23.1 Any employee may request that the Fire Chief grant up to twelve (12) workweeks of unpaid Family and Medical Leave Act (FMLA) leave during any rolling twelve-month period, measured backward from the date leave is requested, if the employee has worked for the County for at least twelve months (52 weeks) and has worked at least 1,250 hours during the twelve-month period immediately before the date when the leave would begin. The twelve months of employment need not be consecutive months unless there is a break in service of more than seven (7) years. For eligibility purposes, an employee will be considered to have been employed for an entire week even if the employee was on the payroll for only part of a week, or if the employee is on leave during the week.

All eligible employees are also entitled to a total of twenty six (26) weeks of military caregiver leave during a single twelve (12) month period. The single twelve (12) month period is measured forward from the date an employee's leave to care for the covered service member begins.

23.2 FMLA leave is available to eligible employees for the following reasons:

- A. because of the birth of a child and to care for the newborn child, or for placement of a child with the employee for adoption or foster care; or
- B. to care for the serious health condition of an immediate family member defined as the employee's spouse, child under 18 years old, child 18 years old or older who is incapable of self-care because of mental or physical disability, or the employee's parent (not parent-in-law); or
- C. because of the employee's serious health condition which makes the employee unable to perform the functions of his or her job; or

- E. the spouse, son, daughter, parent or next of kin of a covered service member with a serious illness or injury.

Employee's total leave entitlement is limited to a combined total of twenty six (26) weeks for all qualifying reasons under FMLA and caregiver military leave.

23.3 For the purpose of this Article, serious health condition means an illness, injury, impairment, or physical or mental condition that involves any of the following:

- A. an overnight stay for inpatient treatment in a hospital, hospice or residential medical care facility; or

- B. a period of incapacity requiring absence from work, school or other regular daily activities of more than three (3) calendar days and that also involves continuing treatment by or under the supervision of a health care provider; or
- C. continuing care by or under the supervision of a health care provider for:
 - 1. prenatal care; or
 - 2. a chronic or long-term health condition that is incurable or so serious that, if not treated, would result in a period of incapacity of more than three (3) calendar days.

23.4 For the purpose of this Article the following definitions will apply:

- A. Child – biological, adopted, or foster child; stepchild; legal ward; or child of a person standing in loco parentis who is under eighteen (18) years of age; or eighteen (18) years of age or older and incapable of self-care because of mental or physical disability.
- B. Health Care Provider – a doctor of medicine or osteopathy who is authorized to practice medicine or surgery by the State in which the doctor practices, physician assistant or other para-professional medical professional performing within the scope of their practice as defined under state law.
- C. Parent – the biological parent of an employee or an individual who stood in loco parentis to an employee when the employee was a child.
- D. Serious Health Condition – an illness, injury, impairment, or physical or mental condition that involves inpatient care at a hospital, hospice, or residential medical care facility, or continuing treatment by a health care provider.
- E. Continuing Treatment – treatment two or more times by a health care provider within a thirty (30) day period. For chronic conditions, such visits must take place at least twice a year.
- F. Qualifying Exigency – a non-medical activity that is directly related to the covered military member’s active duty or call to active duty status.
- G. Active Duty or Call to Active Duty – duty under a federal call or order (not a State call) in support of a contingency operation made only to members of the National Guard or Reserve components or a retired member of the Regular Armed Forces or Reserve.
- H. Covered Service Member – *current* member of the Regular Armed Forces, National Guard, or Reserve receiving medical treatment, recuperation or

therapy including those on the temporary disability retired list because of an injury or illness incurred in the line of active duty.

