4.4. Use of Funds for Diversity, Equity, and Inclusion Prohibited

No State funding under this Contract is being provided for, promoting, advocating for, or providing training or education on "Diversity, Equity, and Inclusion" (DEI). DEI is any program, activity, or policy that classifies individuals on the basis of race, color, sex, national origin, gender identity, or sexual orientation and promotes differential or preferential treatment of individuals on the basis of such classification, or promotes the position that a group or an individual's action is inherently, unconsciously, or implicitly biased on the basis of such classification.

4.5. Coercion for Labor or Services Prohibited

In accordance with §787.06(13), F.S., under penalty of perjury, the Provider's duly authorized official

4.6. Independent Contractor, Subcontracting and Assignments

4.6.1. In performing its obligations under this Contract, the Provider is an independent contractor and not an officer, employee, or agent of the State of Florida, except where the Provider is a State agency. The Provider, its agents, employees, subcontractors, or assignees shall not represent to others they are agents of or have the authority to bind by virtue of this Contract, unless specifically authorized in writing to do so. This Contract does not create any right in any individual to State retirement, leave benefits or any other benefits of State employees due to performing the duties or obligations of this Contract.

4.6.2. The Department will not furnish services of support (e.g., office space, office supplies, telephone service, secretarial or clerical support) to the Provider, or its subcontractor or assignee, unless specifically agreed to by the Department in this Contract. All deductions for social security, withholding taxes, income taxes, contributions to unemployment compensation funds and all necessary insurance for the Provider, the Provider's officers, employees, agents, subcontractors, or assignees are the sole responsibility of the Provider and its subcontractors. No joint employment is intended and regardless of any provision directing the manner of provision of services, the Provider and its subcontractors alone are responsible for the supervision, control, hiring and firing, rates of pay and terms and conditions of employment of their own employees.

4.6.3. The Provider shall not assign its responsibilities under this Contract to another party, in whole or in part, without prior written approval of the Department. Such assignment occurring without prior approval of the Department shall be null and void.

4.6.4. The State of Florida may assign, in whole or part, its rights, duties, or obligations under this Contract to another governmental agency in the State of Florida or to a provider of the Department's selection.

4.6.5. Additional Terms if Subcontracting is Permitted

4.6.5.1. The Provider cannot subcontract for any of the work contemplated under this Contract without the Department's prior written approval. The Provider shall take all actions necessary to ensure each subcontractor of the Provider is an independent contractor and not an officer, employee, or agent of the State of Florida.

4.6.5.2. The Provider is responsible for all work performed and for all commodities produced pursuant to this Contract whether actually furnished by the Provider or by its subcontractors. Any subcontracts shall be evidenced by a written document. The Provider further agrees the Department shall not be liable to the subcontractor in any way or for any reason relating to this Contract.

4.6.5.3. The Provider shall include the substance of all clauses contained in this Contract relevant to subcontractor compliance in all subcontracts and any sub-subcontracts.

4.7. Indemnity

4.7.1. This is the sole term covering indemnification. No other indemnification clause applies to this Contract. The Provider shall indemnify the Department, where indemnification is not limited by law, as follows:

4.7.1.1. Personal Injury and Damage to Real or Tangible Personal Property. The Provider shall be fully liable for, and fully indemnify, defend, and hold harmless the State, the Department, and their officers, agents, and employees, from any suits, actions, damages, attorneys' fees, and costs of every name and description, arising from or relating to personal injury and damage to real

or personal tangible property allegedly caused in whole or in part by the Provider, provided however, the Provider need not indemnify, defend and hold harmless the State or the Department for that portion of any loss or damages proximately caused by the negligent act or omission of the State, the Department, and their officers, agents, and employees. However, should conflict arise between the terms of this agreement and §§39.011, 394.9085, and 409.993, F.S., these statutory provisions control.

