

## EMPOWERING MARION FOR SUCCESS II

### 911 Management and Public Safety Communications

#### **FY 24/25 – 1st Quarter Accomplishments (October - December):**

##### Public Safety

1. Implement ESInet
  - a. Continuing to attend meetings with our Region 3 counties. \*This item, while separate, is linked to the implementation of NGCS (Next Generation Core Services).
2. Regional Back-Up Plan
  - a. MOU with Alachua County is in place.
  - b. Continuing discussions to identify additional counties that would have the capacity to handle Marion County's 911 traffic should the need arise once NGCS is fully implemented.
3. Implementation of Next Generation 911 Core Services
  - a. INdigital our Next Generation Core Services (NGCS) provider completed site inspections and has begun coordinating with different broadband providers to install circuits at each PSAP that will eventually carry our 911 traffic.
  - b. Implementation of our Regional Mapping Repository continues –
    - GIS data has been updated to meet the NENA Standards.
    - Boundary facilitation meetings have been completed with all 7 surrounding counties and updates continue.

#### **FY 24/25 – 2nd Quarter Goals (January - March):**

##### Public Safety

1. Implement ESInet
  - a. With the implementation of NGCS this item will be complete.
2. Regional Back-Up Plan
  - a. Continue to narrow down a short list of counties within the region that can serve as a reciprocal backup site for the uninterrupted processing of 911 calls should a catastrophic event affect Marion County's 911 communication operations.
3. Implementation of Next Generation 911 Core Services (NGCS).
  - a. INdigital will continue to coordinate the installation of circuits at each PSAP.
  - b. Continue working with DataMark for the implementation of our regional GIS mapping repository.
