**Sec. 4.3.28. Animal ownership limitations.**

The number and type of animals which may be owned and/or possessed in unincorporated Marion County are limited as follows:

- A. In all non-agriculturally zoned districts inside the urban growth boundary, the number of dogs shall not exceed four (4) per residence. The number of cats shall not exceed eight (8) per residence.
- B. In all agriculturally zoned properties inside the urban growth boundary used for legitimate agricultural practices, the number of dogs shall not exceed four (4) per residence. The number of cats shall not exceed eight (8) per residence.
- C. In all non-agriculturally zoned districts outside the urban growth boundary, the number of dogs shall not exceed four (5) per residence. The number of cats shall not exceed eight (10) per residence.
- D. High Volume Owners, as defined herein, may apply for an exemption through the Special Use permit review and permitting process in the A-1, General Agriculture; A-2, Improved Agriculture; or A-3, Residential Agricultural Estate zoning classification on parcels of ten (10) acres or greater.
- E. Service animals are exempt from these requirements and are not counted toward the total number of animals permitted.
