Special Use Permit (Conceptual Plan)

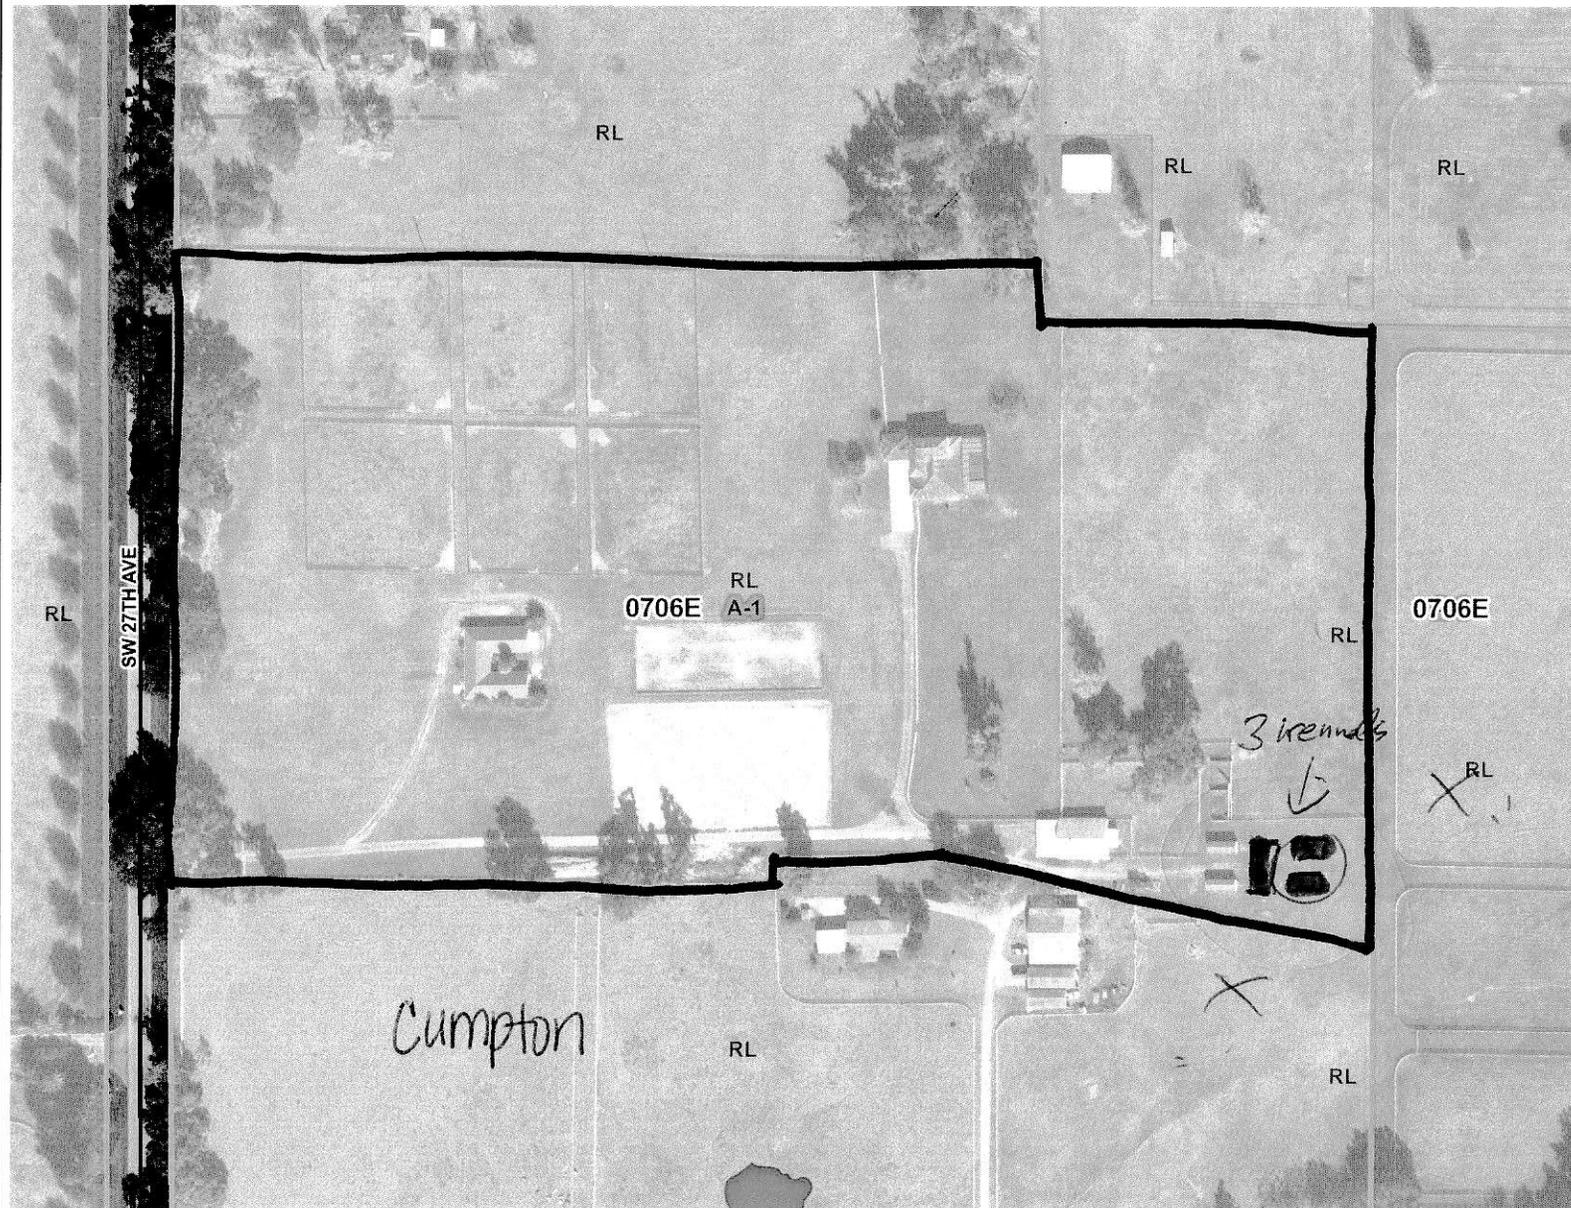

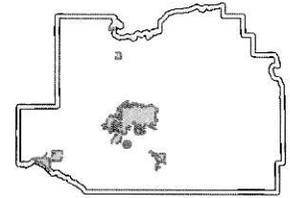

My business is K-9 Specialists, where our operations including breeding German Shepherds (GSD), providing already trained GSDs and training other people's dogs. I have 20 acres property in SW Ocala, surrounded by other large farms. I picked specifically this location and city of Ocala to grow my business. This location allow me to better care for our dogs and provide the best services to people. I'm using portion of my private property for the dog kennels and training field. I'm transforming 5 shipping containers into dog kennels. Each container/kennel will have water, electricity, and outside fencing as dog runs. They are positioned on South East corner of my property with no other buildings at least 100 yards away. (see map for more details). The containers/kennel will meet the Marion County Accessory Structures codes and permits.

My Operation can change any day, One day I have 4 dogs on the property and one day I could have 10 dogs. My capacity of kennels is designed for 19 dogs and two breeding centers for puppies. That said, so far the most dogs I had in one day was 12 and usually I have between 2-8 dogs in the business as training dogs or our dogs. This is a family business and we take care of our dogs. I do have a volunteer time to time interesting in helping with puppies or learn more about dog training.

Our traffic for the business is very light and I would say maybe 10-15 people will come monthly. The access is from the 27th Ave (Shady Road) and they enter our private property through our gate, which we must let them in. No people can access our property without our knowledge. They drive through our paved driveway to the southeast corner of the property where our kennels are. We have plenty of parking spaces there. We provide our services and people leave.

