Dear Ms. Nazaire and Ms. Harris,

St. Johns River Water Management District (District) staff have reviewed Marion County proposed comprehensive plan amendment 26-01ER in accordance with the provisions of Chapter 163, Florida Statutes (F.S.). District staff review, as outlined in Florida Statutes, focused on flood protection and floodplain management, wetlands and other surface waters, and regional water supply. Based upon review of the submitted materials, District staff have no comments on the amendment, but provide the following technical assistance related to regional water supply.

**Technical Assistance**

1. Adoption method of 2023-2033 Water Supply Work Plan (WSWP): The Data Inventory Analysis (i.e., Attachment B, pages B43 and B78) indicates that the County completed its 2023-2033 WSWP in March 2024. Section 163.3177(6)(c)4, F.S., requires the 2023-2033 WSWP to be adopted. In order to accomplish this, the District recommends the County include a new or revised policy with the adopted amendment that adopts by reference the 2023-2033 WSWP. Section 163.3177(1)(b), F.S., provides guidance on adopting documents by reference into the comprehensive plan. Below is an example policy that adopts the 2023-2033 WSWP by reference.

New Potable Water Element Policy 1.1.9:

“Policy 1.1.9: The Marion County Water Supply Work Plan (2023-2033) prepared by Kimley Horn, March 2024, is adopted by reference and incorporated into the comprehensive plan.”

2. Adopted amendment's support materials: In addition to item 1 above, the District recommends the County include a copy of the respective 2023-2033 WSWP in the adopted amendment's support materials.

If you have any questions or need additional information, please contact me.

Sincerely,  
Steve Fitzgibbons
