5. **Developer's Construction of Developer Improvements.**

- 5.1. Generally. Developer shall construct the Developer Improvements, at Developer's sole expense, but subject to Credits as set forth in this Agreement.
- 5.2. Developer Improvements. The Developer Improvements consist of the following:
 - 5.2.1. 100th Extension – The extension of SW 100th Street between SW 62nd Avenue Road and SW 49th Avenue. The 100th Extension shall be constructed as a two-lane road, a 12 foot wide multi-modal path, and no median in approximately the location set forth on the Concept Plan. Attached hereto as Exhibit C is a drawing of typical sections of the 100th Street Extension.
 - 5.2.2. Stormwater Management Facilities – The construction of all Stormwater Management Facilities for the 100th Extension including all DRAs to accommodate stormwater from the 100th Extension and conveyance facilities to convey stormwater from the 100th Extension to the DRAs. Attached hereto as Exhibit D is a drainage plan showing the approximate locations of the DRAs to be constructed on the Property, some of which shall be used to accommodate stormwater from the 100th Extension.
- 5.3. Design and Permitting.
 - 5.3.1. Developer shall, at its sole cost and expense, design and permit the Developer Improvements.
 - 5.3.2. Developer shall prepare and submit to County, and any Governmental Authority, including the Water Management District, the Plans for approval by County or such Governmental Authority, prior to commencing construction of the Developer Improvements.
 - 5.3.3. Developer shall obtain all Permits necessary for the construction of the Developer Improvements. County consents to such Permits being in the name of County

and/or Developer, and County shall cooperate with Developer in connection with the permitting process.

5.4. Schedule of Developer Improvements.

- 5.4.1. Developer shall complete the design and permitting of the Developer Improvements within nine (9) months after the Effective Date of this Agreement.
- 5.4.2. Developer shall commence construction of the Developer Improvements within two (2) months after issuance of all Permits for the Developer Improvements.
- 5.4.3. Developer shall cause Substantial Completion of the Developer Improvements within sixteen (16) months after the commencement of construction.
- 5.4.4. Notwithstanding the foregoing, the PUD Approvals included conditions requiring that “construction access for the initial development of the subdivision infrastructure and PUD residential dwelling units shall be provided via SW 100th Street.” Therefore, notwithstanding the foregoing schedule, Developer shall complete the Developer Improvements to at least the stage (e.g., stabilization of the 100th Extension) so that Developer may utilize the 100th Extension as construction access before commencing development of subdivision infrastructure or any residential dwelling units.

5.5. Conditions to Obligation to Construct Certain Developer Improvements.

- 5.5.1. Developer’s obligation to construct the 100th Extension is conditioned upon the following:
 - 5.5.1.1. Developer obtaining all required approvals from County or other Governmental Authorities with jurisdiction over the 100th Extension and other Development Improvements.
 - 5.5.1.2. County approval of the construction of the 100th Extension and/or any other Governmental Authorities with jurisdiction over such Developer Improvements. Developer shall use good faith efforts to obtain such approval; and
 - 5.5.1.3. The determination by the Project Engineer that either of the following (the “ROW Condition”) exists: (a) County owns sufficient ROW for the 100th Extension² (except for additional ROW (primarily for Drainage Easements) located on the Property which will be conveyed by Developer to County pursuant to paragraph 6); or (b) if the County does not own all such ROW, ROW may be obtained by County acquiring the necessary ROW (by purchase, donation or condemnation). County shall use good faith efforts to acquire any necessary ROW from third parties in order for the ROW Condition to occur. In the event that County is required to acquire such ROW, County and Developer shall amend this Agreement to extend the time for Developer to construct the 100th Extension.

² Such ROW being 80 feet wide in some areas and 70 feet wide in others.

5.5.2. If any condition set forth in paragraph 5.5.1 (other than the conditions set forth in paragraph 5.5.1.1) does not occur:

5.5.2.1. Developer may extend the time period for it to complete the 100th Extension for which the condition does not occur by a reasonable time in order to accomplish such condition.

