The 2013 Legislature passed legislation that changed the manner by which County Ordinances were to be filed with the Florida Department of State and the manner in which the Department would acknowledge that filing. "An Act relating to paper reduction", Chapter 2013-192, amended Section 125.66, Florida Statutes, to require the Clerks of the Board of County Commissioners to file Ordinances and Amendments, as well as Emergency Ordinances, by e-mail to the Department. In turn, the Department would acknowledge receipt of such documents by return e-mail.

Attached, please find e-mail correspondence from the Clerk's Office to the Department and their acknowledgement related to the above Ordinance(s).

**ORDINANCE NO. 2025-17**

**AN ORDINANCE OF THE BOARD OF COUNTY COMMISSIONERS OF MARION COUNTY, FLORIDA, REGARDING FIRE RESCUE IMPACT FEES; CREATING DIVISION 3, ARTICLE XI OF CHAPTER 10 OF THE MARION COUNTY CODE RELATING TO FIRE RESCUE IMPACT FEES; ADOPTING A NEW SECTION 10-335 OF THE MARION COUNTY CODE ON FINDINGS, A NEW SECTION 10-336 ON DEFINITIONS APPLICABLE TO FIRE RESCUE IMPACT FEES, A NEW SECTION 10-337 ON COMPUTATION OF AMOUNT OF FEES, A NEW SECTION 10-338 ON DEVELOPER CONTRIBUTION CREDITS, A NEW SECTION 10-339 ON USE OF FUNDS, A NEW SECTION 10-340 ON FIRE RESCUE IMPACT FEE SCHEDULE; AMENDING SECTION 10-282 OF THE MARION COUNTY CODE ON ADOPTION OF IMPACT FEE TECHNICAL STUDIES; DIRECTING THE PROVISION OF NOTICE OF IMPACT FEE RATES; PROVIDING FOR SEVERABILITY, CODIFICATION, LIBERAL CONSTRUCTION, AND PROVIDING AN EFFECTIVE DATE.**

**NOW, THEREFORE, BE IT ORDAINED BY THE BOARD OF COUNTY COMMISSIONERS OF MARION COUNTY, FLORIDA:**

**SECTION 1. ADOPTION OF THE FIRE RESCUE IMPACT FEE ORDINANCE.**

The Board of County Commissioners hereby enacts and adopts the Fire Rescue Impact Fee Ordinance, to be codified as Division 3, Article XI of Chapter 10 of the Marion County Code of Ordinances, which shall read as follows:

**DIVISION 3. – FIRE RESCUE IMPACT FEES**

**Sec. 10-335. - Findings.** It is hereby ascertained, determined, and declared:

(1) Development necessitated by the growth contemplated in the Marion County Comprehensive Plan and the Technical Study for Fire Rescue Impact Fees will require Infrastructure improvements to the Fire Rescue System to accommodate the new development generated by such growth and maintain the standards of service provided by the Fire Rescue System.

(2) The County operates both a Fire Protection System and an EMS System that together deliver consolidated fire protection and EMS rescue services through cross-trained personnel and some dual-use capital equipment and capital facilities that together form the County's Fire Rescue System.

(3) Future growth, as represented by Impact Generating Land Development Activity, should contribute to the cost of Infrastructure improvements to the Fire Rescue System required to accommodate the impacts generated by such growth as contemplated in the comprehensive plan.

(4) The required Infrastructure improvements to the Fire Rescue System needed to accommodate existing development shall be financed by revenue sources of the county other than Fire Rescue Impact Fees. The required Infrastructure improvements to the Fire Rescue System needed to eliminate any deficiencies shall be financed by revenues other than Fire Rescue Impact Fees.

(5) Implementation of the Fire Rescue Impact Fees to require Impact Generating Land Development Activity within the County to contribute its fair share to the cost of required Infrastructure is an integral and vital element of the regulatory plan of growth management of the County.

(6) There is a rational nexus between future growth, as measured by Impact Generating Land Development Activity, and the need to expand the Fire Rescue System through the acquisition and construction of new Buildings, apparatus, equipment, and other Infrastructure in order to maintain the standards of service currently provided by the Fire Rescue System. The Fire Rescue Impact Fees adopted herein for each Impact Fee Land Use Category are proportional to the impact expected to be generated by Impact Generating Land Development Activity.