4.7.1.2. Intellectual Property Liability. The Provider shall fully indemnify, defend, and hold harmless the State, the Department, and their officers, agents, and employees from any suits, actions, damages, attorney's fees, and costs of every name and description, arising from or relating to violation or infringement of a trademark, copyright, patent, trade dress, trade secret or other intellectual property right. This intellectual property liability indemnification obligation will not apply to the Department's misuse or modification of the Provider's products or the Department's operation or use of the Provider's products in a manner not contemplated by this Contract. If any product is the subject of an infringement suit, or in the Provider's opinion, is likely to become the subject of such a suit, the Provider shall, at its sole expense, procure for the Department the right to continue using the product or to modify it to become non-infringing. If the Provider is not reasonably able to modify or otherwise secure the Department the right to continue using the product, the Provider shall remove the product and refund the Department the amounts paid more than a reasonable rental for past use. The State and the Department will not be liable for any royalties, or licensing fees, not included in this Contract.

4.7.1.3. Actions Related to this Contract. The Provider shall fully indemnify, defend, and hold harmless the State and the Department, and their officers, employees, and agents from any suits, actions, damages, fines, claims, assessments, attorney's fees, and costs of every name and description, arising from or relating to any acts, actions, breaches, neglect, or omissions of the Provider related to this Contract, as well as for any determination arising out of or relating to this Contract that the Provider is not an independent contractor vis-a-vis the Department.

4.7.2. Subcontracts. The Provider shall include in all subcontracts and ensure all resulting contracts include the requirement that such resulting contractors indemnify, defend, and hold harmless the State and the Department, and their officers, agents, and employees, from suits, actions, damages, and costs of every name and description, including any and all attorney's fees, arising from or relating to any alleged act or omission by subcontractors, their officers, employees, agents, partners, subcontractors, assignees, or delegees alleged caused in whole or in part by contracted entities, their agents, employees, partners or subcontractors; provided, however, that contracted entities will not indemnify for that portion of any loss or damages proximately caused by the negligent acts or omissions of the Department. The Provider shall indemnify, defend, and hold harmless the State and the Department from the consequences of such a breach.

4.7.3. The indemnification requirement in 4.7.1 does not apply if the Provider is a governmental entity, prohibited by law, or constrained by lack of legal authority, from indemnifying the State, the Department, or other party. In such instances, the Provider remains liable for the Provider's own actions to the extent such liability exists in the absence of the legally impermissible indemnification.

4.7.4. Nothing in this Contract constitutes a waiver of sovereign immunity or consent by the Department, or the State, or its subdivisions to suit by third parties or an agreement by the Department, the State, or its subdivisions to indemnify any person.

4.8. Insurance

4.8.1. Workers' Compensation Insurance (WCI). To the extent and degree required by law, the Provider shall self-insure or maintain WCI covering its employees connected with the services provided hereby. The Provider shall require subcontractors provide WCI for its employees absent coverage by

4.8.2. General Liability Insurance. The Provider shall secure and maintain, and ensure subcontractors secure and maintain, Commercial General Liability Insurance, including bodily injury, property damage, personal and advertising injury, and products and completed operations. Such insurance shall include the State as an additional insured for the entire length of this Contract. The Provider shall set the limits of liability necessary to provide reasonable financial protections to the Provider and the State under this Contract.

4.8.3. Cyber/Network Security and Privacy Liability Insurance. The Provider shall set the limits of liability necessary to provide reasonable financial protections to the Provider and the State under this Contract.

4.8.4. Authorized Insurers and Documentation. All insurance policies will be with insurers authorized, and through insurance agents licensed, to transact business in the State, as required by chapter 624, F.S., or upon approval of the Department with a commercial self-insurance trust fund authorized under §624.462, F.S. The Provider shall provide thirty (30) calendar days written notice of cancellation of any insurance required by 4.8 to the Department. The Provider shall submit certificates of insurance coverage, or other evidence of insurance coverage acceptable to the Department, prior to this Contract execution, and provide the Department 10 days prior Notice of any cancellation or nonrenewal.