- 23.5 Any family and medical leave taken by an eligible employee will be counted against the employee's annual twelve workweek limitation or the annual twenty six workweek limitation if combined with military caregiver leave.
- 23.6 Spouses employed by the County are jointly entitled to a combined total of twelve workweeks of FMLA leave for:
- A. the birth of a child and to care for the newborn child; or
 - B. the placement of a child with the employee for adoption or foster care; or
 - C. care of a parent (but not a parent-in-law) who has a serious health condition.
- 23.7 FMLA leave for the birth of a child and to care for the newborn child, or for the placement of a child with the employee for adoption or foster care, must be concluded within twelve months of the birth or placement.
- 23.8 FMLA leave may be taken intermittently whenever it is medically necessary because of an employee's serious health condition or to care for an immediate family member with a serious health condition. FMLA leave may not be taken intermittently for the birth of a child or to care for the newborn child, or for the placement of a child with the employee for adoption or foster care, unless approved by the Human Resources Director or designee.
- 23.9 Employees who request intermittent FMLA leave due to planned medical treatment may be required, at the County's discretion, to transfer temporarily to an alternative position with equivalent pay and benefits which better accommodates recurring periods of leave than the employee's regular employment position.
- 23.10 Employees may substitute accrued paid leave (e.g., vacation, sick leave) for unpaid FMLA leave at the commencement of an FMLA leave of absence. Employees requesting military exigency leave may only substitute accrued annual leave.
- 23.11 Employees are required to complete a Leave Request Form to apply for FMLA leave. In the event that an employee is unavailable, the form can be completed by the employee's spouse, another family member, or any other responsible person. FMLA leave can only be used for the condition and/or family member originally documented.
- 23.12 Employees must provide at least thirty (30) days' advance notice before taking FMLA leave if the need for the leave is foreseeable. If the need is not foreseeable, or if thirty days' notice is not practicable, the employee must notify the County of the need for FMLA leave as soon as practicable. This means notifying the County within one or two working days of learning of the need for family and medical leave, except in extraordinary emergencies. Failure to give thirty days' advance notice for

a foreseeable FMLA leave, with no reasonable excuse for the delay, may result in the leave being denied until at least thirty days after the date on which the County is notified.

- 23.13 Employees who request FMLA due to a serious health condition, the serious health condition of an immediate family or military member, or for military exigency will be required to obtain a medical or exigency certification form. The form must be completed within 15 calendar days of the date you first go on leave, unless it is not practicable under the circumstances to do so despite your diligent, good faith efforts. If the County does not receive the medical or exigency certification form on a timely basis, it may deny the employee's request to take FMLA leave or postpone any further continuation of the leave until the required certification is provided. Yearly re-certification of the employee's condition is required.
- 23.14 If the County has reason to doubt the validity of any medical certification, it may require the employee to obtain a second medical opinion at the County's expense. The County has the right to designate the health care provider that will furnish the second opinion, but the second provider cannot be employed on a regular basis by the County. If the two medical opinions differ, the County may require the employee to obtain certification from a third medical health care provider at the County's expense. This third opinion will be final and binding. The third health care provider must be designated or approved jointly by the employee and the County. Failure to attempt, in good faith, to reach agreement with the County on a third health care provider, or refusal to see the third health care provider, or refusal to see the third health care provider who has been chosen, will result in the employee being bound by the second medical opinion.
- 23.15 Employees on FMLA leave will be required to report periodically on their status and intent to return to work.
- 23.16 The County may also require any employee and their health care provider to complete one or more additional medical certification forms at reasonable intervals during any FMLA leave, but not more often than every 30 days unless one of the following occurs:
- A. the employee requests an extension of leave; or
 - B. circumstances described in the previous certification have changed significantly; or
 - C. the County receives information that casts doubt on the continuing validity of employee's previous certification; or
 - D. employee is unable to return to work after the family and medical leave ends because of the continuation, recurrence or onset of a serious health condition involving employee or employee's immediate family member.