(7) Because the County is the sole provider of emergency medical services within the County, the EMS System benefits all residents of the County; therefore, the EMS Impact Fee shall be imposed in all unincorporated areas of the County and within all municipal areas for so long as they participate in the EMS System.

(8) Because the County is the primary provider of fire protection services within the unincorporated area of the County and within the cities of Belleview, Dunnellon, Reddick, and McIntosh, the Fire Protection System benefits all residents of those areas; therefore, the Fire Protection Impact Fee shall be imposed in all unincorporated areas of the County and within the incorporated areas of Belleview, Dunnellon, Reddick, and McIntosh.

(9) The Board expressly finds that the Infrastructure improvements and additions to the Fire Rescue System provide a benefit to all Impact Generating Land Development Activity within the County that is in excess of the actual Fire Rescue Impact Fees and the collection of Fire Rescue Impact Fees is an important source of funding for the County capital improvement plan. The Board has determined that ad valorem tax revenue and other revenues will not be sufficient to provide the Infrastructure improvements to the Fire Rescue System

that are necessary to accommodate Impact Generating Land Development Activity within the County.

(10) The purpose of this Ordinance is to require payment of Fire Rescue Impact Fees by those who engage in Impact Generating Land Development Activity to provide for the cost of Infrastructure improvements to the Fire Rescue System that are required to accommodate such growth. This Ordinance shall not be construed to permit the collection of Fire Rescue Impact Fees in excess of the amount reasonably anticipated to offset the demand on the Fire Rescue System generated by such applicable Impact Generating Land Development Activity.

(11) In recognition that capital facility planning is an evolving process, it is the intent of the Board that needed Infrastructure improvements to the Fire Rescue System be identified and evaluated periodically to ensure Fire Rescue Impact Fee revenues are allocated to provide benefits to new development as required by law. By periodically reevaluating Fire Rescue Impact Fees and planned improvements capital improvements, the County can ensure fees are imposed equitably and lawfully and are utilized effectively based upon actual and anticipated growth needs at the time of their imposition. Therefore, the cost of reviewing, updating, and adjusting this Ordinance is necessary to ensure that Fire Rescue Impact Fees are imposed and administered in accordance with applicable law.

(12) The technical study entitled "Marion County Fire Rescue & EMS Impact Fee Update Study" dated February 28, 2025, prepared by Benesch, sets forth a reasonable methodology and analysis for the determination of the impact of new development on the needs for and costs of additional fire protection and EMS Infrastructure in Marion County.

(13) The data set forth in the Technical Study which was employed in the calculation of the Fire Rescue Impact Fee rates imposed herein is the most recent and localized data available for the Fire Rescue System and was not more than 4 years old at the time of the updated Fire Rescue Impact Fee Study. The Fire Rescue Impact Fee rates included herein were adopted within twelve (12) months of the initiation of the Technical Study.

(14) The Fire Rescue Impact Fees collected by the County pursuant to this Ordinance may be used to pay existing debt related to the construction of Infrastructure or for previously approved capital projects. The Board legislatively finds and determines that this Infrastructure or previously approved capital projects that are funded by the Fire Rescue Impact Fees are proportional and have a rational nexus to the impacts generated by new development that contributes Fire Rescue Impact Fees towards the funding of these facilities and

that there is available capacity to serve those properties from the debt funded Infrastructure from previously approved projects.

(g) If the land development activity being commenced cannot be classified into an Impact Fee Land Use Category identified in section 10-340, then:

If the County Administrator determines there is no comparable type of land use on the fee schedule, then the County Administrator shall calculate the appropriate Fire Rescue Impact Fee utilizing the methodology in the applicable Technical Study. The County Administrator shall utilize as a standard in this determination the impact assumed in the most comparable Impact Fee Land Use Category or any other generally accepted standard source of planning and cost impact analysis. The County Administrator shall determine the applicable Impact Fee Land Use Category for the Impact Generating Land Development Activity;

The nongovernmental Feepayer need not be required, by virtue of this credit, to competitively bid or negotiate any part of the construction or design of the Infrastructure, unless otherwise required by the County, or unless the estimated

#### **SECTION 4. AMENDMENT OF SECTION 10-272 OF THE MARION COUNTY**

**CODE.** Section 10-272 of the Marion County Code, entitled Intent and Purpose, is hereby amended as follows:

##### **Sec. 10-272. Intent, and purpose, and findings.**

(a) This article is intended to implement and be consistent with the Marion County Comprehensive Plan to assess new development a pro rata share of the costs required to finance Infrastructure and Capital Improvements to Public Facilities ~~transportation—improvements~~ necessitated by new development.