5.5.2.2. If Developer and County determine, in their reasonable discretion, that any such condition is unlikely to occur during such extension period, Developer's obligation to construct portion of the 100th Extension for which the condition has not occurred shall be deemed terminated. Such termination shall concern only portions of the 100th Extension as to which a condition has not occurred, and Developer shall remain obligated to construct all such other portions of the 100th Extension unless Developer and County determine, in the exercise of their reasonable discretion, that the construction of such other portions would not accomplish the public purpose for which they are planned, in light of the portions not being constructed. Developer shall nonetheless be entitled to Impact Fee Credits for any costs incurred by Developer in designing and permitting the portions of the 100th Extension for which the condition has not occurred.

6. Conveyance of ROW.

6.1. Within forty-five (45) days after Substantial Completion of the Developer Improvements, Developer shall provide to County "as-built" surveys for the completed Developer Improvements. Within forty-five (45) days thereafter, Developer shall convey to County any ROW on real property owned by Developer and not currently owned by County.

6.2. As of the Effective Date of this Agreement, the parties anticipate that the following ROW (the "Conveyed ROW") may or will be conveyed to County:

6.2.1. Fee simple title to real property owned by Developer and contiguous to the proposed ROW for the 100th Extension.

6.2.2. A drainage easement ("Drainage Easement") encumbering real property owned by Developer for the Stormwater Management Facilities constructed by Developer on the Property to accommodate stormwater from the 100th Extension. There will be two (2) types of Drainage Easements:

6.2.2.1. A Drainage Easement (the "Conveyance Easement") for the conveyance of stormwater from the 100th Extension to the DRAs.

6.2.2.2. A Drainage Easement (the "Storage Easement") permitting the storage of stormwater from the 100th Extension in the DRAs.

6.3. The Conveyed ROW will be conveyed to County under threat of and in lieu of condemnation. Therefore, County and Developer believe no documentary excise taxes are due. If they are due, they shall be paid by County, together with any interest and penalties.

6.4. Such conveyance shall be pursuant to the Conveyance Standards.

7. **Impact Fee Credits.**

7.1. Generally.

7.1.1. Developer shall be entitled to credits (“Impact Fee Credits”) against the Impact Fee imposed by Section 10-322 of the County Impact Fee Ordinance pursuant to this Agreement and the following provisions of this paragraph 7.

7.1.2. This Agreement constitutes a “written impact fee credit agreement” pursuant to Section 10-323 of the County Impact Fee Ordinance.

7.2. Amount of Impact Fee Credits.

7.2.1. Developer shall be entitled to Impact Fee Credits for all Proportionate Share Mitigation upon receipt of payment by County or performance by Developer of its other Proportionate Share Mitigation requirements.

7.2.2. Developer shall be entitled to Impact Fee Credits for the Conveyed ROW and Developer Improvements calculated as follows:

7.2.2.1. *Developer Improvement.* For the cost of the 100th Street Extension, Developer shall be entitled to Impact Fee Credits pursuant to Section 10-323(d)(2) of the County Impact Fee Ordinance.

7.2.2.2. *Conveyed ROW.*

a. For any ROW conveyed in fee simple for the 100th Street Extension, Impact Fee Credits calculated pursuant to Section 10-323(d)(1) of the County Impact Fee Ordinance.

b. For any Conveyed ROW representing Drainage Easements:

1) For Conveyance Easements, Impact Fee Credits in the amount of one-half of the amount determined pursuant to Section 10-323(d)(1) of the County Impact Fee Ordinance.

2) For Storage Easements, Impact Fee Credits calculated as follows: (a) the square footage value of the portion of the Property upon which each DRA is located as determined by the County-accepted appraisal prepared pursuant to Section 10-323(d)(1) of the County Impact Fee Ordinance; multiplied by (b) the percentage that the quantity of stormwater permitted to be conveyed into such DRA by County from the 100th Extension bears to the total permitted capacity of such DRA.

7.3. Duration of Impact Fee Credits. Developer shall be entitled to the Impact Fee Credits arising under this Agreement for a period of twenty (20) years after the Effective Date of this Agreement. For purposes of this paragraph, the Impact Fee Credits shall be considered used on a first in, first out, basis.