If software is being created as a work for hire the Provider shall deliver to the Department at no additional cost the decompiled source code, data libraries, manuals, documentation, and any other data or material necessary for the software to function as intended and be replicated and modified. If software or other intellectual property is not a work for hire, but is developed through performance of services under this Contract, the State of Florida is granted a perpetual, non-exclusive, non-assignable, royalty-free license to use, copy and modify such intellectual property for state business by any of the State of Florida's departments, subdivisions, or agents.

4.10.2. A thing capable of being trademarked developed in anticipation, or as a result, of this Contract will be trademarked by or on behalf of the Department. Only after the Department declines, by Notice, to hold such trademark, may the Provider trademark such a thing in its own name.

4.10.3. Any website developed in anticipation, or as a result, of this Contract will be placed in a domain of the Department's choice, copyrighted in the Department's name. Only if the Department

declines, by Notice, such placement or copyright, may the Provider copyright such a thing in its own name.

4.10.4. Any inventions or discoveries developed during or as a result of services performed under this Contract which are patentable pursuant to 35 U.S.C. §101 are the sole property of the State. The Provider shall inform the Department of any inventions or discoveries developed or made in connection with this Contract and will be referred to the Florida Department of State for a determination on whether patent protection will be sought for the invention or discovery. The State will be the sole owner of all patents resulting from any invention or discovery made in connection with this Contract.

This includes the transfer of relevant data and files, as well as property funded or provided pursuant to this Contract. The Provider shall be required to support an orderly transition to the next provider, or the Department, no later than the End Date and shall support the requirements for transition specified in a Department-approved Transition Plan, which the Provider shall develop in consultation with the Department.

4.12. Publicity

The Provider and its employees, agents, and representatives shall not, without prior written consent of the Department in each instance, use in advertising, publicity or any other promotional endeavor any State mark, the name of the State's mark, the name of the State or any State agency or affiliate or any officer or employee of the State, or any State program or service, or represent, directly or indirectly, that any product or service provided by the Provider has been approved or endorsed by the State, or refer to the existence of this Contract in press releases, advertising or materials distributed to the Provider's prospective customers.

4.14. Employee Gifts

The Provider agrees it shall not offer to give or give any gift to any Department employee during the service performance period of this Contract and for two years thereafter. In addition to any other remedies available to the Department, any violation of this provision will result in referral of the Provider's name and description of the violation of this term to the Department of Management Services for the potential inclusion of the Provider's name on the suspended vendors list for an appropriate period. The Provider shall ensure any subcontractors comply with these provisions.

If the Provider fails to promptly submit a redacted copy, the Department is authorized to produce the records sought without any redaction of trade secret information.

6. INSPECTIONS, PENALTIES, AND TERMINATION

6.1. Financial Penalties for Failure to Take Corrective Action

6.1.1. In accordance with the provisions of §402.73(1), F.S., and Rule 65-29.001, F.A.C., should the Department require a corrective action to address noncompliance under this Contract, incremental penalties listed in **6.1.2** through **6.1.3** shall be imposed for the Provider's failure to achieve the corrective action. These penalties are cumulative and may be assessed upon each separate failure to comply with instructions from the Department to complete corrective action, but shall not exceed 10% of the total contract payments during the period in which the corrective action plan has not been implemented or in which acceptable progress toward implementation has not been made. These penalties do not limit or restrict the Department's application of any other remedy available to it under law or this Contract.

6.1.2. The increments of penalty imposition that shall apply, unless the Department determines that extenuating circumstances exist, shall be based upon the severity of the noncompliance, nonperformance, or unacceptable performance that generated the need for corrective action plan, in accordance with the following standards.

6.1.2.1. Noncompliance that is determined by the Department to have a direct effect on client health and safety shall result in the imposition of a 10% penalty of the total contract payments during the period in which the corrective action plan has not been implemented or in which acceptable progress toward implementation has not been made.

6.1.2.2. Noncompliance involving the provision of service not having a direct effect on client health and safety shall result in the imposition of a 5% penalty.

6.1.2.3. Noncompliance as a result of unacceptable performance of administrative tasks shall result in the imposition of a 2% penalty.

6.1.3. The deadline for payment shall be as stated in the Department order imposing the financial penalties. In the event of nonpayment the Department may deduct the amount of the penalty from invoices submitted by the Provider.

6.2. Termination

6.2.1. The Department may terminate this Contract without cause upon no less than 30 days' Notice in writing to the Provider unless another time is mutually agreed upon in writing.

6.2.2. The Provider may terminate this Contract upon no less than 120 days' Notice to the Department unless another time is mutually agreed upon in writing.

6.2.4. In the event the Provider fails to fully comply with the terms and conditions of this Contract, the Department may terminate this Contract upon no less than 24 hours' Notice to the Provider, excluding Saturday, Sunday, and Holidays. Such Notice may be issued without providing an opportunity for cure if it specifies the nature of the noncompliance and states that provision for cure would adversely affect the interests of the State or is not permitted by law or regulation. Otherwise, Notice of termination will be issued after the Provider's failure to fully cure such noncompliance within the time specified in a Notice of noncompliance issued by the Department specifying the nature of the noncompliance and the actions required to cure such noncompliance. The Department's failure to demand performance of any provision of this Contract shall not be deemed a waiver of such performance. The Department's waiver of any one breach of any provision of this Contract is not a waiver of any other breach and neither event is a modification of the terms and conditions of this Contract. **6.2** does not limit the Department's right to legal or equitable remedies.

6.2.5. Failure to have performed any contractual obligations under any other contract with the Department in a manner satisfactory to the Department will be a sufficient cause for termination. Termination shall be upon no less than 24 hours' Notice to the Provider and only if the Provider:

6.2.5.1. Previously failed to satisfactorily perform in a contract with the Department, was notified by the Department of the unsatisfactory performance, and failed to timely correct the unsatisfactory performance to the satisfaction of the Department; or

6.2.5.2. Had any other contract terminated by the Department for cause.

6.2.7. If this Contract is for an amount of \$1 million or more, the Department may terminate this Contract at any time the Provider is found to have falsely certified under §287.135, F.S., or been placed on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List. C3.1.3. Homelessness Prevention Component (24 CFR Part 576.103) – ESG funds may be used to provide housing relocation and stabilization services and short- and/or medium-term rental assistance necessary to prevent an individual or family from moving into an emergency shelter or another place described in paragraph (1) of the “homeless” definition in 24 CFR Part 576.2. This assistance, referred to as homelessness prevention, may be provided to individuals and families who meet the criteria under the “at risk of homelessness” definition, or who meet the criteria in paragraph (2), (3), or (4) of the “homeless” definition in 24 CFR Part 576.2 and have an annual income below 30 percent of median family income for the area, as determined by HUD. The costs of homelessness prevention are only eligible to the extent that the assistance is necessary to help the program participant regain stability in the program participant's current permanent housing or move into other permanent housing and achieve stability in that housing. Homelessness prevention must be provided in accordance with the housing relocation and stabilization services requirements in 24 CFR Part 576.105, the short-

term and medium-term rental assistance requirements in 24 CFR Part 576.106, and the written standards and procedures established under 24 CFR Part 576.400(e).

- F.3.5.1.** Failure to submit a timely final invoice will result in a forfeiture of all rights to payment and the Department shall not honor any requests submitted after the aforesaid time period.
- F.3.5.2.** The Department shall withhold any payment due until the reports required by **F1–F5** have been submitted by the Provider and accepted by the Department.
- F.3.6.** Pursuant to §215.971, F.S., as a Provider or subcontractor of federal or state financial assistance, the Provider may expend funds only for allowable costs resulting from obligations incurred from July 1, 2025 through June 30, 2026, in accordance with the Department of Financial Services Reference Guide for State Expenditures which is incorporated by reference. A copy can be obtained upon request to the Contract Manager or can be located on the Florida Department of Financial Services website Contract Expenditures.
- F.3.6.1.** Pursuant to §215.971, F.S., any balance of unobligated funds which has been advanced or paid must be refunded to the Department.