(b) The purpose of this article is to ensure that new development bears a fair share of the cost of capital expenditures necessary to provide Public Facilities in the County as contemplated by the comprehensive plan. ~~require the impact generating land development activity within the county to provide for capital improvements and additions to the Major Road Network System system which are necessitated by impact generating land development activity through the payment of impact fees.~~

(c) This Article shall not be construed to permit the collection of Impact Fees from Impact Generating Land Development Activity in excess of the amount reasonably anticipated to offset the cost of the demand from the Impact Generating Land Development Activity.

(d) This Article is intended to be consistent with the principles for allocating a fair share of the cost of new Public Facilities to new users. This article is intended to require development to contribute its proportionate share of the funds, land, or public facilities necessary to accommodate any impacts having a rational nexus to the proposed development and for which the need is reasonably attributable to the proposed development.

(e) The State of Florida through the enactment of Sections 163.3203 and 163.31801, Florida Statutes, has found that Impact Fees are an important source of revenue for a local government to use in funding the Capital Improvements and Infrastructure necessitated by new growth and that Impact Fees are an outgrowth of the home rule power of a local government to provide certain services within its jurisdiction provided that any Impact

Fee adoption or amendment must meet certain minimum standards as set out in Section 163.31801, Florida Statutes.

(f) The implementation of Impact Fees for Public Facilities to assist the County in funding growth-necessitated improvements is in the best interests of the citizens of Marion County, Florida.

(g) The Administrative Charge authorized for the Impact Fees pursuant to Section 10-282 is equal to or less than the actual costs of administration and collection of the Impact Fees in accordance with Section 163.31801, Florida Statutes, or its statutory successor in function.

(h) Providing incentives for the creation of Private Schools by exempting Private Schools from the County's Impact Fees serves to reduce the burden on public educational facilities, benefit the community as a whole and constitutes a valid public purpose. Further Private Schools may provide fiscal benefits to the County in excess of the cost of the project's impact to the County's Public Facilities that provides additional justification for exempting Private Schools from the County's Impact Fees.

(b) In the case of a change of use, redevelopment, or modification of an existing use which requires the issuance of a building permit, Site Plan approval, or a Certificate of Occupancy, the impact fee shall be based upon

the net increase in the impact fee for the new use as compared to the existing use land development activity. If a subsequent change in the nature of an existing use land development activity, or a replacement of the existing use land development activity to be permitted generates additional traffic impact on the Public Facilities, then the new use land development activity shall pay impact fees only to the extent of the net increase in the impact of the use land development activity. The amount of the impact fee that is due as a result of the change in land use shall be paid prior as a condition of to the issuance of a certificate of occupancy for construction or remodeling. If the change of land use does not require the issuance of a building permit, or site plan approval, or a Certificate of Occupancy, then there shall be no requirement to pay an impact fee. The planning division shall calculate the impact fee due to a change in use. Under no circumstances will a refund of the impact fee be granted for change of use. Where portable buildings utilized for education have paid an impact fee at one site and such buildings are relocated to another site, no additional impact fees will be required for such relocation.

(c) Any land development activity, for which a complete application for a building permit has been submitted prior to the effective date of any impact fee increase, may pay impact fees for that land development activity at the rate in effect at the time a complete application for a building permit has been submitted, provided however, this provision shall apply only as long as such building permit remains valid.

Except for residential additions, which do not create an additional dwelling unit, de minimis impact modifications shall be limited to one per calendar year per parcel. The addition of a dwelling unit greater than (one thousand) 1,000 s.f.g.l.a. in size, to a parcel already occupied by a single-family residence, when not attached to such single-family residence by a habitable space, shall be considered as an additional dwelling unit subject to payment of a separate impact fee.

