Business Impact Estimate

In accordance with Section 125.66(3)(a), F.S., a Business Impact Estimate (BIE) is required to be: 1) prepared before enacting certain ordinances and 2) posted on Marion County Board of County Commissioners' website no later than the date the notice proposed enactment/notice of intent to consider the proposed ordinance, is advertised in the newspaper (which, per Section 125.66(2)(a), F.S., is ten (10) days before the Public Hearing).

AN ORDINANCE OF THE BOARD OF COUNTY COMMISSIONERS OF MARION COUNTY, FLORIDA, AMENDING THE LAND DEVELOPMENT CODE (LDC) RELATED TO ARTICLE 6, DIVISION 13, STORMWATER MANAGEMENT, SECTION 6.13.8, STORMWATER CONVEYANCE CRITERIA

This Business Impact Estimate is provided in accordance with Section 125.66(3)(a), *Florida Statutes*. If one or more boxes are checked below, this means that the Marion County Board of County Commissioners is of the view that a business impact estimate is not required by state law for the proposed ordinance.

Notwithstanding, Marion County is preparing this BIE to prevent an inadvertent procedural issue from impacting the enactment of this proposed Ordinance. Marion County reserves the right to revise this BIE following its initial posting and to discontinue providing this information for proposed ordinances believed to be exempt under state law.

- ☐ The proposed ordinance is required for compliance with Federal or State law or regulation;
- ☐ The proposed ordinance relates to the issuance or refinancing of debt;
- ☐ The proposed ordinance relates to the adoption of budgets or budget amendments, including revenue sources necessary to fund the budget;
- ☐ The proposed ordinance is required to implement a contract or an agreement, including, but not limited to, any Federal, State, local, or private grant or other financial assistance accepted by the municipal government;
- ☐ The proposed ordinance is an emergency ordinance;
- ☐ The ordinance relates to procurement; or
- ☐ The proposed ordinance is enacted to implement the following:
 - a. Part II of Chapter 163, *Florida Statutes*, relating to growth policy, county and municipal planning, and land development regulation, including zoning, development orders, development agreements and development permits;
 - b. Sections 190.005 and 190.046, *Florida Statutes*, regarding community development districts;
 - c. Section 553.73, *Florida Statutes*, relating to the *Florida Building Code*; or
 - d. Section 633.202, *Florida Statutes*, relating to the *Florida Fire Prevention Code*.

Consistent with the posting requirement set forth in Section 125.66(3)(a), F.S., the County hereby publishes the following BIE information for this proposed ordinance on its website for public viewing and consideration on this **28th day of July 2025**: (Date being published)

1. Summary of the proposed ordinance (must include a statement of the public purpose, such as serving the public health, safety, morals, and welfare): **AN ORDINANCE OF THE BOARD OF COUNTY COMMISSIONERS OF MARION COUNTY, FLORIDA, AMENDING THE LAND DEVELOPMENT CODE (LDC) RELATED TO SECTION 6.13.8 STORMWATER CONVEYANCE CRITERIA TO UPDATE METHODOLOGY, MINIMUM REQUIREMENTS, AND DESIGN CONSIDERATIONS TO BE CONSISTENT WITH THE MOST CURRENT ENGINEERING PRACTICES.**

2. An estimate of the direct economic impact of the proposed ordinance on private, for-profit businesses in unincorporated Marion County, if any:

(a) An estimate of direct compliance costs that businesses may reasonably incur; **There are no new direct compliance costs that businesses may reasonably incur with the proposed changes.**

(b) Any new charge or fee imposed by the proposed ordinance or for which businesses will be financially responsible; **There are no new fees imposed.**

(c) An estimate of Marion County regulatory costs, including estimated revenues from any new charges or fees to cover such costs. **There are no regulatory costs and no revenues will be generated for Marion County.**

3. Good faith estimate of the number of businesses likely to be impacted by the proposed ordinance: **Indeterminate.**

4. Additional information the governing body deems useful (if any): **The proposed ordinance revises the methodology for stormwater conveyance criteria by updating an out of date reference for rainfall intensity and providing additional options of widely accepted methods for generating peak discharge. The ordinance also revises the minimum requirements by requiring cross drains in FEMA Special Flood Hazard Areas to be analyzed for the 100-year storm event, providing criteria for auxiliary or turn lane gutter spread, providing a table of allowable easement widths, requiring FEMA no rise certification in floodways, and proving greater flexibility for pipe size requirements. Design considerations would also be required to be given for flow velocity for all stormwater conveyance systems. The updates to easement width and pipe size requirements would result in decreased amounts of waiver requests for developments in review. According to the fee schedule on file at the Office of the County Engineer as of the time of this publication, the cost for a waiver associated with a development item in review is \$100.**
