

List of Vision statements as discussed at the Visioning workshop

A well-planned community that is safe, healthy and thriving where family and quality of life always matter!

We are a well-planned community that supports a high quality of life where families matter by providing safety and a strong economy.

We are a safe and well-planned community with a strong economy, that supports a high quality of life where families matter.

To build a safe community that ensures a high quality of life for families based upon planned developments and a vibrant economy.

Marion County empowers a vibrant economy through responsive planning that embraces safety and quality of life.

To build a safe community that ensures a high quality of life for families based upon planned development and a vibrant economy.

A safe thriving family-oriented community focused on the future.

A community where residents can live fulfilling lives, forge meaningful connections and enjoy a high quality of life. By meeting our goals, a hometown can become a place where individuals and families choose to build their lives and create lasting memories.