(f) ~~Education facilities. The board hereby finds that providing incentives for the creation of private educational facilities reduces the burden on public educational facilities, benefits the community as a whole and constitutes a valid public purpose. The board further finds that private educational facilities may provide fiscal benefits to the county in excess of the cost of the project's impact to the county's Major Road Network System. The board further finds that by operation of state law public educational facilities are~~

~~exempt from the payment of impact fees. Therefore, the board may, in its sole discretion, grant a partial or total rebate of all impact fees actually paid in cash on account of an impact generating land development activity when the original occupant of such development activity was a private educational facility from kindergarten through high school, upon letter application from the fee payer. To be considered for such rebate, an application for rebate must be filed with the county administrator within seven (7) years of the date of payment of such Fees, and the improvements must still be in use as a private educational facility as of the date of the application. ## SECTION 17. AMENDMENT OF SECTION 10-321 OF THE MARION COUNTY

**CODE.** Section 10-321 of the Marion County Code, entitled Findings, is hereby amended as follows:

### **Sec. 10-321. Findings.**

It is hereby ascertained, determined and declared:

(1) Development necessitated by the growth contemplated in the Marion County Comprehensive Plan and the Technical Study for Transportation Impact Fees will require Capital Improvements and additions to the Major Road Network System to accommodate the new development generated by such growth and maintain the standards of service provided by the Major Road Network System. Both existing development and development necessitated by the growth contemplated in the comprehensive plan will require improvements and additions to the Major Road Network System system to accommodate and maintain traffic at the level of service adopted by municipalities and the county.

(2) Future growth, as represented by Impact Generating Land Development Activity, should contribute to the cost of Capital Improvements and additions to the Major Road Network System required to accommodate traffic generated by such growth as contemplated in the comprehensive plan.

(3) The required Capital Improvements and additions to the Major Road Network System needed to accommodate existing traffic at the level of service adopted by municipalities and the county shall be financed by revenue sources of municipalities and the county other than transportation impact fees. The required Capital Improvements to the Major Road Network System needed to eliminate any deficiencies shall be financed by revenues other than Transportation Impact Fees.

(4) Implementation of a the Transportation Impact Fees structure, to require future impact generating land development activity to contribute the cost of required transportation capital improvements and additions, is an integral and vital element of the regulatory plan of growth management incorporated in the comprehensive plan of the county.

(5) There is a rational nexus between future growth, as measured by Impact Generating Land Development Activity, and the need to expand the Major Road Network System through the acquisition and construction of new Buildings, equipment, Right-of-Way, Land, transportation improvements, and other Capital Improvements in order to maintain the standards of service currently provided by the Major Road Network System. The Transportation Impact Fees adopted herein for each Impact Fee Land

Use Category are proportional to impact expected to be generated by Impact Generating Land Development Activity.

(56) The Board expressly finds that Capital Improvements and additions to the Major Road Network System provide a benefit to all Impact Generating Land Development Activity within the county in excess of the Transportation Impact Fee and the collection of Transportation Impact Fees is ~~the a~~ major source of funding for the county five (5) year transportation improvement program. The Board has determined that ad valorem tax revenue and other revenues will not be sufficient to provide the Capital Improvements to the Major Road Network System that are necessary to accommodate new Impact Generating Land Development Activity within the County.

(7) The purpose of this Article is to require payment of Transportation Impact Fees by those who engage in Impact Generating Land Development Activity to provide for the cost of Capital Improvements to the Major Road Network System that are required to accommodate such growth. This Article shall not be construed to permit the collection of Transportation Impact Fees in excess of the amount reasonably anticipated to offset the demand on the Major Road Network System generated by such applicable Impact Generating Land Development Activity.

(68) In recognition that transportation planning is an evolving process, it is the intent of the Board that needed Capital Improvements to the Major Road Network System be identified and evaluated periodically to ensure ~~insure~~ Transportation Impact Fee revenues are allocated to provide benefits to new development as required by law. By periodically reevaluating Transportation Impact Fees and planned road improvements, the County can ensure ~~insure~~ fees are imposed equitably and lawfully and are utilized effectively based upon actual and anticipated growth needs at the time of their imposition. Therefore, the cost of reviewing, updating, and adjusting this division is necessary to ensure ~~insure~~ that Transportation Impact Fees are imposed and administered in accordance with applicable law.