- 23.17 Employees on FMLA leave because of their own serious health condition will be required to obtain and present a fitness-for-duty certification from the health care provider which states that the employee is able to resume work. The fitness-for-duty certification relates only to the particular health condition that caused employee's need for family and medical leave. The County may deny employee's reinstatement until the fitness-for-duty certification is provided. In the case of FMLA in support of a family member, the employee must also provide medical documentation verifying the medical condition of the family member upon returning to work. Any intermittent use of FMLA also requires documentation from the health care provider which states that the employee is able to resume work.
- 23.18 Employees will retain their medical coverage during any FMLA leave on the same terms as if the employee had continued to work. Employees are required to pay the share of health plan premiums which had been paid prior to the start of the leave. Premium payments are due on the dates that they would have been deducted from employee's paycheck while an active employee and must be in the form of a check or money order made payable to the County. Medical coverage will terminate if an employee fails to pay any premium within 30 days of the due date. If the County decides within its discretion to continue an employee's medical coverage despite his or her failure to pay premiums on a timely basis, it may later recover the employee's share of any premium payments that are missed.
- 23.19 If an employee fails to return to work for at least 30 days after his or her leave entitlement has been exhausted or expires, the County may recover the employer share of health plan premiums with respect to the employee's unpaid family and medical leave unless the reason the employee has failed to return to work is due to the continuation, recurrence, or onset of a serious health condition or other circumstances beyond the employee's control. The County will require medical certification of the serious health condition that prevents the employee from returning to work in such circumstances.
- 23.20 Employees returning from FMLA leave will be restored to their normal duty status with equivalent pay, benefits, and other terms and conditions. If the employee's job, status, pay, benefits, or other terms and conditions of employment would have been altered had the employee not taken FMLA leave, then the employee will be subject to those changes upon return from FMLA leave.
- 23.21 Employees who fraudulently obtain family and medical leave from the County are not entitled to reinstatement or maintenance of employee benefits.
- 23.22 Employees receiving medical care for a worker's compensation injury or illness will be automatically enrolled in FMLA coverage if such injury or illness qualifies for Family Medical Leave coverage.

Workers' Compensation wages are not paid for visits to medical providers while the employee is at work. The employee may use sick leave for these visits.

SUBSTANCE ABUSE

34.1 All employees are prohibited from manufacturing, distributing, dispensing, possessing, using, or having present in their systems any illegal, unauthorized or mind altering substance, or having present in their systems intoxicating substances which result in a blood alcohol level of .02 or higher while on County property (including parking areas and grounds), or while otherwise performing County duties away from the County. Included within this prohibition are lawful controlled substances, (e.g. prescription drugs) which have been illegally or improperly obtained. Employees are also prohibited from having any such illegal or unauthorized controlled substances or drugs in their systems while at work, and from having prescription drugs or otherwise lawful controlled substances in their systems without requesting from management approval to work where such substances could affect their ability to perform their jobs. (See Section 34.11).

For purposes of this Article, controlled substances are defined as alcohol, drugs, narcotics, synthetic narcotics, designer drugs or mind-altering substances which are controlled by State or Federal law. Controlled substances include, but are not limited to: alcohol, including distilled spirits, wine, malt beverages and intoxicating liquors; marijuana; THC; hashish; LSD; mescaline; amphetamines; barbiturates; benzodiazepines; librium; valium; hallucinates; methadone; methaqualone; quaaludes; opiates; codeine; hydrocodone; heroin; morphine; hydromorphone; cocaine; cannabinoids; darvon; steroids; synthetic narcotics; designer drugs; or a metabolite of any of the substances listed herein.

34.2 Conviction by a court of competent jurisdiction of off-the-job manufacturing, distributing, dispensing or possessing illegal or unauthorized controlled substances will result in termination. Off-the-job use of illegal drugs or other controlled substances which result in the presence of such substances in one's system at work is prohibited. Off-the-job use of alcohol which results in a blood alcohol level of .02 or higher at work is also prohibited.

34.3 Screening for substance abuse will be done through urine drug screens and/or breath alcohol testing. These tests will be done in the following circumstances:

- A. Pre-employment: Substance screening by urinalysis, blood test, or other approved methodology is required for all applicants, either separately or as part of a pre-employment physical examination. Applicants who have been conditionally hired subject to passing physical examinations are required to sign a consent/release form before submitting to screening. Such conditional hires will be disqualified for hire if they refuse to execute a required consent/release form, refuse to submit to a test, or test positive.
- B. Post-accident: when employee caused or contributed to motor vehicle or workplace accident, or if the cause is unknown.
- C. Annual physical exam: See Article 31.2.