- 7.4. Additional Requirements. In compliance with Section 10-323(f) of the County Impact Fee Ordinance, the following provisions shall apply:
- 7.4.1. All Developer Improvements or Conveyed ROW under this Agreement shall be construed and characterized as work done and property rights acquired by the County for the improvement of a road within the boundaries of a ROW, and County has the exclusive control of such construction or contributions (except to the extent they are to be performed by Developer hereunder) including whether or not they are subsequently transferred to another governmental entity.
 - 7.4.2. Developer shall keep or provide for the retention of adequate records and supporting documentation which concern or reflect total cost of the Developer Improvements. Such information shall be available to County, or its duly authorized agent or representative for audit, inspection or copying for a minimum of 5 years from the termination or expiration of this Agreement.
 - 7.4.3. Each Impact Fee Credit shall run with the land for which the Impact Fee is being assessed and shall be reduced by the entire amount of the Impact Fee due for each building permit or site plan approval issued thereon until the Project is either completed or all Impact Fee Credits are exhausted or no longer available.
 - 7.4.4. The burdens of this Agreement shall be binding upon, and the benefits of the Agreement shall inure to, all successors in interest to Parties, including, without limitation, Subsequent Owners.
 - 7.4.5. County shall conduct an annual review under this Agreement to determine whether or not there has been demonstrated good faith compliance with the terms of this Agreement, and shall, upon request of Developer, provide to Developer the amount of Impact Fee Credits applied toward payment of Impact Fees, and the balance of available and unused Impact Fee Credits.
 - 7.4.6. County and Developer shall negotiate in good faith to modify or revoke this Agreement as is necessary to comply with relevant state or federal laws, if state or federal laws are enacted after execution of the Agreement which are applicable to and preclude the Parties' compliance with the terms of this Agreement.
 - 7.4.7. This Agreement may be amended or cancelled by mutual consent of the parties or by their successors in interest. For purposes of the foregoing, any owner of a Parcel which has been fully developed as contemplated by this Agreement and for which all Impact Fees have been paid (either monetarily or by Impact Fee Credit) shall not be required to join in any subsequent amendment.
 - 7.4.8. Developer shall cause this Agreement to be recorded in the Public Records of Marion County, Florida, within 14 days of the Effective Date thereof.
 - 7.4.9. County will establish the time frame when the Impact Fee Credits become available on all future roadways contained on the County major road network. Such timeframe shall be based on when traffic volumes are expected to reach a level consistent with the classification of the road as a County collector or arterial road.

- 7.4.10. Except where this Agreement contains a different deadline, all Conveyed ROW shall be dedicated or conveyed to County no later than the time at which the Impact Fees are required to be paid under the County Impact Fee Ordinance. The portion of the Impact Fee represented by an Impact Fee Credit for construction of an Intersection Improvement shall be deemed paid when the Improvement is completed and accepted by the County for maintenance.
- 7.4.11. The Impact Fee Credits granted under this Agreement are for construction or contributions made to the major road network system to accommodate growth within the respected road construction district under the County Impact Fee Ordinance where the impact generating land development activity is located.
- 7.4.12. The Impact Fee Credits shall run with Developer and may be assigned to other developments, regardless of ownership, within the same road construction district under the County Impact Fee Ordinance.
- 7.4.13. As the Developer Improvements were not an integral part of the major road network system which was scheduled for construction in the five (5) year County TIP or any municipal CIP, this Agreement has been approved by a super-majority vote of the County Commission.

8. Proportionate Share Mitigation.

8.1. Proportionate Share Mitigation.

- 8.1.1. The Traffic Study identified Roadway Segments and Intersections which are projected to constitute Deficient Facilities on the build-out of the Project in calendar year 2024 or other improvements necessary to benefit the County Transportation System (i.e., the “100th Extension”).
- 8.1.2. Specifically, the Traffic Study identified the following Transportation Facilities that constitute Deficient Facilities that would ordinarily be mitigated through payment of money (except for paragraph 8.1.6.3):
 - 8.1.2.1. Overlap phase to be added to the eastbound right movement, to coincide with the protected northbound left movement, at the signalized intersection of SW 49th Avenue and SW 95th Street.