(79) The County has a responsibility to provide and maintain all roads ~~o~~in the County Road System in Marion County and cooperates with cities and the State of Florida in the provision of non-County Roads in the Major Road Network System, including Collector and Arterial Roads within the City Street System and the State Highway System. ~~in both the unincorporated areas as well as the incorporated areas.~~ New Impact Generating Land Development Activity occurring both within unincorporated and incorporated areas has impacts upon the Major Road Network System and county road system and state highway system within Marion County. placing a fair share of the ~~burden of the~~ cost of providing the Capital Improvements and additions to the Major Road Network System required by Impact Generating Land Development Activity ~~within incorporated areas~~ constitutes a county purpose. In recognition of these findings, it is the intent of the Board to impose the Transportation Impact Fee on all Impact

Generating Land Development Activity occurring within the county, including areas within municipal boundaries.

(810) The technical study entitled "Marion County Transportation Impact Fee Update Study" dated ~~June 15, 2015~~February 28, 2025, prepared by ~~Tindale Oliver and Associates~~ Benesch, sets forth a reasonable methodology and analysis for the determination of the impact of new development on the needs for and costs of additional transportation Capital Improvements ~~facilities~~ in Marion County.

(11) The data set forth in the Technical Study which was employed in the calculation of the Transportation Impact Fee rates imposed herein is the most recent and localized data available for the Major Road Network System and was not more than 4 years old at the time of the updated Technical Study. The increased Transportation Impact Fee rates included herein were adopted within twelve (12) months of the initiation of the Technical Study.

(12) The Transportation Impact Fees collected by the County pursuant to this Article may be used to pay existing debt related to the construction of Capital Improvements or for previously approved Capital Improvements. The Board legislatively finds and determines that these Capital Improvements funded by the Transportation Impact Fees are proportional and have a rational nexus to the impacts generated by new development that contributes Transportation Impact Fees towards the funding of these facilities and that there is available capacity to serve those properties from the debt funded Infrastructure from previously approved projects.

If the County Administrator determines that there is no comparable type of land use on the above fee schedule, then the County Administrator shall determine the fee by:

(a) Using traffic generation statistics contained in the most recent edition of the Trip Generation Manual published by the Institute of Transportation Engineers or trip generation statistics supplied and certified by a registered state professional engineer;

(b) Using for average trip length the average trip length of all average trip lengths for the applicable land use type as set out in this article (i.e., residential, office and financial, industrial, recreational, institutional, retail) that were used in calculating the above fee schedule;

(dg) Any person undertaking an Impact Generating Land Development Activity ~~land development activity subject to impact fee payment~~ who is in doubt as to the type or amount of any Impact Fees due may request, in writing, a nonbinding statement of Impact Fees due for the Impact Generating Land Development Activity ~~land development activity~~ from the County Administrator ~~or his designee~~, who shall expeditiously respond, in writing, to the request. *Off-site Road Improvement* means a Road improvement, which meets the definition of a Capital Improvement, located outside the boundaries of the parcel proposed for development, which is required to serve the development's external trips on the Major Road Network System. Off-site road improvements do not include Site-related Road Improvements.

*Right-of-Way* means land in which the state, the department of transportation, a county, or a municipality owns the fee or has an easement devoted to or required for use as a transportation facility.

*Road* shall include highways, streets, sidewalks, bike lanes or paths, alleys, multi-modal facilities associated with road capacity only, and other ways open to travel by the public, including the roadbed, right-of-way, and all culverts, drains, sluices, ditches, water storage areas, drainage retention areas, waterways, embankments, slopes, retaining walls, and bridges necessary for the maintenance of travel.

*Road Construction District* shall have the meaning ascribed to it in Section 10-325 of this Article.

**AN ORDINANCE OF MARION COUNTY, FLORIDA, RELATING TO THE ENHANCEMENT OF AFFORDABLE HOUSING OPPORTUNITIES; AMENDING CHAPTER 2, ARTICLE IX, SECTION 2-283 OF THE MARION COUNTY CODE OF ORDINANCES TO PROVIDE ALTERNATIVE STANDARDS AND PROCEDURES FOR DISPOSITION OF SURPLUS REAL PROPERTY; CREATING SECTION 2-284 PROVIDING FOR ALTERNATIVE STANDARDS AND PROCEDURES FOR DISPOSITION OF SURPLUS REAL PROPERTY SUITABLE FOR AFFORDABLE HOUSING; CREATING A LOCAL PREFERENCE; PROVIDING FOR DEPOSIT OF PROCEEDS FROM ALL SURPLUS REAL PROPERTY SALES INTO THE AFFORDABLE HOUSING TRUST FUND, UNLESS OTHERWISE DESIGNATED BY THE BOARD; PROVIDING FOR SEVERABILITY; PROVIDING FOR INCLUSION IN CODE; PROVIDING AN EFFECTIVE DATE.**

