2. *Purpose of Agreement.* FirstWatch is a provider of data monitoring and biosurveillance software and related services to organizations and agencies in the fields of public health and public safety. The term of Software Maintenance and Support commences upon the date of Software Acceptance.

Client may not modify, enhance, or create derivative works, decompile, disassemble, or reverse engineer the Software, or make copies other than as authorized in Section 3. All rights not licensed are reserved to FirstWatch and no rights may be implied. FirstWatch retains all intellectual property rights in the Software, and Client agrees to implement software protection measures designed to prevent unauthorized use and copying of the Software.

6. *Delivery, Installation, and Testing.* Client is responsible for acquiring all hardware, equipment, and other software; for preparing the site (including physical and electrical requirements); for properly configuring the computing environment on which the Software will reside, and for installing the Software in accordance with Schedule A and any other requirements provided by FirstWatch in writing. Client shall test the Software within ten (10) days after FirstWatch has enabled Client's access to the Software.

7. *Acceptance.* The Software is Accepted upon the earlier of when (a) Client determines that the Software performs in accordance with the criteria set forth in the Acceptance Test Plan ("ATP"), set forth in Schedule C, or (b) the Software has been installed for thirty (30) days and Client has not advised FirstWatch that the Software fails to materially conform to the ATP. If the Software does not so perform for reasons inherent in the Software (and not, for example, third party hardware, software, equipment, or system configuration), FirstWatch will promptly replace the Software with materially conforming Software. Client shall test the revised Software and, unless the parties agree otherwise, Client may either (1) Accept the Software as conforming, (2) Accept the Software AS IS, or (3) reject the Software. If Client rejects the Software it shall delete the Software from its computing system, shall certify in writing such deletion, and FirstWatch shall refund all Software license fees paid by Client. Client shall have thirty (30) days after initial delivery to finally Accept or reject the Software. The foregoing is the sole remedy available in the event of nonconforming Software.

8. *Client Satisfaction.* FirstWatch desires that Client is fully satisfied with the Software and Services. If, within ninety (90) days after installation, for any reason, Client is not satisfied with the Software, Client may elect to return the Software and receive a full refund of all Software license fees paid to FirstWatch.

9. *Fees and Payments.* Client shall pay all fees according to the terms of Schedule A, and to pay a late fee of one and a half percent (1.5%) interest per month on all overdue amounts for any fees due and payable under the Agreement. Client shall pay for all travel-related expenses (e.g., ground transportation, accommodations, food) incurred by FirstWatch at the request of Client and approved by Client in writing, for Software-related services such as on-site installation, training, customization, integration, support, and maintenance. Such additional services will be pursuant to a separate written agreement. Client is responsible for payment of all sales and/or use taxes arising out of its use of the Software.

10. *Limited Warranties; Exclusions.*

FirstWatch warrants that during the Acceptance testing period, and while Client is receiving covered Maintenance Services per section 4 of this Agreement, the Software will perform in substantial conformance with the ATP, provided that the Software has been used as specified by FirstWatch. FirstWatch will use its best efforts to correct any material nonconformance within ten (10) business days after receipt of written notice of such nonconformance and Client's provision

of any data, output, or other documentation or description of the nonconformance.

The limited software warranty applies only to Software used in accordance with the Agreement and does not apply if the Software media or Software code has been subject to accident, misuse, or modification by a party other than FirstWatch or as authorized by FirstWatch.

FirstWatch does not warrant that the functions contained in the Software will meet Client's specific needs, industry requirements, be error-free, or operate without interruption. The remedies in this Section 10 are the sole and exclusive remedies provided by FirstWatch relating to the Software.

THESE LIMITED WARRANTIES ARE IN LIEU OF, AND CLIENT HEREBY WAIVES, ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING, WITHOUT LIMITATION, ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.

11. *Limitation of Liability.* Neither party shall be liable for indirect, incidental, consequential, special, punitive or exemplary damages, or for lost profits or business interruption losses, in connection with the Software or this Agreement, regardless of whether it has been made aware of their possibility. Other than amounts due to a party pursuant to Sections 9 or 13, or the breach of Sections 4, 5, or 14, in no event shall either party be liable to the other, under any theory of recovery, including contract, negligence, strict liability, warranty or products liability, in an amount in excess of the amount Client paid to FirstWatch for products and services. Any claims relating to this Agreement shall be brought within two (2) years after the occurrence of the event giving rise to the cause of action.

12. *Termination.* Either party may terminate this Agreement if there is a material breach by either party that is not cured within thirty (30) days after receipt of written notice of such breach. Upon termination of this Agreement, Client shall promptly discontinue using the Software and return to FirstWatch, or certify in writing, the destruction of all Software, Documentation, and FirstWatch training materials.

13. *Indemnification.*

FirstWatch agrees to defend, and hereby indemnifies, Client, from all damages, losses, fees, and expenses awarded by a court of competent jurisdiction, or reached through a settlement, arising out of Client's use of the Software or Documentation when such claim is based upon a third party claim that the Software infringes a U.S. patent, trademark, copyright or trade secret; provided that (a) Client promptly notifies FirstWatch in writing of such claim; (b) FirstWatch has sole control over the investigation, litigation and negotiation of such claim; (c) Client is current in its payments and in compliance with its obligations under this Agreement; and (d) Client reasonably cooperate, at the expense of FirstWatch, in the defense or settlement of such claim. This indemnification applies only to the Software delivered by FirstWatch and shall not apply if

the Software has been modified by party other than FirstWatch, or if the Software has been combined with (or used in connection with) other products and used as a part of an infringing process or method which, but for the combination, would not infringe the intellectual property rights of such third party.

