Welcome to Fish Hawk Spirits, Florida's only **Medal-Winning Farm-to-Bottle** spirits distillery. We are the fifth licensed distillery in the State of Florida, having been established in 2012, and located in Ocala.

## About Our Spirits

Our portfolio of 27 spirits consists of the Sui Generis family of Whiskey, Resurgence family of Rums, Island Grove family of Vodkas, Absinthia family of Absinthe and finally our Colonial family of Brandy.

## Locally Grown in Florida

There is no other distillery in Florida like us making spirits the way that we do.

- **We distill on a farm** in a shed with hand-built stills and processing equipment.
- **We are not** in a warehouse or a fancy building.
- **We grow our own corn** for our whiskey on our land next to the distillery.
- **We harvest fresh fruit** from our own groves and from our agricultural partners.
- **We grow our own herbs** and botanicals for our infused spirits in raised gardens at the distillery.
- **We pump spring water** from the wells on our land, coming from the Rainbow River watershed that feeds Rainbow Springs.
- We use spring water directly in the mash and distill it separately for blending.

No municipal water or reverse osmosis found here.
