| 911 Management (DR) (911 Management)                            |                                                                                                                                                                                                                                                                                                                                                                                                                                  | Sarah Gurczynski  | 07/09/2026 | 07/10/2026 Approved |
| Corrections                                                     | Existing Roads Labeled Correctly ( <b>Resolved</b> ) - <b>Corrective Action:</b> Sheet 06.01 needs the label for Chestnut Road removed as the portion west of Juniper Road is a driveway/easement, not a named road. - Existing Roads Labeled Correctly: 2.12.28 - Existing roads marked with official 9-1-1 road names                                                                                                          |                   |            |                     |
| Corrections                                                     | Project Boundary ( <b>Resolved</b> ) - <b>Corrective Action:</b> When reviewing the Preliminary Plat and Improvement Plan, this plan appears to include parcel 9025+0644-03. On Sheet 01.01 please make necessary corrections to reflect the most accurate information and please update the Project Boundary lines on all applicable sheets on future submittals. - Project Boundary: 2.12.8 - Project boundary clearly defined |                   |            |                     |
| Corrections                                                     | Existing and Proposed Roads Shown ( <b>Resolved</b> ) - <b>Corrective Action:</b> The new roads have been labeled on Sheet 06.01. Be sure they are labeled on all future submittals. - New Road Name Labels                                                                                                                                                                                                                      |                   |            |                     |

| <p><i>Corrections</i></p> <p>Additional Survey Comments (<b>Not Resolved</b>) - Sec. 2.12.8. - Current boundary and topographic survey.</p> <p>Current boundary and topographic survey (one foot contour intervals extending 100 feet beyond the project boundary) based upon accepted vertical datum. Surveys will be less than 12 months old and accurately reflect current site conditions, meeting standards set forth in Ch. 5J-17 FAC. Alternate topographic data may be accepted if pre-approved by the Marion County Land Surveyor. (Ord. No. 13-20, § 2, 7-11-2013)</p>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |                      |            |            |                    |
| OCE Traffic (Permits & Plans) (Office of the County Engineer)                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                | Chris Zeigler        | 06/08/2026 | 05/25/2026 | Requires Re-submit |
| <p><i>Corrections</i></p> <p>2.12.30 - Construction entrance (<b>Not Resolved</b>) - <b>Corrective Action:</b> Provide a construction route to Maricamp Road utilizing Chestnut Road including a note prohibiting construction traffic from utilizing all adjacent streets. - 2.12.30 - Construction entrance: Show the construction entrance and provide a route plan.</p> <p><i>Corrections</i></p> <p>6.12.12 - Sidewalks (<b>Not Resolved</b>) - <b>Corrective Action:</b> The sidewalk at the emergency access needs to be relocated to the east side of the emergency access and connect to the existing sidewalk on the southside of Juniper Loop Trail at the school's property line. The rest of the sidewalk on the southern east/west road should be moved to the north side of the road to minimize crossings. - 6.12.12 - Sidewalks: Show sidewalk on the plans as required in section 6.12.12.</p> <p><i>Corrections</i></p> <p>6.12.9 - Subdivision roads (<b>Not Resolved</b>) - <b>Corrective Action:</b> All dead end streets are required to end in a cul-de-sac. Staff supports a waiver for streets that are 150 feet or less subject to providing a paved hammerhead turnaround. - 6.12.9 - Subdivision roads : Subdivision roads must meet the design requirements in Section 6.12.9.</p> <p><i>Corrections</i></p> <p>6.12.2 - Right-of-way (<b>Not Resolved</b>) - <b>Corrective Action:</b> Private subdivision streets are required to have 50' of right-of-way with 5' easements on each side. Staff will support a waiver subject to the review and approval of the Utilities Department. - 6.12.2 - Right-of-way: Show the right-of-way width.</p>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |                      |            |            |                    |

Heatherwood Master Plan  
# MasterPlan-000805-2026

**Development Review Committee Waiver Request Form**

Per Section 2.10.1. of the Land Development Code: The Development Review Committee (DRC) may waive certain code requirements when not applicable to the proposed type of development or where alternative standards may promote flexibility, economical flexibility, and environmental soundness in layout and design.

Waiver requests and required documentation may be submitted through Civic Access. Waiver requests will not be processed without required information and applicable fees paid. Please be specific with all entries below.

Section Number & Title of Code:

6.12.9 (H) - Subdivision roads and related infrastructure

Section Details from Code:

CODE states (H) Dead end roads shall not exceed 1,500 feet and shall have a cul-de-sac at the terminal end. Refer to details in Section 7.3.1. Dead end roads intended to provide future access to adjacent unplatted areas may be permitted without a cul-de-sac provided that no lots front thereon, the length does not exceed 1,500 feet, and appropriate temporary end-of-road markers are provided.

Reason/Justification for Request:

Requests a waiver to allow for the use of a hammerhead style intersection on dead end roads will be submitted to DRC for consideration. The proposed dead end segments will be less than 150' in length.

Section Number & Title of Code:

Section Details from Code:

Reason/Justification for Request:
