

# DASH CAMERAS INITIATIVE

JANUARY 26, 2026

1

## Common Advantages (The “Why?”)

### Common Advantages:

- Clearer incident evidence
- Faster claims resolution
- Fraud deterrence
- Driver coaching & training
- Improved safety culture
- Better context for near-misses
- Security in the cab
- Operational insights (Speed, braking, GPS)

2

## Liability and Risk Reduction

### Consider heavy vehicles

- Solid Waste and OCE Trucks

### Consider high usage vehicles

- Emergency Vehicles

## Operational Efficiency

**Routing** – Solid Waste Trucks, Building Inspectors, etc.

**Telematics** - monitor and manage vehicles and assets by collecting and transmitting data like location, speed, and engine diagnostics

## DEPLOYMENT

Develop Administrative Policy:

- Criteria to qualify based on Liability and Risk reduction
- Criteria to qualify based on Operational Efficiency
- Secure Vendor and System
