INCIDENT REPORT

Memo**07/28/2025**

07/28/25 08:44 VM. Isabella originally advised that she wanted to report a theft of her dog "Star". I advised Isabella that if it were a theft case, that Marion County Sheriff's Office would be the one to generate the case. Isabella stated that she had recently moved to North Carolina and had previously worked for K9-Specialists until January 2025. Isabella advised that she had purchased "Star" a Belgian Malinois and trained her to be a dog for persons with psychiatric issues while she was employed at K9-Specialist. Isabella sold "Star" to a person (Tim Gregory) in Texas. For unknown reasons, "Star" was returned to K9-Specialist and per the contract "Star" was supposed to be returned back to Isabella. Isabella advised the owner of K9-Specialist, Libor Zavalsky, listed "Star" online for sale. Isabella advised that it was a breach of contract and I advised Isabella that she would have to handle that matter in civil court, in which Isabella advised she understood.

Isabella advised that there were other issues with K9-Specialists to include Libor not properly taking care of the animals in his care and possibly abusing them. Isabella stated that an entire litter of puppies died from Parvo due to Libor not medically treating the dogs. Isabella also stated that Libor's kennel license had been revoked August 2024. Isabella stated that she was concerned for the well-being of "Star" due to the possible negligence.

I was unable to find K9-Specialist on sunbiz.org, but I was able to find STZ Group, LLC, with a "Voluntary Dissolution" event on 02/12/24 under Libor Zavalsky's name.

07/28/25 11:15DL>Isabella Parker, 423-767-6550, sold her dog, "Star" in September of 2024, to Timothy Gregory, 970-672-2554, who in return gave her back to K9 Specialist. Ms. Parker stated that K9 Specialist gave the previous animal owner a different dog from their Kennel, is now selling "Star" for over \$13,000 and will not return her to her per her contract. Ms. Parker was advised that this would be a civil matter but Animal Control will be able to look into the matter of K9 Specialist selling dogs when they no longer operate under a business license. An email was sent to Officer Beardsley to be updated.

Copied from case A21-116504 - 03/22/24 12:10 SO - SUP was revoked at BCC Hearing. Owner is no longer allowed to operate business kennel. Case closed. (S.Owens)

07/30/2025

07/30/25 16:41 SB I, ACO Beardsley have been communicating with the caller who has a civil matter with the owners due to breach of contract but has no legal documentation. She is pursuing that issue with legal. However she is concerned for the dogs on property and would like a wellness check on all dogs as litters of puppies have died due to parvo. They were denied a Kennel license with the county and they are still breeding and selling puppies out of the ocala property and Georgia. She sent over text messages. I did discuss case with ACI Walker and legal Dana. Dana will follow up with me with further information.

08/05/2025

08/05/25 14:32 VM. Libor Zavalsky, 720-320-4760, called to speak to Officer Del Rio. I contacted Officer Del Rio and he advised I could transfer the call in which I did.

08/05/25 13:22 ED-I ACO DEL RIO arrived at the address of 82201 SW 27th AVE in reference to a Cruelty Investigation

Upon my arrival, I attempted to make contact via phone with Libor Zavalsky (423-767-6550) but received no response. I left a voicemail. While on site, I observed a K9 Specialist van with two individuals inside. They saw my marked truck; I attempted to get their attention by honking, but they proceeded through the gate, which then closed behind them. I posted a door hanger at the residence and departed the area.

08/05/25 14:34 ED- I ACO DEL RIO I received a transfer call from Dispatch advising that Libor Zavalsky (720-320-4760) was calling in regarding the notice left at his residence. I explained the reason for the visit and the nature of the complaint made to the department.

Mr. Zavalsky advised that he is currently heading out of town and will not be available to meet until next week. He requested that we contact him next week to schedule a time for MCAS to meet with him.

I thanked him for his time, and the call was concluded.

INCIDENT REPORT

09/05/2025

09-05-25 SB I, ACO Beardsley arrived at the animal owners location where a black K-9 jeep was exiting the property with a male subject and a female subject. I asked if the owner of the property Mr. Libor was home and they were unsure. I left a notice for contact on the front gate. After departing I spoke to the caller again Mrs. Parker who provided me multiple screen shots of Instagram of the K-9 Specialist are actively selling, boarding, training, breeding for revenue on the Sw property as they were denied a kennel license. I could see in times/dates are on the Ocala property. And the two subjects I met at the gate are the subjects in the photos.

Per Mrs. Parker Mr. Libor will ignore Animal Services. I attempted to call the owner of the facility Mr. Libor however I received no response.

09/06/2025

09/06/25 10:34 SB I, ACO Beardsley left a text message for the owner/facility Mr. Libor again as I received no response.

09/08/2025

09/08/25 15:05 VM. Libor Zavalsky, 720-320-4760, called to advise he had received a notice posted on his property. I contacted Officer Beardsley who advised she would call him back. Email sent to Officer Beardsley.

09/08/25 15:53 SB I, ACO Beardsley received a call back from the animal owner Libor Zavalsky, 720-320-4760 and explained the nature of the call. After speaking with him and advising about the breeding, boarding, training, selling off SW property I explained that we have received several pieces of information from several sources of him collecting revenue by doing all of the above after he was denied from MCBCC a kennel license. He can not do any of the following even if he starts the process at his Georgia home and finishes the deal here as he will still be in violation. He wants to comply he stated and wants to reapply. I will meet with him on Wednesday after 11 am.

INCIDENT REPORT**09/11/2025**

09-11-25 11:59 SB I, ACO Beardsley met with animal owner/buisness owner Mr. Zavalisky like discussed. He welcomed me into his property where he showed me all his personal dogs. He is still training, bording, breeding and selling. He is continuing this on both properties in Georgia and Ocala. I explained he cant as he was denied through the MCBCC the kennel licensing. He can reapply in November 2025 with Growth Services I explained. But till then he needs to comply with the county ordiances. To which he understood. He and his assiant Molly Solc showed me his personal dogs and kennel areas.

I took pictures of the property which was quiet and clean.

A few pets may experience mild lethargy, sickness, & slight fever. They also may develop a lump at the site of vaccination (which can improve over time in a few weeks). Some pets develop severe lethargy, painful abdomen, hives, facial swelling, or difficulty in breathing or walking. To help with these symptoms you may give Benadryl at the dose of 1mg per lb of body weight. If symptoms persist, please call the hospital or ER immediately if symptoms persist. Adult heartworms live in the heart and blood vessels of the lungs & causes serious disease. They are transmitted by mosquito bites from one dog to another. All pets need to stay on a monthly preventative year round. Heartworm disease is much easier to prevent than to treat.