- F.3.6.2.** Pursuant to §215.971, F.S., any funds paid in excess of the amount to which the Provider or subcontractor is entitled under the terms and conditions of this contract must be refunded to the Department.
- F.3.7.** Payment shall be contingent upon receiving and accepting the invoice and all required reports and supporting documentation submitted to the Contract Manager.
- F.3.8.** The Department shall approve payments following receipt of documentation of compliance with the Performance Measures for Acceptance of Deliverables in **EXHIBIT E** and applicable supporting documentation outlined in **F.4.1**.
- F.3.9. Invoice Approval Process**
- F.3.9.1.** The Department will have up to five working days from receipt of the invoice to approve or disallow proposed expenditures listed or document the incompleteness of the supporting documentation.
- F.3.9.2.** In the event of late invoice submission where multiple invoices are submitted, invoices shall be processed in the order the invoice was due for submission. Subsequent invoices will not be considered received until all outstanding invoices have been submitted and approved for payment.
- F.3.9.3.** Disallowance of proposed expenditures or incomplete supporting documentation will result in rejection of the invoice. The Department will specify, in writing, the reason(s) for rejection and corrective action(s) that must be taken by the Provider in order to process the invoice for payment. The Provider will have five working days from the date of rejection of the initial invoice to make the requested changes and resubmit for payment a corrected and accurate invoice that is accepted and approved by the Department (Contract Manager).

F4. SUPPORTING DOCUMENTATION FOR INVOICE APPROVAL

- F.4.1.** Documentation of all expenses incurred under a cost reimbursement grant must accompany the properly completed invoice. In addition, documentation also includes, but is not limited to the following:
- F.4.1.1. Professional Service Fees on a Time/Rate Basis** – The invoice must include a general statement of the services being provided. The time period covered by the invoice, as well as the hourly rate multiplied by the number of hours worked, must be stated. Supporting documentation must be included detailing the hours represented on the invoice. Such documentation should include timesheets, or a time log and copies of canceled payroll checks or payroll register. The State's Chief Financial Officer (CFO) reserves the right to require further documentation on an as needed basis.
- F.4.1.2. Postage and Reproduction Expenses** – Purchases made from outside vendors must be supported by paid invoices or receipts. Purchases for all in-house postage (e.g. postage meter) and reproduction expenses must be supported by usage logs or similar documentation.
- F.4.1.3. Expenses** – Receipts are required for all expenses incurred (e.g., office supplies, printing, long distance telephone calls, etc.).
- F.4.2.** The Provider must submit an itemized invoice by expenditure category (salaries, travel, expenses, etc.) which includes any and all subcontractor or services under this Contract along with required documentation of all expenses for COST REIMBURSEMENT activities. The Provider is required to maintain detailed supporting documentation and to make it available for audit purposes. By submission of the payment request, the Provider is certifying that the detailed documentation to support each item on the itemized invoice is on file and is available for audit.
- F.4.2.1. Salaries** – A payroll register, or similar documentation should be maintained. The payroll register should show gross salary charges, fringe benefits, other deductions, and net pay. If an individual for whom reimbursement is being claimed is paid by the hour, a document reflecting

the hours worked multiplied by the rate of pay will be acceptable. Costs should only be attributed for work on the funding stream billed.