- D. Random selection: these tests will be conducted just before, during or just after performing safety sensitive functions. Urine drug screens will be done on up to 25% (twenty five percent) of total number of employees each year. Names for testing will be obtained by a valid scientific random method.
- E. Current Employees: Current employees may be required to submit to substance screening whenever County supervision has a reasonable suspicion that they may have violated any provisions of this Article.
- Reasonable Suspicion: Reasonable suspicion is based on a belief that an employee is using or has used drugs and/or alcohol in violation of this policy. The belief is drawn from specific objective and articulated facts, and reasonable inferences drawn from those facts in light of experience. Approval for such testing may be authorized by the County Administrator, Assistant County Administrator, or Human Resources Director or his or her designee. If testing is conducted based on reasonable suspicion, the Assistant County Administrator or Department Director or their designee will immediately document the circumstances which formed the basis of determination that reasonable suspicion existed to warrant the testing. The Assistant County Administrator or Department Director will notify the approving authority of the documented circumstances. Upon determination by the approving authority that reasonable suspicion testing is warranted, the approving authority will notify the Employee Health Clinic. Among other things, such facts and inferences in determining reasonable suspicion may be based upon:
1. Observable documented phenomena while at work, such as observation of drug or alcohol use or of physical symptoms or manifestations of being under the influence of a drug or alcohol.
 2. Abnormal conduct or erratic behavior while at work or a significant deterioration in work performance.
 3. A report of drug or alcohol use provided by a reliable and credible source.
 4. Evidence that an individual has tampered with any drug or alcohol test during his or her employment with the County.
 5. Information that an employee has caused or contributed to a motor vehicle or workplace accident while on duty.
 6. Evidence that an employee has used, possessed, sold, solicited, or transferred drugs or alcohol while working or while on County premises, or while operating County vehicles, machinery, or equipment.

7. Reports that an employee has been arrested for use (including driving under the influence), possession, selling, solicitation, or transferring illicit drugs while on or off duty.
8. Any other substantiated reason to suspect an employee has violated any of the provisions of this Article.

34.4 Violation of this Article or any of its provisions may result in discipline which may include discharge.

34.5 The County reserves the right to investigate potential violations of this Article and require personnel to undergo substance screening, including urinalysis, blood tests or other appropriate tests and, where appropriate, searches of all areas of the County and County grounds, including, but not limited to, work areas, lockers, County property, and County vehicles. Employees will be subject to discipline up to and including discharge for refusing to cooperate with searches or investigations, refusing to submit to screening or for failing to execute consent forms when required by supervision. Searches and investigations of personal (non-County) belongings, personal vehicles or other personal items will be conducted by the appropriate law enforcement agency having jurisdiction.

34.6 All current employees who test positive in a confirmed substance test will be subject to discipline which may include discharge. Employees who are not immediately terminated for testing positive or for some other violation of this Article may be placed on probation and required to execute an agreement acknowledging:

- A. that they tested positive or otherwise violated the Article; and
- B. that in exchange for the County not terminating them for this instance of testing positive or otherwise violating the Article, they agree:
 1. to undergo rehabilitation, counseling, or other activities prescribed by the County's coordinating physician in conjunction with management; and
 2. to undergo periodic unannounced screening for a set period and,
 3. to be subject to termination for any future violation of this Article.

34.7 All information, interviews, reports, statements, memoranda, and drug test results, written or otherwise derived from the drug testing program are confidential communications to be distributed only to those persons with a need to know following F.S. 401.265; 401.411; and 401.414.

- 34.8 Employees who voluntarily come forward before being suspected, confronted, tested, or involved in a drug-related incident may be provided rehabilitative opportunities, leave, or an opportunity to resign as determined by management in consultation with a County coordinating physician. Employees who wish to seek help may contact the Human Resources Director who serves as the Employee Assistance Program Coordinator. The employee seeking voluntary treatment will be subject to the same rules as the employee who tests positive or who has a blood alcohol level of .02 or higher.
- 34.9 Employees who test positive, who admit to drug or alcohol use or to related misconduct, or who voluntarily seek assistance and are not terminated, will not be returned to work or continue working until they have been evaluated by a County coordinating physician in conjunction with management to determine if they can safely return to work.
- 34.10 Urinalysis, blood tests and other appropriate test procedures may be utilized to enforce the requirements of this policy. All urinalysis drug non negative screening test results will require confirmation testing by an alternate methodology such as gas chromatography/mass spectrometry using the same specimen or a new collected specimen provided at collection site. Written chain of custody documents and container labeling will be used to ensure that the specimen received is accurately tested and reported. Steps will be taken to control information on test results. The Human Resources Director or designee will coordinate all testing requests (urine, blood, breath).
- 34.11 The proper use of medication prescribed by employee's physician is not prohibited. However, the County prohibits the misuse of prescribed medication. Employees using drugs at the direction of a physician are required to notify the Employee Clinic of medications that may cause drowsiness or impair ability to safely perform job functions. Clearance to return to duty will be done by the clinic utilizing private providers' recommendations and the County's Medical Directors directions.
- 34.12 County-sponsored educational programs may be scheduled periodically regarding the dangers associated with drug and alcohol abuse.
- 34.13 This Article does not apply to the authorized dispensation, distribution or possession of legal drugs where such activity is a necessary part of an employee's assigned duties.

