BCC: 09-19-00

APPLICATION #000901Z (Parcel #36879-000-00; 36943-000-00)

Applicant: Douglas Mac Walker**Owner:** D.L.J. Associates

A request to rezone approximately 21.15 acres from B-5, Heavy Business, to PUD, Planned Unit Development, for the purpose of creating a subdivision.

Existing Zoning: B-5, Heavy Business

Intent and Purpose: To provide for those uses such as retail or wholesale, repair and service, which may require larger parcels for the outside storage of materials or equipment in inventory or awaiting repair. Businesses are intended to serve clients and customers from a regional area providing access for large delivery trucks.

Proposed Zoning: PUD, Planned Unit Development

Intent and Purpose: The Planned Unit Development Classification is intended to encourage the development of land as a planned residential, commercial or industrial development complex or as a planned mixed-use development; to encourage flexible and creative concepts of site planning which will preserve the natural amenities of the land by allowing an appreciable amount of land for scenic and functional open space; provide for an efficient use of land resulting in a smaller network of utilities and streets, thereby lowering development and housing costs; and provide for a more desirable environment than would be possible through the strict application of minimum zoning requirements.

It is further the intent of this Code that Planned Unit Developments shall be designed to permit the development of various size parcels ranging from small, cluster developments to entire new mixed-use communities. The development shall provide for the efficient use of public facilities and services, prevent traffic congestion, provide a stable environmental character compatible with surrounding land uses and preserve the integrity of the surrounding areas within which they are located.

Staff Recommendation: ApprovalBasis:

- A. The proposed rezoning is consistent with the site's Comprehensive Plan Land Use Blending Overlay: Limited Commercial & Industrial designation (98L9).
- B. Development of this property as PUD, Planned Unit Development, is consistent with the overall character of the area.
- C. The proposed PUD, Planned Unit Development, zoning is compatible with existing zoning in the area.

Findings:

- 1. Is compatible with the surrounding land uses.
- 2. Is consistent with the Marion County Comprehensive Plan.
- 3. Will not adversely affect the public interest.

ANALYSIS:

Location: The subject property is located approximately 1800' north of SE 95th Street on the east side of US Highway 441.

Comprehensive Plan Designation: Land Use Blending Overlay: Limited Commercial & Industrial (98L9)

Direction	Adjacent		
	Zoning	Land Use Designation	Existing Use
North	B-5 B-4 & A-1	Urban Reserve Urban Reserve	Top Tech Automotive & Diagnostic Repair Mobile Home
South	PUD	Limited Commercial & Industrial	Vacant
East	A-1	Medium Density Residential	Vacant
West	B-4 B-5	Medium Density Residential Commercial	Single Family Residence, Mobile Home & Vacant Master Garage Builders

Access to the property is from US Highway 441.

Water/Sewer services are to be provided on site by applicant.

Comments:

The subject property is located approximately 1800' north of SE 95th Street on the east side of US Highway 441. The applicant proposes to rezone the 21.15 acre property from B-5, Heavy Business, to PUD, Planned Unit Development, for the purpose of creating a subdivision. Development of the site will be required to comply with the Land Development Code. The subject property is adjacent to PUD zoning to the south. The proposed zoning is consistent with the general character of the area and compatible with the surrounding uses. The land use on the subject property was changed from Urban Reserve (Rural) to Land Use Blending Overlay: Limited Commercial and Industrial as a result of a large scale land use amendment (98L9).

Recommendation: Staff recommends **Approval** of the applicant's rezoning request from **B-5, Heavy Business**, to **PUD, Planned Unit Development**, for the purpose of creating a subdivision.