**WHEREAS**, the Board of County Commissioners of Marion County, Florida ("Board") previously adopted Ordinance No. 98-11 establishing a local affordable housing assistance program and trust fund to provide for the housing needs of its citizens; and

**WHEREAS**, the Board, then adopted Ordinance No. 01-18, to provide for alternative standards and procedures for the disposition of Marion County real property declared as surplus, to be disposed of in a manner that is in the best interest of, and results in the greatest benefit to, Marion County pursuant to Section 125.35(3), Florida Statutes; and

**WHEREAS**, Marion County owns, or may come into the possession of, certain real property which the Board of County Commissioners may determine and declare to be surplus suitable for affordable housing in the best interest of the County; and

**WHEREAS**, in order to provide Marion County with the flexibility and discretion needed to ensure permanent affordable housing for its residents, adopts standards and procedures and best practices for the disposition of surplus real property deemed suitable for affordable housing, pursuant to Section 125.379 (3), Florida Statutes, to include: sales with affordable housing restrictions under competitive bid, long-term ground leases and donations to non-profit housing organizations; and

**WHEREAS**, the Board, seeking to provide the maximum opportunity for increased participation of local developers in the county's bid process, in order to ensure permanent affordable housing in the County, declares a local preference for the highest competitive bidder respecting surplus properties deemed suitable for affordable housing and offered for sale or long-term lease; and

**WHEREAS**, the Board determines that the promotion of the health, safety and welfare of the citizens of Marion County will be best served by declaring that the proceeds from all surplus

property sales in Marion County be deposited into the Affordable Housing Trust Fund, unless otherwise designated by the Board of County Commissioners, and

**NOW THEREFORE, BE IT ORDAINED**, by the Board of County Commissioners of Marion County, Florida, as follows:

**SECTION 1.** Section 2-283 and 2-284 Amendments. Per section 1-6.3 – Amendments to Code; effect of new ordinance; amendatory language, of the Marion County Code, Chapter 2 of the Marion County Code, Administration, Article IX, Surplus Real Property Disposition, Section 2-283, Standards and procedures for disposition of surplus real property, and new Section 2-284, is hereby amended to read as follows (additions are shown in underline text and deletions are shown in strikeout text):

**Sec. 2-283. – Standards and procedures for disposition of surplus real property not suitable for Affordable Housing.**

- a. Interested persons may acquire surplus real property not suitable for affordable housing by making written application to the county administrator and following the procedures set forth herein.
- b. Prior to the board offering any parcel of land, with an assessed value as determined by the most recent tax roll in excess of five thousand dollars (\$5,000.00), for sale, the board shall establish a minimum acceptable bid amount for the parcel.
- c. Upon determination by the board to accept bids for a surplus parcel or parcels, the board shall cause to be published in a newspaper of general circulation published in the county, a notice of intent to consider disposition of county property once a week for at least two (2) consecutive weeks. Such surplus lands and any terms or conditions established by the board, shall be described in the notice. The notice shall include a provision notifying the public of the means of obtaining copies of the standards and procedures for disposition. The bid package shall constitute the standards upon which disposition will be determined.
- d. In addition to the published notice described above, the board may authorize the advertisement of surplus parcels by the county, or a private professional service provider, through the utilization of additional means of notification, including, but not limited to, newspapers, periodicals, publications, on-site signs, and other media sources. The board may authorize the use of the services of private professional service providers to assist in the marketing and disposition of parcels declared as surplus by the board. If the board utilizes private professional service providers, the selection of such service providers and contracts to provide said services, shall be accomplished and completed in accordance with established Marion County purchasing procedures and applicable county ordinances and state statutes. For the purposes of this article private professional service providers shall include real estate brokers, real estate agents, and attorneys.
- e. In all cases, the board reserves the right to reject any and all bids and cancel the bid as they may deem in the best interest of the county. The board may require a deposit to be made or a bid bond to be given, in such form or in such amount as the board determines, with each bid submitted.

