REVISED GRANT WORK PLAN**

PROJECT TITLE: Silver Springs Shores Septic to Sewer Project

PROJECT LOCATION: The Project will be located in the Silver Springs Shores area of Marion County; Lat/Long (29.128544, -82.023441).

PROJECT BACKGROUND: Onsite Sewage Treatment and Disposal Systems (OSTDS) or septic systems contribute nutrient loading to the Upper Floridian Aquifer which in turn adversely affects Silver Springs and Rainbow Springs. Marion County completed a county wide *Master Wastewater Feasibility Study (MWFS) circa September 2021* which identified Priority Project Areas (“PPA”) within the county that can be connected to central sewer and facilitate the removal of existing septic tanks from the Silver Springs and Rainbow Springs watersheds. The MWFS prioritized septic to sewer project areas within the Silver Springs Shores area because of their proximity to Silver Springs and proximity to existing sewer service. Eliminating septic systems in the Silver Springs Shores area of Marion County will reduce the nutrient loading into Silver Springs.

PROJECT DESCRIPTION: Marion County (Grantee) will properly abandon and convert septic systems in the Silver Springs Shores area from septic to sewer. The project includes wastewater infrastructure and all needed appurtenances to connect properties to the central sewer collection system. The project also provides for all related “on-lot” service connection costs from the newly installed gravity sewer collection system to the house and will include the abandonment of the existing septic tank. Marion County will be utilizing the Progressive Design-Build (PDB) method of project delivery.

Task 1: Silver Springs Shores Septic to Sewer Project

Preconstruction Activities

Deliverables: The Grantee will complete the design of the Silver Springs Shores Septic to Sewer Project and obtain all necessary permits for construction of the project. Activities necessary for design, such as surveys, geotechnical evaluations, and environmental assessments, are eligible under this activity.

Documentation: The Grantee will submit a signed summary of activities completed for the period of work covered in the payment request, including the percentage of design complete and permitting status, using the format provided by the Department’s Grant Manager. For the final documentation, the Grantee will also submit a copy of the design completed with the funding provided for this activity, a list of all required permits identifying issue dates and issuing authorities, and copies of any surveys, assessments, or other documents funded under this activity. Upon request by the Department’s Grant Manager, the Grantee will provide additional supporting documentation relating to this activity.

Construction

Deliverables: The Grantee will construct the Silver Springs Shores Septic to Sewer project in accordance with the construction contract documents. The Grantee will submit through the Department’s GIS web-interface data collection tool, parcel-level data identifying collection system extensions; lift stations and other infrastructure associated with the grant; and both the parcels connected to sewer and the parcels where sewer has been made available for connection but not yet connected along with associated grant information.

Documentation: The Grantee will submit: 1) a copy of the final design; 2) a signed summary of activities completed for the period of work covered in the payment request, using the format provided by the Department’s Grant Manager. For the final documentation, the Grantee will also submit: 3) an email from

the Department’s GIS web-interface data collection tool, confirming that data for the project has been submitted.

Connection to Central Sewer

Deliverables: The Grantee will properly abandon the septic systems and connect properties within the Silver Springs Shores area to the newly installed central sanitary sewer collection system for wastewater treatment by the Silver Springs Shores Water Reclamation Facility, ID# FLA296651.

Documentation: The Grantee will submit: 1) a signed acceptance of the completed work to date, as provided in the Grantee’s Certification of Payment Request; 2) a list of addresses and types of the properties connected; and 3) proof of connection for each property, as evidenced by copies of invoices for the connections by a licensed plumber, utility contractor, or building contractor.

If not listed under the activities above, the following apply:

Performance Standard: The Department’s Grant Manager will review the documentation to verify that the deliverables have been completed as described above. Upon review and written acceptance by the Department’s Grant Manager, the Grantee may proceed with payment request submittal.

Payment Request Schedule: The Grantee may submit a payment request for cost reimbursement no more frequently than monthly.

PROJECT TIMELINE & BUDGET DETAIL: The activities must be completed by the corresponding activity end date. Cost reimbursable grant funding must not exceed the budget amounts as indicated below.

For any activity listed in the Task with a Budget Category of Contractual Services, the Grantee shall submit a copy of the executed subcontract to the Department prior to submitting any invoices for subcontracted work.

Grant funding is, in part or whole, Federal American Rescue Plan Act (State and Local Fiscal Recovery Funds) funding from the United States Department of the Treasury. A final payment request for any Federal American Rescue Plan Act funding in this Agreement shall be submitted to the Department no later than September 30, 2026, to ensure the availability of funds and adequate time to process payment requests. Any payment requests not submitted with correct and complete forms and supporting documentation by September 30, 2026, are at risk of not being paid. If the Agreement or Task End Date were to be extended at any time, this payment request deadline shall still apply.

Funds must be fully expended and reimbursed to Grantee no later than December 31, 2026, the funds will no longer be available after that date.