 - 8.1.2.3. Extension of left-turn lane for northbound traffic at intersection of SW 49th Avenue and SW 103rd Street Road.
- 8.1.3. Under the provisions of Sections 163.3180, Florida Statutes and Section 1.8.7.B.(2) of the County CMS, an acceptable method for Developer to mitigate transportation impacts is to pay or perform Proportionate Share Mitigation pursuant this Agreement.
- 8.1.4. Attached hereto as **Exhibit F** is a spreadsheet that County and Developer agree accurately calculates Developer’s Proportionate Share Mitigation payment due to

mitigate the Deficient Facilities referred to in paragraph 8.1.2, such amount being \$97,616.60.

8.1.5. The Developer Improvements satisfy the requirements of Section 163.3180, Florida Statutes and Section 1.8.7.B.(2) of the County CMS for proportionate share mitigation and are the subject of Developer's obligation to pay or perform Proportionate Share Mitigation.

8.1.6. Developer shall pay, or perform other obligations set forth below, to provide such Proportionate Share Mitigation to County:

8.1.6.1. Developer shall construct the Developer Improvements, for which Developer shall receive a credit against the Proportionate Share Mitigation, which credit shall be calculated using the same provision (Section 10-323(d)(2) of the County Impact Fee Ordinance) as utilized for calculating Impact Fee Credits pursuant to paragraph 7.2.2.1.

8.1.6.2. Developer shall convey ROW pursuant to paragraph 6, for which Developer shall receive a credit against the Proportionate Share Mitigation, which credit shall be calculated using the same formula for Impact Fee Credits as set forth in paragraph 7.2.2.2.

8.1.6.3. Developer and County have estimated that the anticipated cost of the Developer Improvements shall exceed the Proportionate Share Mitigation payment due from Developer set forth in paragraph 8.1.4. If Developer constructs the Developer Improvements, Developer shall have satisfied its Proportionate Share Mitigation Obligations, and County and Developer shall execute a separate instrument (which may be in the form of an amendment to this Agreement or a separate instrument executed by the County Representative and Developer) acknowledging that Developer has no remaining Proportionate Share Mitigation Obligations.

8.2. Impact Fee Credits for Proportionate Share Mitigation. County acknowledges that, pursuant to the provisions of Section 163.3180(5)(2)(e), Florida Statutes, Developer is entitled to a credit for Proportionate Share Mitigation (regardless of whether paid in cash, by the performance of Developer Improvements, or by the conveyance of ROW) on a dollar-for-dollar basis against impact fees, mobility fees or other transportation concurrency mitigation requirements paid or payable following the Effective Date with respect to the Project. Therefore, Developer is entitled to Impact Fee Credits pursuant to paragraph 7.

9. **Capacity Reservations.**

9.1. Reservation of Capacity. In consideration for Developer's obligations under this Agreement, there is reserved in favor of Developer and for the benefit of the Property, Reserved Trips for the development program specified in paragraph 3 in the amount of 351 Trips.

9.2. Concurrency Determination. Simultaneous with the execution of this Agreement, County will issue to Developer, for the benefit of Developer, a concurrency determination in

accordance with the procedures of County's CMS. The issuance of such concurrency determination shall not preclude County from pursuing remedies under other provisions of this Agreement (including paragraph 16.4.4) upon a default by Developer hereunder.

9.3. Capacity Reservation Fees.

9.3.1. Pursuant to Section 1.8.6.E of the County CMS, capacity reservation fees ("Capacity Reservation Fees") are calculated pursuant to the County Impact Fee Ordinance and the payment for which is divided into two stages as follows:

9.3.1.1. 50% at Concurrency Approval.

9.3.1.2. 50% at the issuance of a Certificate of Occupancy for any building, or its equivalent.

