Reason This  
Cannot Be Bid  
By MCBCC:

MCU is requesting approval for the purchase of all sole-source parts and services provided by Veolia Water Technologies, including but not limited to, Kruger, Hydrotech, and John Meunier products to service and maintain the WWTP filtering systems. Veolia Water Technologies is the sole proprietor of Kruger, Hydrotech, and John Meunier products, and more, and as such, is the exclusive source for all associated parts and services. There are no aftermarket parts or authorized service providers for these sole-source products, ensuring that all components must be procured directly from Veolia Water Technologies to maintain equipment integrity, performance, and warranty compliance. Due to the proprietary nature of these products, no alternative suppliers or distributors are available, making Veolia Water Technologies the only viable source for procurement.
