LDC 2.16.1.B(10) - Division of Land

CODE states Family Division. A parcel of record as of January 1, 1992 that is located in the Rural Land may be subdivided for use of immediate family members for their primary residences. Within the Farmland Preservation area, each new tract and the remaining parent tract must be at least three (3) acres in size. Within the Rural Land outside of the Farmland Preservation area each new tract and the remaining parent tract must be at least one acre in size. In the Urban Area, only parcels of record as of January 1, 1992 which are low density residential property exceeding two acres in size may be divided for the use of immediate family members for their primary residences up to the maximum density of one dwelling unit per gross acre. Immediate family is defined as grandparent, parent, step-parent, adopted parent, sibling, child, step-child, adopted child, or grandchild. A parcel of record shall not be allowed to be divided more than three times as a family division.

Minimum access onto a road or street shall be 40 feet in width and shall be provided by recorded deed or by recorded non-exclusive easement. No subdivision to the same family member more than once every five years shall be permitted.

Any subdividing of a parcel of record for the purpose of family division shall follow the waiver request process.

APPLICANT requests family division so stepdaughter, Ashley Grace Gilbert, can live in my existing house and I can build a new house to live in, so that she is close to me as I get older. We plan to have separate driveways. Both halves have street access.

APPLICANT requests waiver due to a 65-foot by 24-foot (1,560 square feet), 200 square feet of concrete, and an old storage building 40-foot by 20-foot (800 square feet) have been removed (earlier demo permits). The building we are installing is 2,000 square feet plus 240 square feet of driveway we are installing has decreased the impervious area by 320 square feet.

Motion by Steven Cohoon to deny, seconded by Jody Kirkman

Motion carried 4-0

LDC 6.8.6 - Buffers

CODE states It is the intent of this section to eliminate or reduce the negative impacts of the adjacent uses upon each other such that the long-term continuance of either use is not threatened by such impacts and the uses may be considered compatible.

APPLICANT requests waiver to maintain the existing buffers on the East, West, and South sides of the property, this includes 8-foot tall Ligustrums and assorted other trees. On the North side of the property (NE 35th Street) we will maintain the existing plants and add 5 ornamental trees per Susan Heyen in Parks and Recreation as there are already 7 full grown shade trees and other plants in place on the north side. The South and West side of the new building will have no doors or windows. These walls will act as a wall for additional buffer. Existing irrigation is still in place.

Motion by Michael Savage to approve the waiver request, seconded by Chuck Varadin

LDC 6.7.8. - Protected tree replacement requirements

CODE states All trees not permitted for removal must be protected and maintained.

For those protected trees permitted for removal, trees shall be replaced in accordance with the minimum standards set forth below. A. Replacement is not required where the property owner retains existing trees on the site which total an average of 100 inches DBH per acre. If replacement is necessary, a minimum of 100 inches DBH per acre on the average shall be achieved. B. If the pre-development number of inches is less than 100 DBH per acre on the average, the property owner shall replace trees to equal the pre-development number of DBH inches. C.

Replacement of trees less than 30 inches DBH and permitted for removal shall be as

described below: (1) Existing trees measuring 10 inches DBH to 19 inches DBH shall be replaced with a ratio of one-inch replacement per two inches removed and the minimum replacement tree size is 3.5-inch caliper. (2)

Existing trees measuring 20 inches DBH to 29 inches DBH shall be replaced with a ratio of 1.5 inches replacement per two inches removed and the minimum replacement tree size is 3.5-inch caliper. D. Replacement of trees 30 inches DBH or greater and permitted for removal shall be as described below: (1) All trees which receive a favorable assessment may be approved for removal by the County's Landscape Architect or his designee under the following circumstances: (a) The tree materially interferes with the proposed location, service or function of the utility lines or services, or rights-of-way, and (b) The tree cannot be preserved through re-design of the infrastructure.

(2) All trees which receive a favorable assessment shall be replaced inch-for-inch and the minimum replacement tree size is 4.0-inch caliper. (3) All trees which

receive an unfavorable assessment shall be replaced with a ratio of 1.5 inches replacement per two inches removed and the minimum

replacement tree size is 3.5-inch caliper. E. Trees removed pursuant to a permit for construction in

rights-of-way, approved by the County, State or Federal authority, shall not be required to replace the DBH of trees removed if such authority demonstrates that such trees conflict with proposed utilities, drainage, or roadway construction.

APPLICANT request waiver to provide tree mitigation, as required along with the improvements as each other phase develops within the northern sections (see survey). Trees on this site will conflict with the proposed improvements.

Motion by Steven Cohoon to rehear, seconded by Jody Kirkman

Mastroserio Engineering**

Waiver to pay sidewalk fee in lieu of construction previously approved by
DRC on 1-22-24

LDC 6.12.12.A, B, & C - Sidewalks

CODE states A. Sidewalks shall be provided in the Urban Area, Rural Activity Centers, and Specialized Commerce Districts along arterial, collector, and major local streets where these streets adjoin the project and minimally along one side of the internal streets. Sidewalks shall be constructed with all-weather surfaces and shall meet Americans with Disabilities Act, Florida

Building Code, and FDOT Design Standards. B. Sidewalks outside the right-of-way and independent of the street system are encouraged as an alternative to sidewalks parallel to a roadway, provided equivalent pedestrian needs are met. C. The sidewalk system shall provide connectivity between existing and proposed developments.

APPLICANT states this waiver is reference to the prior approved waiver on January 22, 2024. The waiver was approved to pay the sidewalk fee in lieu of construction. The owner has requested for DRC to reconsider this waiver to allow the sidewalk construction to occur when the next phase of construction is applied for via a Major Site Plan (see concept attached). The owner is willing to enter into an agreement with the county.
