

NEXT GENERATION 911 UPDATE

911 MANAGEMENT

MISSION & VISION

- 911 Management exists to ensure that when a citizen calls 911, the call is routed to the correct Public Safety Answering Point and accurate information appears on the enhanced 911 screen – specifically, the caller's name, location, and telephone number.

MISSION & VISION

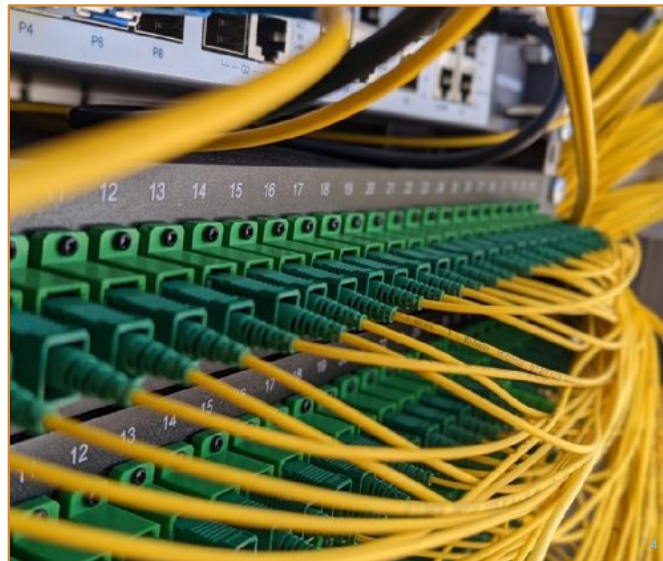

- Improved Communication Channels
- Location Accuracy
- Enhanced Data Sharing
- Better Interoperability
- Resilience & Reliability
- Faster Response Times