- F.4.2.2. Fringe Benefits** – Fringe benefits should be supported by invoices showing the amount paid on behalf of the employee (e.g., insurance premiums paid). Costs associated with staff salaries need to be directly attributed to the duties under the funding stream billed.
- F.4.2.3. Travel** – For all travel expenses, a Department travel voucher, Form DFS-AA-15 (state of Florida Voucher for Reimbursement of Traveling Expenses) must be submitted. Original receipts for expenses incurred during officially authorized travel (e.g., car rental, air transportation, parking, lodging, tolls, etc.) are required for reimbursement. §287.058(1)(b), F.S., requires that bills for any travel expense shall be submitted in accordance with §112.061, F.S., governing payments by the state for traveling expenses. CFOP 40-1 (Official Travel of DCF Employees and Non-Employees) provides further explanation, clarification and instruction regarding the reimbursement of travel expenses necessarily incurred during the performance of official state business. ESG funds may be used for travel when such travel is to a HUD sponsored training.
- F.4.3.** All supporting documentation submitted shall be maintained in support of expenditure payment requests for cost reimbursement contracts. Documentation for each amount for which reimbursement is being claimed must indicate that the item has been paid. Each piece of documentation should clearly reflect the dates of service and client being served, if applicable. Only expenditures for categories in the approved agreement budget may be reimbursed. These expenditures must be allowable (pursuant to law) and directly related to the services being provided.
- F.4.4.** The Provider must maintain records documenting the total number of clients and names (or unique identifiers) of clients to whom services were provided and the date(s) on which services were provided so that an audit trail documenting service provision is available. Any payment requested under the terms of this contract may be withheld until the evaluation and reports due from the Provider, and adjustments thereto have been received and approved by the Department.
- F.4.5. Match Requirements**
- F.4.5.1** Match does not require the same type of funding as the incurred expenses, but its source must be used in a manner consistent with providing services to homeless persons and those at risk of becoming homeless and must be provided after the date this Contract is executed.
- F.4.5.2.** §420.622(4)(a), F.S., provides language pertaining to matching funds or in-kind support required of the Provider for the Challenge Grant.
- F.4.5.3.** Pursuant to 24 CFR Part 576.201, a match of 100% is required for funds received under ESG. Pursuant to 24 CFR Part 576.100, the Office on Homelessness will pass along the state's match exemption of \$100,000 (in total) to providers who lack capacity. These providers will be identified by the Office on Homelessness.
- F.4.5.4.** There must be specific documentation as to the date, amount, and source of all matching contributions.
- F.4.5.5.** The matching requirement may be met by one or more of the following:
- F.4.5.5.1.** Cash expended for allowable costs by the Provider.
 - F.4.5.5.2.** Noncash contributions which are defined as the value of any real property, equipment, goods, or services contributed to the program, provided that if the Provider had to pay for them with grant funds, the costs would have been allowable. Noncash contributions may also include the purchase value of any donated building.
- To determine the value of any donated material or building or of any lease, the Provider must use a method to reasonably calculate to establish the fair market value at the time of the donation.

Services provided by individuals must be valued at rates consistent with those ordinarily paid for similar work in the Provider's organization. If the Provider does not have employees performing similar work, the rates must be consistent with those ordinarily paid by other employers for similar work in the same labor market.

Some noncash contributions are real property, equipment, goods, or services that, if the Provider had to pay for them with grant funds, the payments would have been indirect costs. The value of materials used to improve/remodel, the fair market rental value of the space being utilized for the period, and/or the lease expense paid by the organization or donated to the organization at fair market value. Volunteer services and donated professional services are to be valued at their actual fair market value within the community.

Eligible match includes the value of goods and services, buildings and land, equipment, furnishings, supplies, staff, administrative support, volunteer manpower, donations, grants, cash, contributions, and rent, utility, insurance, and maintenance expenditures.

F.4.5.6. The matching requirement identified above may not be met by using funds from this Contract.

F.4.5.7. The Provider shall deliver quarterly reconciliations to the Department (Contract Manager) to account for match provided in this Contract. The Department reserves the right to request reimbursement for payments issued to the Provider when sufficient evidence of matching funds is not provided and documented during the quarter being reviewed.