ARTICLE 35
NON-SMOKING

- 35.1 The Surgeon General of the United States has determined that smoking tobacco, particularly cigarettes, and the use of vaping devices contributes to the development of a number of heart and lung diseases.
- 35.2 The State of Florida has enacted a presumption which treats certain conditions of firefighters, such as heart disease, hardening of the arteries, and hypertension as work related, and has passed legislation which requires all newly hired employees in Fire Services to be non-smokers for a period of one (1) year prior to the date of hire.
- 35.3 Due to the documented effects of vaping devices, cigarette smoking and the special hazards and exposures associated with the occupation of firefighting, upon the effective date of this Agreement, the County shall hire only non-smokers in positions represented by this collective bargaining agreement.
- 35.4 Employees who smoke are subject to discipline up to and including discharge.

ARTICLE 36
DUAL CERTIFICATION

36.1 Dual-certified is defined as:

- A. possessing a Certificate of Compliance from Florida State Bureau of Fire Standards as required by Florida Law; and
- B. possessing a Florida license as an Emergency Medical Technician or Paramedic.

ARTICLE 37
GRIEVANCE PROCEDURE

- 37.1 A Grievance shall be defined for the purpose of this Agreement, as any difference, dispute or complaint between an employee and Marion County regarding the interpretation or application of the terms of this Agreement.
- 37.2 The County and the Union agree that it is beneficial to encourage informal discussion between employees and the Fire Department concerning employment problems of employees covered by this Agreement. Such discussions should be held with a view towards reaching an understanding which will bring about resolution in a satisfactory manner without need for recourse under the formal grievance procedure.
- 37.3 Definition. The term grievance as used in this Agreement means a formal, written complaint by the Union President or designee, an employee, or group of employees (with respect to a common issue) covered by this Agreement alleging non-compliance with a specific provision of this Agreement (including discharge). Any matter not covered by the Agreement is not subject to the Grievance Procedure.
- 37.4 Procedure. A grievance arising under the terms of this Agreement is handled as follows:
1. Step One: Written statement to the Battalion Chief. An employee wishing to apply for resolution through the grievance process shall submit his or her grievance on the Marion County Union Employee's Grievance Form containing the basic factual information, the specific provision of this Agreement allegedly violated and remedy desired. The grievance should be submitted to the Grievant's Battalion Chief within ten (10) business days of the occurrence of the event giving rise to the alleged grievance or the Union will provide in writing any public records request to the Fire Chief or designee and to the Human Resources Director within ten (10) business days of the occurrence of the event giving rise to the alleged grievance. In the event of a public records request, should the Union wish to file a formal grievance it must be filed within ten (10) business days from the receipt of the response to the public records request. An employee may, at his or her discretion, be represented by the Union at each step of the Grievance Process. The Battalion Chief shall provide a written decision on the grievance and return the grievance form to the employee within ten (10) business days.
 2. Step Two: Written Appeal to the Division Chief: If the Battalion Chief in step one has not satisfactorily resolved the complaint, the employee may petition and request a conference with the Grievance Division Chief within five (5) business days of the Battalion Chief in step one's response, presenting the grievance form. Within ten (10) business days of receipt, the Division Chief may conduct an inquiry of meeting and shall provide a written decision on the grievance and return the grievance form to the employee within ten (10) business days of the inquiry or meeting.
 3. Step Three: Written Appeal to the Deputy Chief: If the Division Chief has not satisfactorily resolved the complaint, the employee and the Union may together petition and request a conference with the Grievant's Deputy Chief

within five (5) business days of the Division Chief's response, presenting the grievance form. Within ten (10) business days of receipt, the Deputy Chief may conduct an inquiry or meeting and shall provide a written decision on the grievance and return the grievance form to the employee within ten (10) business days of the inquiry or meeting.

