

MOBILE HOME. A transportable structure designed to be:

- A. Used as a year-round residential dwelling, built prior to enactment of the Federal Manufactured Housing Construction and Safety Standards, which became effective for all manufactured home construction on June 15, 1976, and
- B. Any vehicle without independent motive power which is designed for housing accommodations and transportation over the highways on a chassis under carriage, which is an integral part thereof, but does not include travel trailers or recreational units as defined by § 320.01 FS. This definition shall include any unit which meets the criteria above and is certified by the Department of Safety and Motor Vehicles as meeting requirements of as defined in Ch. 320 FS.

MANUFACTURED BUILDING. A structure bearing a seal issued by the Florida Department of Community Affairs certifying that it is built in compliance with the requirements of the Florida Manufactured Building Act of 1979.

MANUFACTURED HOME. A structure bearing a label certifying that it is built in compliance with the Federal Manufactured Housing Construction and Safety Standards (24 CFR 3280) HUD Code. For floodplain management purposes, it is a structure, transportable in one or more sections, which is eight (8) feet or more in width and greater than four hundred (400) square feet, and which is built on a permanent, integral chassis and is designed for use with or without a permanent foundation when attached to the required utilities. The term "manufactured home" does not include a "recreational vehicle" or "park trailer." [Also defined in 15C-1.0101, F.A.C.]

MODEL HOME. A single-family dwelling unit, or units, used by a home builder to illustrate the features available to a potential purchaser of a dwelling unit when constructed on a different lot, parcel, or tract.

MODEL HOME SALES LOT OR MODEL HOME COMPLEX. Model homes designed in a cluster to create a sales facility.
