**THIRD AMENDMENT TO
CENTURYLINK MASTER SERVICE AGREEMENT**

**STATE, LOCAL AND EDUCATION GOVERNMENT AGENCIES VERSION
TELECOMMUNICATIONS SERVICE PRIORITY SERVICE**

1. **General.** CenturyLink QCC will provide Telecommunications Service Priority ("Service" or "TSP") for National Security/Emergency Preparedness ("NS/EP") pursuant to the terms and conditions of the Agreement and this Service Exhibit.

2. **Service.**

2.1 **Description.** Customer can assign a 12-digit alphanumeric code issued by the Office of Priority Telecommunications ("OPT") with the TSP control identifier ("TSP Authorization Code") to its interstate telecommunications services that are used to maintain a state of readiness or to respond to and manage any event or crisis as set forth in 47 CFR Part 64, Appendix A ("NS/EP Telecommunications Services"). The TSP Authorization Code provides TSP priority levels that identify the provisioning and restoration priority-level assignment for a particular circuit. Telecommunications Service Priority allows CenturyLink to provision and restore Customer's NS/EP Telecommunications Services with TSP Authorization Codes before services without such assignments as set forth in 47 CFR part 64, Appendix A. TSP Service is available on CenturyLink services that have a unique and identifiable circuit identification number. The Service is only provided per-circuit on an end-to-end basis where the entire circuit is provided by CenturyLink (whether on its network or through leased facilities) so that the entire circuit is included in the TSP designation. The underlying NS/EP Telecommunications Service is offered pursuant to the terms and conditions of the Agreement, Service Exhibit, and/or Services Schedule applicable to the service and separate rates. TSP service is only available to federal, state, and local government users and certain private sector organizations that have services that support an NS/EP function and is applied only to interstate telecommunications services, as defined by Federal Communications Commission regulations.

2.2 **Ordering.** CenturyLink will provide the Service in accordance with 47 CFR Part 64, Appendix A and if: (a) Customer provides CenturyLink with a valid TSP Authorization code issued by the OPT for each circuit, via an Order Form; and (b) the Order Form is accepted by CenturyLink. CenturyLink will not accept TSP assignments or orders without an assigned TSP Authorization Code. TSP restoration priorities must be requested and assigned via an Order Form before a service outage occurs in order to have priority restoration.

3. **Term; Cancellation.** The Service will become effective upon CenturyLink's acceptance of an order form and will terminate upon Customer's written notice of termination to CenturyLink or OPT's revocation of the TSP Authorization Code. Service will automatically expire should Customer terminate the circuit. In the event Customer cancels Service, Customer will pay for the Service provided through the effective date of the cancellation.

4. **Charges.** "Pricing Attachment" means the attached document containing Service rates, which is incorporated by reference and made a part of this Service Exhibit. Customer will pay all applicable MRCs and NRCs as set forth in the Pricing Attachment or Order Form. The rates will be used to calculate Contributory Charges. CenturyLink reserves the right to modify rates with 30 days written notice to Customer.