4. Step Four: Written Petition to the Fire Chief. If the Grievant's Deputy Chief has not satisfactorily resolved the complaint, the employee and the Union may together petition and request a conference with the Fire Chief within five (5) business days of the Deputy Chief's response, presenting the grievance form. Within ten (10) business days of receipt, the Fire Chief may conduct an inquiry or meeting and shall provide a written decision on the grievance and return the grievance form to the employee within ten (10) business days of the inquiry or meeting.
5. Step Five: Written Appeal to the County Administrator. If the Fire Chief has not satisfactorily resolved the complaint, the employee and the Union may together petition and request a conference with the County Administrator within five (5) business days of the Fire Chief response. The County Administrator shall provide a written decision on the grievance and return the grievance form to the employee and notify the Union of the decision within fifteen (15) business days of receipt of the appeal.
6. Step Six: Written Appeal for Mediation. The employee and the Union may together appeal the decision of the County Administrator and may request a Grievance Mediation with the Federal Mediation and Conciliation Services (FMCS), Florida Region. The appeal must be made within five (5) business days of the response of the County Administrator. The FMCS shall provide a mediator that guides the parties to a mutually acceptable settlement of the grievance. If the parties cannot settle the matter, they may proceed to the next step. A written decision will be provided on the grievance form and return the grievance form to the employee and notify the Union of the decision within fifteen (15) business days of receipt of the appeal.
6. An employee may bypass any step in the grievance procedure below the level at which the grievance arose (e.g., where the grievance arises as a result of action taken by the Battalion Chief, an employee may bypass Step One, Battalion Chief, and proceed directly to Step Two, Division Chief, but under the time limits specified at Step One, and so on...)
7. Any grievance not resolved in the grievance procedure, after being fully processed may be referred to final and binding arbitration in the manner provided herein.

37.5 Requests for Arbitration.

1. If a grievance has not been satisfactorily resolved under 37.4, the Union may submit a written request for arbitration within ten (10) business days of the response in 37.4.3. The written request for arbitration will set forth the issue(s) in dispute, the specific provisions(s) of the Agreement allegedly violated, and the remedy desired. The County will present its response in writing, stating the County's position in the matter within ten (10) business days of receipt of the written request for arbitration.
2. If the County and Union fail to agree upon and select an impartial umpire within five (5) business days after the issue(s) for arbitration is (are) formed, either party may request, concurrently notifying the other party in writing, formal arbitration and ask the Federal Mediation and Conciliation Service to submit a panel of five (5) arbitrators. Either party may reject one entire panel before striking a member of a panel. A toss of a coin will determine which party will strike first from any panel not rejected in its entirety. The final remaining member of the panel shall be the arbitrator. The arbitrator will be notified of his selection by the aggrieved party requesting he or she set the time and place, subject to the availability of the Fire Department and Union representatives. All arbitration hearings will be in Ocala, Florida.
3. The arbitrator shall act in a judicial, not legislative, capacity and shall have no right to amend, modify, nullify, ignore, add to, or subtract from the provisions of this Agreement. Nor may an arbitrator resolve ambiguities adversely to the County, or infer obligations binding on either party. The only binding obligations on either party are those set forth in the Four Corners of this Agreement. He or she shall only consider and make a decision with respect to the specific issue(s) submitted and shall have no authority to make a decision on any other issue(s) not so submitted to him. In the event the arbitrator finds a violation of the terms of this Agreement, he or she shall fashion an appropriate remedy. The arbitrator cannot make a decision contrary to, or inconsistent with, federal or Florida laws. The arbitrator shall submit in writing his or her decision within thirty (30) calendar days following the close of the hearing or the submission of briefs by the parties, whichever is later. The arbitrator's decision is final and binding; except that either party may seek judicial relief if it believes the arbitrator exceeded the authority granted him under this Agreement. The decision will be based solely upon his or her interpretation of the meaning and application of the express terms of the agreement to the facts of the grievance presented.
The arbiter or other neutral shall not have the power to add to, subtract from, modify, or alter the terms of this collective bargaining agreement. The arbitrator's decision will be final and binding.
4. The fees and expenses of the arbitrator will be paid by the losing party. The cost of the written transcript, if requested by both parties, will be shared by both parties. If requested by one party, that party shall pay for the transcript. Each party is responsible for compensating its own representatives and

witnesses. In the event the union does not request arbitration, but the employee grievant does so request, the employee must deposit sufficient monies to cover the arbitrator's fees and expenses into the Registry of the Marion County Clerk's office before any arbitration may occur over such a grievance.