If the Software becomes, or in the opinion of FirstWatch is likely to become, the subject of such a claim, then FirstWatch may either (a) procure (at its expense) Client's right to continue using the Software, or (b) replace or modify the Software to avoid the claim of infringement. If neither of the foregoing alternatives is reasonably available to FirstWatch, then FirstWatch may terminate this licensee and refund to Client the license fees paid for the Software on a straight line three-year depreciation basis. This states the entire liability of FirstWatch with respect to third party claims of intellectual property infringement.

14. *Confidentiality.*

FirstWatch and Client may have access to information that the other considers to be confidential, private, or a trade secret. This information may include, but is not limited to, patient or other data, the Software, technical know-how, technical specifications, software code, manners of conducting business and operations, strategic business plans, systems, results of testing, financial information, and third-party information ("Information").

Each party shall use the other's Information only to perform its obligations under, and for the purposes of, the Agreement. Neither party shall use the Information of the other for the benefit of a third party. Each party shall maintain the confidentiality of all Information in the same manner in which it protects its own information of like kind, but in no event shall either party take less than reasonable precautions to prevent the unauthorized disclosure or use of the Information.

Upon termination of the Agreement, or upon a party's request, each party shall return to the other all Information of the other in its possession. All provisions of the Agreement relating to confidentiality, ownership, and limitations of liability shall survive the termination of the Agreement.

15. *Ownership of Data.* The parties acknowledge and agree that all Client data ("Data"), is and shall remain the exclusive property of Client. FirstWatch acknowledges that in performing its obligations under the Agreement it may have access to Client networks and Data. FirstWatch will use and access such Data only as necessary for the purpose of providing the services and supporting the Software as agreed.

16. *HIPAA.* With respect to any protected health information ("PHI") and to the extent FirstWatch is subject to the provisions of the Health Insurance Portability and Accountability Act as a Business Associate, FirstWatch shall (a) not use or disclose PHI other than as permitted or required by any agreement between FirstWatch and Client, or as required by law,

(b) use appropriate safeguards to prevent use or disclosure of the PHI, (c) report to Client any unauthorized use or disclosure of the PHI of which it becomes aware, (d) ensure that any agent or subcontractor that accesses PHI in order to assist FirstWatch in providing the Services will be bound by the provisions of this Section, (e) reasonably cooperate with Client to make its internal practices, books, and records, including policies and procedures relating to the use and disclosure of PHI available to a governmental agency in the event a governmental agency requests such information, (f) document all its disclosures of PHI and information related to such disclosures, and notify Client of such disclosures, (g) return or destroy all PHI upon termination of the Services under this Agreement. If the parties enter into a separate agreement regarding the use of protected health information, the terms of that separate agreement shall take precedence and control over the terms of this Section 16.

17. *General.*

All required communications shall be in writing and addressed to the recipient party at its address set forth in this Agreement, addressed to the person who signed the Agreement on behalf of such party, or to such address and person as may be designated by such party in writing. All communications are deemed given when hand-delivered; or if mailed, by registered mail with verification of receipt, upon date of mailing; or if by electronic mail or facsimile, when received (with verification of transmission sent promptly to the receiving party along with a hard copy of the communication).

Any part of the Agreement held to be invalid or unenforceable, shall be revised so as to make it valid and enforceable, consistent with the intent of the parties expressed in that provision. All other provisions of the Agreement will remain in full force and effect. The remedies accorded FirstWatch are cumulative and in addition to those provided by law. The Agreement, all Schedules (A-C), and any amendments thereto constitute the entire understanding of the parties with respect to the subject matter of the Agreement and replaces all prior and contemporaneous written and oral communications, promises, or understandings. The Agreement shall be

governed by the laws of the State of Florida and may be amended only by a writing signed on behalf of both parties. Electronic mail shall not be deemed to constitute a signed writing for purposes of this modification provision unless expressly identified as an amendment. No waiver of any right or remedy will be effective unless given in writing and signed on behalf of the party making such waiver. No purchase order or other administrative document will amend the Agreement unless signed by an representative of both parties and identified as an amendment to the Agreement, even if accepted by the receiving party without objection.

Client may not assign any rights or delegate any duties under the Agreement without the prior, written consent of FirstWatch, which will not be unreasonably withheld, and any attempt to do so without consent will be void. The Agreement is binding upon the parties' successors and permitted assigns.

Allow FirstWatch access to the dedicated machine via WebEx Remote Access client services (or authorized substitute, including VPN). WebEx Remote Access client software provided with FirstWatch under maintenance and service agreement. If VPN or other connection requires additional hardware or software on client or support side, it will be the responsibility of the customer to supply it.

Disclaimer: Although FirstWatch requires a dedicated machine for our applications, some clients have requested running the FirstWatch applications on a server that is shared with other applications or in a virtual server environment. We have successfully deployed in a combination of these configurations and are willing to attempt an install in this environment if the client understands that there is risk involved. The risk is that if another process or application on the same machine renders the machine unresponsive, it could potentially stop the processing of the FirstWatch applications. Conversely the FirstWatch applications may affect the other applications. Therefore, if the client decides to move forward in this manner and results in ongoing problems with our application, we will respectfully request that our system be transferred to a dedicated machine for the purpose of running the FirstWatch applications. FirstWatch staff will be happy to assist the client with reconfiguring the FirstWatch system on a new machine.
