Please note: The Special Use Permit will not become effective until after a final decision is made by the Marion County Board of County Commissioners. The owner, applicant or agent must be present at the public hearing to represent this application. If no representative is present and the board requires additional information, the request may be postponed or denied. Notice of said hearing will be mailed to the above-listed address(es). All information given by the applicant or agent must be correct and legible to be processed. The filing fee is non-refundable.
 For more information, please contact the Zoning Division at 352-438-2675.

SPECIAL USE – WRITTEN FINDINGS & FACTS

Marion County

Property Owner/Applicant: Andres Hernandez Gladisleidys Gonzalez

Property Address: 13516 sw 80th st Dunnellon Fl 34432

Parcel ID:3490-059-007

Zoning Classification: R-1

Request: Special Use approval for the personal keeping of two (2) horses

I. Description of the Request

The applicant is requesting Special Use approval to keep **two (2) horses** on the subject property. The horses are maintained **solely for personal, non-commercial family use**. No boarding, breeding, training, lessons, or public access will occur on the property.

II. Findings of Fact

1. Compliance with R-1 Zoning Lot Area Requirements

Under R-1 zoning requirements, a minimum of approximately **9,000 square feet (0.21 acres)** is required for one horse, with an additional **6,000 square feet** required for a second horse.

The subject property meets and exceeds these minimum land area requirements, allowing for the keeping of two (2) horses in compliance with zoning standards.

2. Personal and Family Use Only

The horses are owned and maintained exclusively by the applicant and family for private use. There is no commercial activity associated with the horses, including boarding, therapy services for the public, or income-producing uses.

3. Therapeutic Benefit for Children with Special Needs

The applicant has **two children with special needs**, and the horses provide significant **therapeutic, emotional, and developmental benefits** as part of the family's daily routine. This use is private, informal, and non-commercial and supports the health and well-being of the children.

4. Adequate Facilities and Animal Care

The property is equipped with **secure fencing** appropriate for horses. The horses have **permanent access to clean water and adequate food** at all times, ensuring proper care and humane treatment.

5. Compatibility with the Neighborhood

The proposed use is compatible with the rural/residential character of the surrounding area. The limited number of horses will not alter neighborhood conditions or conflict with adjacent land uses.

6. Minimal Impact on Adjacent Properties

The keeping of two horses will not generate excessive noise, traffic, odors, or visual

impacts. Manure management and general upkeep will be maintained to prevent nuisance conditions.

7. **No Impact on Public Services or Infrastructure**

The proposed use will not increase traffic, require additional parking, or place additional demand on public utilities or emergency services beyond normal residential use.

8. **Public Health, Safety, and Welfare**

Proper fencing, animal care, and property maintenance will ensure the safety of the animals, residents, and neighboring properties in compliance with Marion County regulations.

9. **Environmental Considerations**

Due to the limited number of horses and proper property management, the proposed use will not negatively impact drainage, water quality, or surrounding natural resources.

III. Findings Related to Public Interest

1. The proposed Special Use **will not adversely affect the public interest.**
 2. The request represents a reasonable, low-intensity residential use consistent with R-1 zoning standards.
 3. The use supports family well-being, including therapeutic benefits for children with special needs, while remaining fully compatible with surrounding properties and Marion County land use goals.
 4. As well as setbacks, will be in compliance with local codes and
 5. ordinances.
 6. Yes, we would be willing to meet any special conditions necessary to get this special use permit.
-

Special Use Permit (Written Findings & Facts)

1. Access to the proposed equestrian use will be provided from **SW 140th Avenue**, with a right turn onto **SW 80th Street**. A non-paved access drive will lead directly to the residence located at **13516**, situated on the right side of the roadway. A grassed drive aisle will run along one side of the building to provide access to the rear yard for equestrian activities, including the movement and riding of horses, in a safe, controlled, and orderly manner.
2. No dedicated parking is proposed for the equestrian area, as the use is limited to **personal, non-commercial use** within the residential yard and for **therapeutic purposes for the applicant's children**.
3. The entire area designated for the horses consists of **natural grass coverage**, with limited areas of **sand resulting from the original house foundation**, providing a suitable surface for the intended use. The horses have water and food permanently.
4. Electricity service is provided by Duke Energy. A new well and septic system have been installed that comply with all county and state health and environmental regulations.
5. Solid waste management is handled by the property owners. Refuse is collected on-site and transported weekly to the **Waste Pro facility in Ocala** for proper disposal. A trailer is located at the rear of the property and positioned to minimize visibility from adjacent properties and the public right-of-way.
6. The area designated for the horses will be **fully enclosed by fencing** measuring approximately **164.79 feet in length** and **170.17 feet in width**. Access to the enclosure will be provided by **two gates**, one approximately **18 feet wide** and a second approximately **4 feet wide**. Existing **mature trees on the property provide effective visual screening**, preventing visibility of the horses from the public roadway and ensuring compatibility with adjacent and nearby properties.
7. A single sign will be installed at the entrance to the property indicating the presence of security cameras. No additional signage is proposed. Motion-activated security lighting will be installed around the property. All sides of the horse enclosure will comply with the **minimum required setbacks** and all **applicable zoning and land development regulations**.
8. The proposed keeping of two horses is **compatible with the size and character of the property** 0.21 ACRES (10,000 SQFT) for 1 horse and an extra 6,000 soft for a 2nd horse and has been reviewed with, and is fully accepted by, adjacent neighbors. The property a few street to the south is a **vacant lot zoned A-1** located at **SW 91st Place, Dunnellon, Florida 34432** and **SW 93rd Place, Dunnellon, Florida 34432**. Additionally, within approximately **two miles**, properties along **SW 129th Terrace Road** currently maintain horses, demonstrating that equestrian use is consistent with the surrounding area.
9. The applicant agrees to comply with all applicable **local codes, ordinances, and development standards**, including any reasonable conditions imposed as part of the Special Use Permit approval. The applicant is willing to meet any special conditions necessary to ensure compatibility and compliance.
