LDRC Board Members voiced their recommendations and comments regarding the current language.

The following members of the public spoke during Public Comment:

1. Wesley Valentin – 4145 SW 134th Street, Ocala
 - Opposed, stating the difficulty and expense of obtaining setup and overnight storage locations for food trucks. That daily removal requirements create operational challenges, including product spillage and equipment damage, resulting in financial loss. States restrictions on tables and tents negatively impact his business. Stressed food trucks differ from roadside vendors. Asked why he is required to move his food truck from his private land each day. Questioned the rationale behind having to relocate his food truck daily from private property, and asked whether establishing a business, such as a bar, on his land would permit the food truck to remain on-site?
2. Hector Benitez – 1451 SE 160th Street, Summerfield
 - Reported previously operating a food truck on his A-1 zoned property when a Code Enforcement Officer instructed him to remove his tent and tables. He noted a significant decline in sales following the removal. He provided a petition with multiple signatures of community support, along with photos.
3. Leanny Garcia – 12750 SW Highway 484, Dunnellon
 - Expressed concern that being unable to have tables and tents, along with the requirement to relocate her food truck nightly, will negatively impact her business. Noted that the proposed language is confusing. Emphasized her desire to comply with code requirements, but requested the ability to keep her food truck onsite overnight without incurring the cost of a Special Use Permit.
4. Carmen Murvin – 2241 SE Mill Creek Circle, Ocala
 - In Favor, insisted that roadside vendors differ significantly from food trucks, which often include tents, tables, and portable restrooms. Emphasized that food trucks operate as commercial businesses and should be treated as such and restricted to appropriately zoned areas, such as commercial districts or RAC zones. She is opposed to their presence on agricultural land. Requests the adoption of clear and enforceable regulations, and inquires about the notification process for Special Use Permit applications.

Public comment was closed by the Chair.