9.3.2. Developer and County have estimated that the cost of the Developer Improvements, and the value of Conveyed ROW to be contributed by the Developer in connection therewith, is in excess of the estimated capacity reservation fee set forth in paragraph 9.3.1.1 above. Therefore, County agrees that Developer shall not be required to pay the capacity reservation fee set forth in paragraph 9.3.1.1. Nothing set forth herein shall relieve Developer from paying the amount owed under paragraph 9.3.1.2 (subject to available Impact Fee Credits under this Agreement).

9.4. Term of Reservation. The reservation of capacity granted to Developer by County as set forth above for the benefit of the Property or any portion thereof shall have a term commencing on the Effective Date of this Agreement and ending on the expiration of the term of this Agreement under paragraph 16.15.

10. **Maintenance.**

10.1. Following construction of the Developer Improvements and County's acceptance thereof:

10.1.1. County shall maintain all of the Developer Improvements other than the Stormwater Management Facilities into which stormwater from the 100th Extension is conveyed.

10.1.2. Developer shall maintain the Stormwater Management Facilities from which stormwater from the 100th Extension is conveyed.

10.2. POA.

10.2.1. In connection with its development of the Property, Developer may form a validly organized Florida not-for-profit corporation as a property owners' association, or if Developer develops the Property pursuant to a community development district under Chapter 190, Florida Statutes, Developer may form a community development district (such property owners' association or community development district is referred to as the "POA"), provided that all the following conditions are satisfied:

10.2.1.1. The POA is formed for the specific purpose of owning and maintaining common elements for the development of the Property, including the Stormwater Management Facilities which are the subject matter of this Agreement.

10.2.1.2. The POA is granted the authority to own, maintain and operate the Stormwater Management Facilities by a Declaration recorded in the Public Records of Marion County, Florida.

10.2.1.3. The POA is empowered under the terms of any recorded Declaration to collect assessments from all or some of the owners of units located on the Property for the purpose of providing funds necessary for the maintenance and operation of the Stormwater Management Facilities which are the subject of this Agreement.

10.2.2. Developer shall have the right to convey to the POA fee simple title to the Stormwater Management Facilities. The POA shall have the right to assume the operation, repair, and maintenance obligations of Developer with respect to the Stormwater Management Facilities, and Developer shall be released from any and further liabilities or responsibilities with respect to the ownership, operation, maintenance and repair of the Stormwater Management Facilities. The conveyance of the Stormwater Management Facilities, assumption of the maintenance obligations of Developer by the POA, and the release of Developer shall be completed in accordance with the following provisions:

10.2.2.1. Simultaneous with the conveyance of the Stormwater Management Facilities to the POA, Developer and the POA shall enter into an agreement (the "Assumption Agreement"), to be recorded in the Public Records of Marion County, Florida, under which the POA expressly acknowledges assumption of all of Developer's obligations under this Agreement with respect to the Stormwater Management Facilities. A copy of the recorded Assumption Agreement shall be provided to County and to the District promptly after its recordation.

10.2.2.2. Upon completion of the procedures set forth above, Developer and the POA will, at their sole cost and expense, undertake actions to have the designated permittee of the Stormwater Permit modified to be the POA, subject to any required review and approval by the District or County.

10.2.2.3. Upon completion of the execution of the Assumption Agreement and the recording of the same in the Public Records of Marion County, Florida, the POA shall have assumed and shall be responsible for all maintenance obligations of Developer with respect to the Stormwater Management Facilities, notwithstanding whether the designated permittee of the Stormwater Permit has been modified to the POA.

