

Petition for Family Dollar Store

PLEASE SUBMIT AND READ INTO THE RECORDS!

We the undersigned residents and in most cases, tax payers and registered voters do hereby request that the Planning and Zoning Commission and the Board of County Commissioners pass the request of the Family Dollar Store to construct a business on County Road 314, in Salt Springs.

Salt Springs is a rural community which could certainly use another business for the convenience of our population, not only will it provide jobs in the area but will add value to the tax rolls of Marion County.
