WRITTEN PETITION FOR VARIANCE

WRITE YOUR ANSWERS IN THE SPACE PROVIDED AFTER EACH STATEMENT. PLEASE COMPLETE ALL REPLIES USING A SENTENCE FORM. A VARIANCE FROM THE TERMS OF THESE REGULATIONS SHALL NOT BE GRANTED BY THE BOARD OF ADJUSTMENT UNLESS A WRITTEN PETITION FOR A VARIANCE IS SUBMITTED JUSTIFYING THE FOLLOWING:

A. Special conditions and circumstances exist which are peculiar to the land, structure or building involved and which are not applicable to other lands, structures or buildings with the same zoning classification and land use area.

Applicant's justification:

Requesting a reduction of 25' to 10' from a front line set back in a R-1 (Single-Family Residential) zoning classification for placement of a pole barn style carport. An existing fence, hedges, electric light pole and trees prohibit placement anywhere else. Posts are set in concrete approximately 3 feet deep.

B. The special conditions and circumstances do not result from the actions of the applicant.

Applicant's justification:

Existing driveway, fence, hedges, electric light pole and trees on property prior to considering placement of carport.

C. Literal interpretation of the provisions of applicable regulations would deprive the applicant of rights commonly enjoyed by other properties with the same zoning classification and land use are under the terms of said regulations and would work unnecessary and undue hardship on the applicant.

Applicant's justification:

Granting of this variance would not be irregular to the surrounding neighborhood. This has not and will not adversely affect any property owners.

D. The Variance, if granted, is the minimum Variance that will allow the reasonable use of the land, building or structure.

Applicant's justification:

A reduction of 25 feet to 10 feet from the property front line (north side) was the minimum needed to place the carport in its present location.

E. Granting the Variance requested will not confer on the applicant any special privilege that is denied by these regulations to other lands, buildings or structures in the same zoning classification and land use area.

Applicant's justification:

True

F. The granting of the Variance will not be injurious to the neighborhood or otherwise detrimental to the public welfare.

Applicant's justification:

True