11. **Force Majeure.**

11.1. "Force Majeure" means causes that: (a) are beyond the reasonable control of a party (the "Delayed Party"); (b) the Delayed Party, despite its diligent, good faith efforts, is unable to overcome; and (c) consist solely of delays caused by any of the following: fire, flood, windstorm, sinkhole, unavailability of materials or equipment (provided that the Delayed Party demonstrates that such materials or equipment were ordered with sufficient lead time given known market conditions, and there are no commercially available alternative sources from which the materials or equipment can be procured at prices substantially equivalent to the prices of the original materials or equipment), equipment or fuel, declaration of hostilities, terrorist act, civil strife, strike, lock-out, labor dispute, epidemic, pandemic, archaeological excavation, act of God, act of public enemy, act of armed forces, war, riot, sabotage, blockage, embargo, earthquake, flood, fire, explosions, tornado or hurricane, unusual and unforeseen delays in actions, restrictions, requirements or mandates of governmental authorities, governmental restraints, or any other cause whether or not of the same kind as enumerated above, that is either: (a) not within the sole control of the Delayed Party and which be exercise of Due Diligence the Delayed Party is unable to overcome; or (b) that constitutes an excuse under Florida law based upon the doctrine of "impossibility of performance."

11.2. If Developer is unable to timely perform its obligations under this Agreement, due to a Force Majeure, such delay shall be excused in the manner herein provided.

11.3. If Developer is so delayed, the date for action required or contemplated by this Agreement shall be extended by the number of days equal to the number of days such party is delayed. Developer shall give written notice of the delay to County, which notice shall indicate the anticipated duration of the Force Majeure. Each party shall use its best efforts to rectify any conditions causing the delay and will cooperate with the other party, except for the occurrence of unreasonable additional costs and expenses, to overcome any loss of time that has resulted.

12. **Acknowledgement Upon Completion.** Upon Developer's completion of the Developer Improvements, County shall execute and deliver to Developer a recordable instrument acknowledging such completion. Such instrument may be executed by County Representative on behalf of County.

13. **Development Permits Required.**

- 16.1.5. Concerning Communications sent by email:
- 16.1.5.1. The Communication shall not be deemed to have been delivered if the sender receives a message from the sender's or the recipient's internet service provider or otherwise that the email was not delivered or received;

 - 16.1.5.3. Any email that the recipient replies to, or forwards to any person, shall be deemed delivered to the recipient.
 - 16.1.5.4. The sender must print the email to establish that it was sent (though it need not do so at the time the email was sent); and
 - 16.1.5.5. The sender shall maintain the digital copy of the email in its email system for a period of no less than one year after it was sent.
- 16.2. Negation of Partnership. None of the terms or provisions of this Agreement shall be deemed to create a partnership by or among Developer, County in their respective businesses or otherwise, nor shall it cause them to be considered joint venturers or members of any joint enterprises. Each Party shall be considered a separate Party, no Party shall have the right to act as an agent for another Party unless expressly authorized to do so in this Agreement.
- 16.3. Not a Public Dedication. Nothing herein contained shall be deemed to be a gift or dedication of any portion of the Property to the general public, or for any public use or purpose whatsoever. Any portion of the Property which may, under the terms of this Agreement, later may be designated for public use or purposes shall be conveyed by Developer to County, as applicable. Except as herein specifically provided no right, privileges or immunities of any Party hereto shall inure to the benefit of any third party, nor shall any third party be deemed to be a beneficiary of any of the provisions contained in this Agreement.
- 16.4. Default Provisions.
- 16.4.1. The terms of this Agreement shall not entitle any Party to cancel, rescind, or otherwise terminate this Agreement. However, such limitations shall not affect in

any manner any other rights or remedies which a Party may have hereunder or under applicable law by reason of any such breach.