- f. Prior to final action approving the disposition of such parcel or parcels, the board shall cause to be published once a week for at least two (2) consecutive weeks, in a newspaper of general circulation published in the county, notice of the board's intent to consider final action on the disposition of a surplus parcel or parcels. The notice shall include the description of the parcel, the proposed purchase price, the date and the time of the regular meeting of the board at which final action will be considered on the proposed disposition. Said notice shall include a provision that interested persons may object either in person at said regular meeting, or by submitting written objections prior to said regular meeting. The board shall, on the date and time as established in the notice, consider all objections and, by majority vote, either approve or reject the proposed disposition.
- g. In the event the board does not receive a bid or bids meeting the minimum acceptable bid amount; or in the event the bid or bids received do not comply with other terms and conditions set forth in the notice; or in the event the board in its discretion rejects all bids because they are not in the county's interest, the board may authorize proceeding with the following disposition standards and procedures:
  - 1. Upon direction by the board to Marion County staff or a private professional service provider, the surplus parcels shall continue to be marketed by appropriate methods as necessary to provide for broad dissemination of the availability of the surplus parcel for purchase, for such period of time as directed by the board.
  - 2. During the period of time directed by the board to market the surplus parcels, the county staff or private professional service provider shall bring to the board, at a regularly scheduled meeting of the board, all offers to purchase a surplus parcel which meet or exceed the established minimum acceptable bid amount. The board may consider offers which include conditions or options which are proposed or agreed to by the proposed purchaser. Upon consideration by the board of the offer, the board shall either reject the offer or direct that a proposed agreement for sale and purchase be prepared, with or without changes to the proposed purchase price and conditions or options. The proposed purchaser shall within fifteen (15) days of receipt of the proposed sale and purchase agreement prepared at the board's direction, either reject, execute or propose a modification to the proposed sale and purchase agreement. If a modification is offered by the proposed purchaser, the modified sale and purchase agreement shall be brought to the board at the next regularly scheduled meeting and the provisions of this paragraph may, at the option of the board, be repeated.
  - 3. During the period of time directed by the board to market the surplus parcels, the county staff or private professional service provider shall provide to the board notice of all offers to purchase a surplus parcel which do not meet the established minimum acceptable bid amount, including any conditions or options. Upon review of the offer, the board may, at a regularly scheduled meeting of the board, direct that a proposed agreement for sale and purchase be prepared, with or without changes to the proposed purchase price and conditions or options. The proposed purchaser shall within fifteen (15) days of receipt of the proposed sale and purchase agreement prepared at the board's direction, either reject, execute or propose a

modification to the proposed sale and purchase agreement. If a modification is offered by the proposed purchaser, the modified sale and purchase agreement shall be brought to the board at the next regularly scheduled meeting and the provisions of this paragraph may, at the option of the board, be repeated.

4. The procedures as outlined above, may be repeated throughout the period of time as established by the board for the marketing of a surplus parcel.
5. Prior to final action approving the disposition of such parcel or parcels, the board shall cause to be published once a week for at least two (2) consecutive weeks, in a newspaper of general circulation published in the county, the board's intent to consider final action on the disposition of a surplus parcel or parcels. The notice shall include the description of the parcel, the proposed purchase price, the date and the time of the regular meeting of the board at which final action will be considered on the proposed disposition. Said notice shall include a provision that interested persons may object either in person at said regular meeting, or by submitting written objections prior to said regular meeting. The board shall, on the date and time as established in the notice, consider all objections and, by majority vote, either approve or reject the proposed disposition.
6. Proceeds from surplus property sales deemed not suitable for affordable housing are to be deposited into the Affordable Housing Trust Fund, as established by Ordinance 98-11 and codified in Chapter 9.3, Article III, Sec. 9.3-44, Marion County Code of Ordinances, to be used to purchase land for development of affordable housing or to increase the Trust Fund for affordable housing projects, in furtherance of the Affordable Housing Program, with the exception of properties that were purchased by the County with restricted funds, or unless otherwise designated by the Board of County Commissioners.