The whole idea is to operate this family business on the property where we live as we can monitor all the dogs 24/7 and of course the convenience of having my business close by. Therefore, I'm hoping that you will issue a special purpose permit for my property. Please let me know if you need anything else.

Thank you,
Libor Zavalsky

Special Use (Written Finding & facts)

- 1. Access to business will be off 27th Ave through our private property gate. We have plenty space up to 4 cars to fit between the gate and the main road the 27th Ave (Shady Road).**
- 2. We have plenty parking areas on our 20 acres farm.**
- 3. Waste removal is done by ourselves. We will have multiple buckets around kennels with trash bags to collect the dogs waste and we will collect the bags in a bigger trash container. We are going to the nearest Baseline Landfill and Transfer Facility to deposit our trash as needed, usually once or twice a week. We are not expecting much of a waste problem as we have generally 4-10 dogs.**
- 4. Our power company is city of Ocala.**
- 5. Property in front of our kennels will be landscaped with grass. In back there will be dog fencing with canopy roof for shade.**
- 6. Business sign will be out front as per code. Motion lights will be placed around kennels. The sides of the kennels will meet code setbacks.**
- 7. As well as setbacks, will be in compliance with local codes and ordinances.**
- 8. Note: the properties surrounding us are large farms and we are not anticipating any distractions to the public. Our south side neighbor is a 90 acres sanctuary with more than 100 animals.**
- 9. Yes, we would be willing to meet any special conditions necessary to get this special use permit.**