- 37.6 Time Limits for Filing. No grievance will be entertained or processed unless it is submitted within the time frame as stated above and the form is filled out correctly. If a grievance is not appealed to the next step within the specific time limit set forth above, it is considered settled on the basis of the Department's last answer. If a member of management does not answer a grievance or appeal thereof within the specified time limits, the employee and the Union may treat the grievance as denied at that step and appeal the grievance to the next step.
- 37.7 The Grievance and arbitration procedures remain in effect should the contract expire, so long as the parties are negotiating.
- 37.8 Any dispute as to whether rules and regulations conflict with this Agreement shall be subject to the grievance procedure of this Agreement, provided a grievance is filed within ten (10) business days of the posting of said rule. If no such grievance is filed, or the grievance is settled or denied by an arbitrator, the issue as to whether the rule or regulation is in conflict with the Agreement is foreclosed in any subsequent case involving the same rule.

Employees may engage in outside employment during off-duty hours; however, County employment shall remain the employee's primary employment. Outside employment shall be structured in a manner that supports adequate rest, recovery, and the employee's ability to perform their duties safely and effectively.
- 38.2 Employees shall submit written notification prior to beginning any outside employment or operating a personal business. The notification shall include the name and address of the outside employer, the nature of the work and job duties, and the expected work schedule, including approximate hours per day and week. Notification shall be submitted through the chain of command to the Fire Chief or his/her designee for review. Any material change in outside employment, including employer, duties, or schedule, shall require updated notification and approval. Approval shall be based on the employee's ability to maintain appropriate rest cycles, fitness for duty, and overall readiness.
- 38.3 Outside employment shall be conducted in a manner that does not interfere with the employee's performance, readiness, or efficiency, nor result in fatigue that impacts safe job performance. Employees shall ensure that outside employment allows for sufficient rest and recovery consistent with the intent of the 24/72 schedule. Outside employment shall not result in tardiness, early departure, or absenteeism, and shall not conflict with the mission, policies, or interests of the County. Such employment shall not occur during scheduled County working hours.
- 38.4 Employees must remain available for recall during emergencies or disasters as determined by the County and are responsible for making arrangements with outside employers to allow for such recall. County equipment, vehicles, uniforms, insignia, or other property shall not be used in connection with outside employment, and employees shall not use their County position or affiliation for personal gain or to benefit outside employment.
- 38.5 Outside employment shall not create an actual or perceived conflict of interest with County service. The Fire Chief or his/her designee shall determine whether a conflict exists based on operational, ethical, or legal considerations.
- 38.6 Employees engaged in outside employment are expected to report for duty fit for work, well-rested, and capable of performing all assigned responsibilities. If outside employment is determined to adversely affect an employee's fitness for duty or job performance, the employee may be required to modify or discontinue such employment.
- 38.7 Failure to comply with the provisions of this Article may result in revocation of approval for outside employment and/or disciplinary action in accordance with Article 33.
- 38.6 Unpaid leave shall not be granted for the purpose of obtaining or performing outside employment.

ARTICLE 39
PERSONNEL FILES

- 39.1 In order to give an employee notice and opportunity to be informed and for possible refutation, the Fire Chief or designee shall provide the employee with a copy of any derogatory material or letters of commendation which are placed in the employee's personnel file.
- 39.2 The employee shall have the right to include in his or her personnel file, located at the Marion County Human Resources Department, a written and signed refutation, including, if any, signed witness statements of any material the employee considers derogatory.
- 39.3 When personnel records are examined or released outside the control of the County or its agents, written notification will be sent to the employee via e-mail advising him or her of the examination, the date that the information was released and name, if given.