MONITORING

In addition to reviews of audits conducted in accordance with 2 CFR Part 200, Subpart F-Audit Requirements, and Section 215.97, F.S., as revised (see "AUDITS" below), monitoring procedures may include, but not be limited to, on-site visits by DEP Department staff, limited scope audits as defined by 2 CFR 200.425, or other procedures. By entering into this Agreement, the recipient agrees to comply and cooperate with any monitoring procedures/processes deemed appropriate by the Department of Environmental Protection. In the event the Department of Environmental Protection determines that a limited scope audit of the recipient is appropriate, the recipient agrees to comply with any additional instructions provided by the Department to the recipient regarding such audit. The recipient further agrees to comply and cooperate with any inspections, reviews, investigations, or audits deemed necessary by the Chief Financial Officer (CFO) or Auditor General.

AUDITS

PART I: FEDERALLY FUNDED

This part is applicable if the recipient is a State or local government or a non-profit organization as defined in 2 CFR §200.330

1. A recipient that expends \$750,000 or more in Federal awards in its fiscal year, must have a single or program-specific audit conducted in accordance with the provisions of 2 CFR Part 200, Subpart F. EXHIBIT 1 to this Attachment indicates Federal funds awarded through the Department of Environmental Protection by this Agreement. In determining the federal awards expended in its fiscal year, the recipient shall consider all sources of federal awards, including federal resources received from the Department of Environmental Protection. The determination of amounts of federal awards expended should be in accordance with the guidelines established in 2 CFR 200.502-503. An audit of the recipient conducted by the Auditor General in accordance with the provisions of 2 CFR Part 200.514 will meet the requirements of this part.
2. For the audit requirements addressed in Part I, paragraph 1, the recipient shall fulfill the requirements relative to auditee responsibilities as provided in 2 CFR 200.508-512.
3. A recipient that expends less than \$750,000 in federal awards in its fiscal year is not required to have an audit conducted in accordance with the provisions of 2 CFR Part 200, Subpart F-Audit Requirements. If the recipient expends less than \$750,000 in federal awards in its fiscal year and elects to have an audit conducted in accordance with the provisions of 2 CFR 200, Subpart F-Audit Requirements, the cost of the audit must be paid from non-federal resources (i.e., the cost of such an audit must be paid from recipient resources obtained from other federal entities).
4. The recipient may access information regarding the Catalog of Federal Domestic Assistance (CFDA) via the internet at <https://sam.gov/content/assistance-listings>.

PART II: STATE FUNDED

This part is applicable if the recipient is a nonstate entity as defined by Section 215.97(2), Florida Statutes.

1. In the event that the recipient expends a total amount of state financial assistance equal to or in excess of \$750,000 in any fiscal year of such recipient (for fiscal years ending June 30, 2017, and thereafter), the recipient must have a State single or project-specific audit for such fiscal year in accordance with Section 215.97, F.S.; Rule Chapter 69I-5, F.A.C., State Financial Assistance; and Chapters 10.550 (local governmental entities) or 10.650 (nonprofit and for-profit organizations), Rules of the Auditor General. EXHIBIT 1 to this form lists the state financial assistance awarded through the Department of Environmental Protection by this agreement. In determining the state financial assistance expended in its fiscal year, the recipient shall consider all sources of state financial assistance, including state financial assistance received from the Department of Environmental Protection, other state agencies, and other nonstate entities. State financial assistance does not include federal direct or pass-through awards and resources received by a nonstate entity for Federal program matching requirements.
2. In connection with the audit requirements addressed in Part II, paragraph 1; the recipient shall ensure that the audit complies with the requirements of Section 215.97(8), Florida Statutes. This includes submission of a financial reporting package as defined by Section 215.97(2), Florida Statutes, and Chapters 10.550 (local governmental entities) or 10.650 (nonprofit and for-profit organizations), Rules of the Auditor General.
3. If the recipient expends less than \$750,000 in state financial assistance in its fiscal year (for fiscal year ending June 30, 2017, and thereafter), an audit conducted in accordance with the provisions of Section 215.97, Florida Statutes, is not required. In the event that the recipient expends less than \$750,000 in state financial assistance in its fiscal year, and elects to have an audit conducted in accordance with the provisions of Section 215.97, Florida Statutes, the cost of the audit must be paid from the non-state entity's resources (i.e., the cost of such an audit must be paid from the recipient's resources obtained from other than State entities).
4. For information regarding the Florida Catalog of State Financial Assistance (CSFA), a recipient should access the Florida Single Audit Act website located at <https://apps.fldfs.com/fsaa> for assistance. PART III: OTHER AUDIT REQUIREMENTS

(NOTE: This part would be used to specify any additional audit requirements imposed by the State awarding entity that are solely a matter of that State awarding entity's policy (i.e., the audit is not required by Federal or State laws and is not in conflict with other Federal or State audit requirements). Pursuant to Section 215.97(8), Florida Statutes, State agencies may conduct or arrange for audits of State financial assistance that are in addition to audits conducted in accordance with Section 215.97, Florida Statutes. In such an event, the State awarding agency must arrange for funding the full cost of such additional audits.)