F.5. FINANCIAL CONSEQUENCES, DELAYED PAYMENT, AND CORRECTIVE ACTION

F.5.1. This Contract shall have financial consequences related to failure of the Provider to perform under the terms of the Contract and pursuant to Sections 287.058(1)(h) and §215.971(1)(c), F.S.

F.5.1.1. The Department may reduce the invoice submitted by the Provider, to reflect the financial consequence assessed.

F.5.1.2. If full payment was received by the Provider when a financial consequence should have been imposed, the Provider shall make payable to the Department the amount of the penalty within 30 days after being notified in writing by the Contract Manager. If the Provider fails to reimburse the Department, the Department has the right to refuse to grant any new contract or contract awarded through the Department for any services, until said reimbursement is received.

F.5.2. Should the Provider fail to meet Monthly Deliverables specified in **D.2** or fail to achieve the year-to-date target of each prorated monthly deliverable, the Department, after determining the absence of mitigating circumstances, shall delay payment at a rate of 10 percent of the total invoice for each unmet deliverable. If the Provider exceeds the same deliverable(s) during the subsequent invoice period and meets the year-to-date target of prorated deliverables, the Provider may submit a supplemental invoice, demonstrating the measure has been subsequently met and request payment of the reduced (delayed) portion of the original invoice.

F.5.3. If the Provider does not meet an identified deliverable(s) during three months of this Contract, the Department shall apply the Corrective Action provisions of **6.1**. Corrective action plans required under **6.1** may result in a reduction in future funding under this Contract, through financial consequences or reallocation, determined at the Department's sole discretion by criteria established within the corrective action plan.

F.5.4. If the Provider does not submit an initial or corrected invoice within the required timeframes identified in **F.3**, the Department, after determining the absence of mitigating circumstances, shall apply a financial consequence of five percent from the invoice payment.

ATTACHMENT I FINANCIAL COMPLIANCE

The administration of resources awarded by the Department to the Provider may be subject to audits as described in this Attachment.

1. MONITORING

1.1. In addition to reviews of audits conducted in accordance with 2 CFR §§200.500- 200.521 and §215.97, F.S., as revised, the Department may monitor or conduct oversight reviews to evaluate compliance with contract, management, and programmatic requirements. Monitoring or oversight reviews include on-site visits by Department staff, agreed-upon-procedures engagements as described in 2 CFR §200.425, or other procedures. By entering into this agreement, the Provider shall comply and cooperate with any monitoring or oversight reviews deemed appropriate by the Department. In the event the Department determines that a limited scope audit of the Provider is appropriate, the Provider shall comply with any additional instructions provided by the Department regarding such audit. The Provider shall comply and cooperate with any inspections, reviews, investigations, or audits deemed necessary by the Department's Inspector General, the state's Chief Financial Officer or the Auditor General.

2. AUDITS

2.1. Part I: Federal Requirements

2.1.1. This part is applicable if the Provider is a state or local government, or a nonprofit organization as defined in 2 CFR §§200.500-200.521.

2.1.2. In the event the Provider expends \$750,000 (\$1,000,000 for fiscal years beginning on or after October 1, 2024) or more in federal awards during its fiscal year, the Provider must have a single or program-specific audit conducted in accordance with the provisions of 2 CFR §§200.500-200.521. The Provider shall provide a copy of the single audit to the Department's Single Audit Unit and its contract manager. In the event the Provider expends less than \$750,000 (\$1,000,000 for fiscal years beginning on or after October 1, 2024) in federal awards during its fiscal year, the Provider shall provide certification to the Department's Single Audit Unit and its contract manager that a single audit was not required. If the Provider elects to have an audit that is not required by these provisions, the cost of the audit must be paid from non-federal resources. In determining the federal awards expended during its fiscal year, the Provider shall consider all sources of federal awards, including federal resources received from the Department of Children & Families, federal government (direct), other state agencies, and other non-state entities. 2.1.3. The audit's schedule of expenditures shall disclose the expenditures by contract number for each contract with the Department in effect during the audit period.
