064-1799+01**

[Number may be obtained from property tax bill or from the county property appraiser's office; if on multiple parcels, provide multiple Tax Parcel Identification Numbers]

I. Directions to Site (from major roads; include distances and landmarks as applicable): **Project location is at the intersection of Oak Road and Oak Tract Pass adjacent to the Belleview High School**

J. Project area or phase area: **39.88** acres

K. Name of waterbody(ies) (if known) in which activities will occur or into which the system will discharge:

Receiving Waterbody	Class Type	Outstanding Florida Water	Aquatic Preserve

The following questions (L-N) are not applicable to activities related to a single-family residence, including private single-family residential docks, piers, seawalls or boat ramps.

L. Is it part of a larger plan of development or sale? yes no

M. Impervious or semi-impervious area excluding wetlands and other surface waters (if applicable):
acres or _____ square feet

N. Volume of water the system is capable of impounding (if applicable):

Normal Pool: _____ acre-feet. Depth _____ ft.
Maximum Pool: 47.94 acre-feet. Depth _____ ft.

Part 2: Supplemental Information, and Permit History

- A. Is this an application to modify an existing Environmental Resource Permit, or to construct or implement part of a multi-phase project, such as a project with a Conceptual Approval permit? Yes No *If you answered "yes", please provide permit numbers below:*

AGENCY	DATE	PERMIT/ APPLICATION NO.	PROJECT NAME
WMD	13-MAR-07	19504-21	Silver Springs Shores Unit 64

- B. Indicate if there have been any **pre-application meeting(s)** with the DEP, WMD, or delegated local government, or other discussions, meetings, or coordination with other stakeholders or agencies about the proposed project, system or activity. If so, please provide the date(s), location(s) of the meeting, and the name(s) of Agency staff that attended the meeting(s):

AGENCY	DATE	LOCATION	MEETING ATTENDEES

- C. **Attach a depiction (plan and section views), which clearly shows the works or other activities proposed to be constructed.** Use multiple sheets, if necessary, a scale sufficient to show the location and type of works, and include a north arrow and a key to any symbols used. **Specific information to be included in the plans is based on the activities proposed and is further described in Sections B-H.** However, supplemental information may be required based on the specific circumstances or location of the proposed works or other activities.
- D. **Processing Fee: Please submit the application processing fee along with this application form and supplemental information.** Processing fees vary based on the size of the activity, the type of permit applied for, and the reviewing Agency. Please reference Appendix D of Applicant's Handbook Volume 1 to determine the appropriate fee.

If necessary, please add additional pages for other contacts and property owners related to this project.

H. Real Property Interest

- a. Permits are only issued to entities having sufficient real property interest as described in Section 4.2.3(d) of Applicant's Handbook Volume I. **Please attach evidence of the applicant's real property interest over the land upon which the activities subject to the application will be conducted, including mitigation areas (if applicable).** Refer to Sections 4.2.3(d)-(e) for sufficient real property interest documentation.
- b. For activities that require a recorded notice in accordance with rule 62-330.090(7), F.A.C., please provide either the complete legal description of the property or a copy of the pages of the document recorded in the public records that contains the complete legal description. If the land upon which the proposed activities are to occur is not owned by the applicant, the applicant must also provide copies of any right-of-way, leases, easements, or other legal agreement which authorizes the applicant to perform the activities on those lands.

DRAs 9064-1799+01 and 9064-1793+05

We received a land use amendment application involving two Marion County DRAs (portions of existing DRAs). However, these areas have not yet been officially vacated from the recorded subdivision. The applicant has submitted the attached application, stating that the parcels are owned by Heather Island LLC, but no recorded warranty deed has been provided to verify this ownership. Currently, the property records indicate that the parcels are still owned by Marion County WRAs.

Wouldn't we need a recorded warranty deed showing ownership by Heather Island LLC, with the application reflecting matching ownership details? Additionally, shouldn't we require a current survey and legal descriptions?

We're assuming that once the DRAs are vacated, ownership would revert to the original owners, but it's unclear who legally becomes the owner in this case.

I've attached the first page of the application, the current legal descriptions, what I believe are the applicant's proposed legal descriptions, and the property cards for reference.

Subject: RE: LRM 2025-1181 FW: LRM request for an Agenda Item - Parcels 9064-1799+01 and 9064-1793+05
Attachments: _Scan_TA7353ci_20251028093510.pdf

Linda,

I would like to include the attached warranty deed that was part of their application package. While the DRA parcel numbers are not listed on the first page of the deed, I noticed that **Exhibit A** (on the third page) provides a detailed explanation of the DRA/WRAs.

It's unclear to me whether this language will serve as sufficient proof of ownership once the DRAs are officially vacated. I wanted to bring this to your attention in case further clarification or documentation is needed.

We would like confirmation of its adequacy for establishing ownership post-vacation.

Thank you,
Liz

Subject: RE: CLARIFICATION -RE: LRM request for an Agenda Item - Parcels 9064-1799+01 and 9064-1793+05

Yes, if the BCC vacates the DRAs on the Plat, the vacated land would go to the property owner. After vacation, the current deed is not sufficient by itself because it does not show their newly acquired interest in the County vacated lands. They would also need the Board's resolution, and all the documentation provided to the Board for it to determine whether it wants to vacate the dedicated lands on the plat.

Hi Linda,

Thank you for the LRM response.

I do have a follow-up question: Once the DRAs are vacated, do the applicants then own the vacated areas? If so, is the current deed they submitted to you sufficient documentation?

In other words, after the DRAs are vacated, what documentation do they need to submit to us in order for their Land Use Amendment application to be considered complete?

Thanks again for your help!

Thanks,
Liz

Ken,

Please see below from SJRWMD. We had our environmental specialist meet SJRWMD onsite.

There are no wetlands on this piece of property. That NWI map is a good start for site evaluation but not something we rely on for design.

Thank you.

Troy

Hi James,

We conducted a site visit on November 18, 2025 with Clark Modica. When on site, we found no wetlands or other surface waters within the project area. I have attached the data form that was completed during that site visit. The formal determination of this will be written in the final permit as well.

If there is anything else you need, please let me know!

Hi Tori,

We are working with Marion County on the PUD Rezoning of the Oak Shores property, and they are requesting documentation from SJRWMD regarding the wetland determination. It is my understanding that you met with Clark Modica on site, and both SJRWMD and Modica concur there are no wetlands on this property. Can you provide us with a staff report or email regarding your findings from the site visit? Thank you in advance for your help.

Good morning,

Thank you for getting back to me with and confirming the date of November 18th at 9:30am for the site inspection.

Could you please let me know who I should include on the calendar invite? Also, will anyone be meeting us at the site?

Thank you,

Tori C Catalo

Good afternoon,

Thank you for reaching out to schedule a site visit. I have listed the next available dates we have for the inspection. Please let me know which day works best for you and I can send a calendar invite.

You are welcome to meet us out on-site, but its not required unless we'll need help accessing the property.

*November 13 @ 9:30AM

*November 17 @ 9:30AM

*November 18 @ 9:30AM

Thank you and have a great day!
