Description of Request

Please find attached supporting documentation for a request to develop a contract/agreement between Marion County Fire Rescue and Florida State Fire College for the use of utilities to supply our new fire station #11 that is being build on donated property on the fire college grounds. The estimated monthly use has been calculated by Mike Bates of Facility Management at \$450/month, email attached. The water usage report by Davis Dinkins is also attached. Davis is supposed to supply Marion County with a percentage of usage so that if repairs are needed at the fire college, Marion County can contribute the defined percentage towards the repairs/maintenance. If you have questions, please direct them to myself, Jared Goodspeed, and Mike Bates so that we may promptly provide you with an answer. A sample utilities agreement was provided by utilities to facilities for this project. We may want to consider adding their leadership to any questions that may arise. Thank you