**Sec. 2-284. – Standards and procedures for disposition of surplus real property suitable for Affordable Housing.**

- a. In order to provide the County with the flexibility and discretion needed to ensure permanent affordable housing for its residents, the following standards and procedures are adopted as best practices for the disposition of surplus real property deemed suitable for affordable housing, pursuant to Section 125.379 (3), Florida Statutes, to include: sales with affordable housing restrictions under competitive bid and local preference for increased local developer participation, long-term ground leases and donations to non-profit housing organizations. Community Services shall evaluate each surplus property suitable for affordable housing and determine the most favorable disposition process in conformance with applicable laws and the best interests of the County and its residents.
- b. Interested persons may acquire or lease surplus real property deemed suitable for affordable housing and offered for sale or long-term lease, by making written application to the county administrator pursuant to Section 2-283 and following the additional procedures set forth herein.

- c. Once a local developer application has been approved by the community services department, the developer will be included in a database of affordable housing local developers. Community Services will be required to notify any matching local developers on the database of any surplus parcels open to written bids. Applications will be renewed bi-annually by local developers to verify that all requirements as stated in the definition of local developer are met.
- d. All surplus property sales requiring the receipt of competitive bids under this section shall be upon invitation for competitive bids. Invitations for bids shall be issued and shall include bid specifications, bid evaluation criteria, and all principal terms and conditions applicable to the sale. The bid evaluation criteria that will affect the bid price and/or be considered in evaluation for the award shall conform to Section 2-283.
- e. If a high bid is received by a responsive responsible bidder who is not a local developer, and the second highest bidder is a local developer submitting a responsive responsible bid within ten (10) percent of the high bid, both the high bidder and the second high bidder will have the opportunity to present a best and final offer (bid off). The high bidder and the second high bidder will be notified by email of the opportunity to present a best and final offer. The notice will be sent to the email listed in the solicitation response form. The best and final offer will be submitted in a sealed envelope by a date and time set forth by the Community Services department. The highest responsive, responsible bidder of the best and final offer (bid off) will be recommended for award of the bid. Developers shall affirm in writing their compliance as a local developer at the time of submitting their bid or proposal. A developer who knowingly misrepresents the local developer status of its firm in a proposal or bid will lose the privilege to claim local developer status for a period of one year. The Community Services director, at his/her discretion, may also recommend that the firm be referred for debarment in accordance with the Marion County Code of Ordinances.
- f. In cases of tie bids (monetary as well as all award criteria identified) of two (2) or more responsible and responsive bidders subject to such award, the award shall be made to the bidder doing business from a location within the county. If there is more than one bidder so situated, the award shall be made based on a coin toss by the county administrator or his/her designee before at least three (3) witnesses.
- g. In the event that the highest responsible and responsive bidder defaults on the contract awarded through the competitive sealed bid process, the Board of County Commissioners may award the contract to the next highest responsible and responsive bidder. When awarding a contract to the next highest bidder due to default of the highest bidder, the board of county commissioners shall reserve the right to seize the bid bond of the highest bidder for failure to faithfully perform under the terms of the bid specifications.
- h. When bonding is required, bonding requirements shall be stated in the bid documents as provided in Section 2-283.
- i. Proceeds from surplus property sales deemed suitable for affordable housing are to be deposited into the Affordable Housing Trust Fund, as established by Ordinance 98-11 and

codified in Chapter 9.3, Article III, Sec. 9.3-44, Marion County Code of Ordinances, to be used to purchase land for development of affordable housing or to increase the Trust Fund for affordable housing projects, in furtherance of the Affordable Housing Program, with the exception of properties that were purchased by the County with restricted funds, or unless otherwise designated by the Board of County Commissioners.

**SECTION 2. REPEAL OF ORDINANCES.** All ordinances, or parts of ordinances, in conflict with this ordinance are to the extent of such conflict hereby repealed.

**SECTION 3. SEVERABILITY.** It is declared to be the intent of the Marion County Board of County Commissioners that if any section, subsection, sentence, clause, phrase, or provision of this Ordinance is held invalid or unconstitutional, such invalidity or unconstitutionality shall not be construed as to render invalid or unconstitutional the remaining provisions of the Ordinance.

**SECTION 4. INCLUSION IN CODE.** It is the intention of the Board of County Commissioners of Marion County, Florida, and it is hereby provided that the provisions of this ordinance shall become and be made a part of the Code of Marion County, Florida, that the sections of this ordinance may be renumbered or relettered to accomplish such intention; and that the word "ordinance" may be changed to "section", "article" or other appropriate designation.