- 16.4.2. All easements, rights and covenants contained herein shall be enforceable by suit for specific performance and mandatory injunctive relief, in addition to any other remedy provided by law or equity.
- 16.4.3. No Party shall be entitled to pursue any action for specific performance, injunctive relief, or any other available remedy (including, without limitation, an action under Section 163.3243, Florida Statutes) arising out of a default under this Agreement until the non-defaulting Party has provided to the Party alleged to be in default a written Default Notice (with, if applicable, a copy to any other Party to this Agreement) specifying the specific nature of the default, and the alleged defaulting Party has failed to cure the default within thirty (30) days of the effective date of the Default Notice. In the event the cure of a default reasonably requires greater than the thirty (30) day time period specified, the grace period granted herein shall, if the defaulting Party has initiated cure of the default within the thirty (30) day time period and is continuing to pursue completion of the cure with due diligence, extend the reasonable time period required for the cure of the default.
- 16.4.4. In the event of a material default (as defined under Florida law) by Developer with respect to their obligations to County under this Agreement, and failure of Developer to cure the default within the grace period set forth above, in addition to any other remedies available to County under the terms of this Agreement, County shall be entitled to withhold issuance of additional development permits or authorizations until the default has been cured.
 - 16.4.4.1. If Developer has, prior to the occurrence of the default, conveyed some or all of the Property to unrelated third parties (such parcel or parcels then becoming a "Third-Party Parcel"), the default of Developer is not with respect to, or does not impact Developer's obligations regarding, a Third-Party Parcel, and, prior to the conveyance, Developer obtained an Estoppel Statement from County under paragraph 16.5 acknowledging that there are no defaults by Developer under this Agreement, the right of County to withhold permits upon a default by Developer shall not extend to County permits pending or to be issued with respect to a successor owner of the Third-Party Parcel.
 - 16.4.4.2. The Parties agree that failure of Developer to timely pay any Proportionate Share Mitigation owed under the provisions of this Agreement does not constitute a default with respect to, or impacting Developer's obligations regarding, a Third-Party Parcel, if, prior to the date that Developer conveyed the Third-Party Parcel, Developer obtained an Estoppel Statement pursuant to paragraph 16.5 acknowledging that Developer is not in default under its obligation to pay any Proportionate Share Mitigation. Therefore, County may not withhold permits for such Third-Party Parcel based on such non-payment.

16.5. Estoppel Statements.

16.5.1. Each Party agrees that upon written request from time to time of any other Party it will timely issue to a current or prospective lender to such Party, or to a current or prospective purchaser or successor party to such other Party, or to another governmental entity requesting or requiring the same, an estoppel statement (“Estoppel Statement”) stating:

16.5.1.1. Whether the Party to whom the request has been directed knows of any default by any Party under this Agreement, and if there are known defaults, specifying the nature thereof.

16.5.1.2. Whether this Agreement has been assigned, modified or amended in any way by such Party (and if it has, stating the nature thereof).

16.5.1.3. That to the best of the requested Party’s knowledge this Agreement, as of the Estoppel Statement date, is in full force and effect.

16.5.1.4. Whether, to the best of the requested Party’s knowledge, there are any monies currently owed by any Party to another Party under the terms of this Agreement and, if there are monies owed, the amount and details of all monies owed.

16.5.1.5. That, as to the Project or as to a specific parcel therein (as applicable, based upon the request) there are no moratoriums or suspensions of the right to procure Development Orders, Building Permits, or Certificate of Occupancy or other development approvals in effect as of the date of the Estoppel Statement.

16.5.2. Such Estoppel Statement shall act as a waiver of any claim by the Party furnishing it to the extent such claim is based on facts contrary to those asserted against a bona fide mortgagee or purchaser for value without knowledge of facts to the contrary of those contained in the Estoppel Certificate who has acted in reasonable reliance upon the statement; however, such statement shall in no event subject the Party furnishing it to any liability whatsoever, notwithstanding the negligent or other inadvertent failure of such Party to disclose correct and/or relevant information.

16.5.3. The Estoppel Statement shall be provided at no charge to the requesting party except that County may charge a reasonable fee (currently established at \$300.00) if Developer or a Subsequent Owner requests an Estoppel Statement.

16.6. Litigation. In the event of any litigation arising out of this Agreement, the prevailing party shall be entitled to recover all reasonable costs incurred with respect to such litigation, including reasonable attorneys’ fees, and including reimbursement for such reasonable attorneys’ fees and costs incurred with respect to any appellate or post-judgment proceeding related thereto.

16.7. Binding Effect. The parties to this Agreement represent to each other that each party fully understands the facts surrounding this Agreement and each is signing this Agreement fully and voluntarily, intending to be bound by it. This Agreement shall be binding upon and

inure to the benefit of the parties hereto, their respective spouses, heirs, executors, administrators and assigns. There are no representations or warranties other than those set forth herein.
