To Whom It May Concern,

I am writing this letter in support of Richard Smith's attempt to keep his ducks. They are well cared for and housed properly. He has made the changes Code Enforcement recommended and they are not a nuisance to the community.

The real issue here in Kerr Shores is multiple junk yards and unlicensed auto repair shops. They are a nuisance that is bringing down property values as well as creating environmental hazards to our canals and Lake Kerr. Water runoff is dumping unwanted automotive fluids and other hazardous materials into the water.

Again, I am supporting Richard Smith's efforts to keep his ducks.

Cordially,

Harry Young
