Subject: Pinecastle Airspace Briefing

Christopher,
Greetings from NAS Jacksonville!

I have recently travelled down to Lake County and Putnam Counties to brief their Planning Boards on Pinecastle Operations and Airspace. I was then asked to provide the same briefing to the Lake County BOCC. This was in support of both counties updating their Comp Plan to ensure that Pinecastle information is current and accurate.

Would Marion County like a similar presentation? We tailor the presentation to your county and include an overview of the range complex and the Navy's recommendations on development due to the different Range Compatibility Zones. The entire presentation is approximately 15 minutes plus any time to answer questions.

We conclude the briefing with an invitation to the audience to visit Pinecastle Range Operations Center to see how the range operates.

For the Planning Board, I will bring the Range Director to speak to the range. For presentations to the BOCC, I will bring the Commanding Officer of the Pinecastle Range to speak to the importance of Pinecastle Range to the training of our military forces.

Please let me know if this is something you would like to schedule.

Very respectfully,
Mark

Mark McManus
