# **CONFLICT OF INTEREST STATEMENT**

All members of the Tourist Development Council (TDC), including general members and the Board of Directors, shall comply with applicable Florida law in their dealings with the TDC. In addition, all members shall declare any and all conflicts of interest and refrain from voting on any issue involving such conflicts.

Under Section. 112.3143, Fla. Stat. (2012) Voting conflicts. -

(1) As used in this section:

(a) "Public officer" includes any person elected or appointed to hold office in any agency, including any person serving on an advisory board.

(3)(a) No county, . . . or other local public officer shall vote in an official capacity upon any measure which would inure to his or her special private gain or loss; which he or she knows would inure to the special private gain or loss of any principal by whom he or she is retained or to the parent organization or subsidiary of a corporate principal by which he or she is retained, . . . or which he or she knows would inure to the special private gain or loss or a relative or business associate of the public officer. Such public officer shall, prior to the vote being taken, publicly state to the assembly the nature of the officer's interest in the matter from which he or she is abstaining from voting, and, within 15 days after the vote occurs, disclose the nature of his or her interest as a public record in a memorandum filed with the person responsible for recording the minutes of the meeting, who shall incorporate the memorandum in the minutes.

Under subsection (4), an appointed public officer shall not participate in any matter which would inure to the officer's special private gain or loss (and those other persons and entities listed above), without first disclosing the nature of his or her interest in the matter. Under (4)(a), this disclosure is a written memorandum filed with the person keeping the minutes before the meeting in which the matter will be discussed or voted on. "Participate" does not mean "vote" – it means "any attempt to influence the decision by written or oral communication, whether made by the officer or at the officer's direction." See (4)(c). That is, you cannot "participate" in the discussion of the matter unless you comply with the requirements of the statute. But, even if you comply with these requirements to "participate," you still cannot vote if you have a conflict.

COUNTY ORGANIZATION AND INTERGOVERNMENTAL RELATIONS COUNTY GOVERNMENT

125.0104 Tourist development tax; procedure for levying; authorized uses; referendum; enforcement.-

(1) SHORT TITLE.—This section shall be known and may be cited as the "Local Option Tourist Development Act."

(2) APPLICATION; DEFINITIONS.—

(a) *Application*.—The provisions contained in chapter 212 apply to the administration of any tax levied pursuant to this section.

(b) *Definitions*.—For purposes of this section:

1. "Promotion" means marketing or advertising designed to increase tourist-related business activities.

2. "Tourist" means a person who participates in trade or recreation activities outside the county of his or her permanent residence or who rents or leases transient accommodations as described in paragraph (3)(a).

3. "Retained spring training franchise" means a spring training franchise that had a location in this state on or before
 December 31, 1998, and that has continuously remained at that location for at least the 10 years preceding that date.
 (3) TAXABLE PRIVILEGES; EXEMPTIONS; LEVY; RATE.—

(a)1. It is declared to be the intent of the Legislature that every person who rents, leases, or lets for consideration any living quarters or accommodations in any hotel, apartment hotel, motel, resort motel, apartment, apartment motel, roominghouse, mobile home park, recreational vehicle park, condominium, or timeshare resort for a term of 6 months or less is exercising a privilege which is subject to taxation under this section, unless such person rents, leases, or lets for consideration any living quarters or accommodations which are exempt according to the provisions of chapter 212.

2.a. Tax shall be due on the consideration paid for occupancy in the county pursuant to a regulated short-term product, as defined in s. <u>721.05</u>, or occupancy in the county pursuant to a product that would be deemed a regulated short-term product if the agreement to purchase the short-term right were executed in this state. Such tax shall be collected on the last day of occupancy within the county unless such consideration is applied to the purchase of a timeshare estate. The occupancy of an accommodation of a timeshare resort pursuant to a timeshare plan, a multisite timeshare plan, or an exchange transaction in an exchange program, as defined in s. <u>721.05</u>, by the owner of a timeshare interest or such owner's guest, which guest is not paying monetary consideration to the owner or to a third party for the benefit of the owner, is not a privilege subject to taxation under this section. A membership or transaction fee paid by a timeshare owner that does not provide the timeshare owner with the right to occupy any specific timeshare unit but merely provides the timeshare owner with the opportunity to exchange a timeshare interest through an exchange program is a service charge and not subject to taxation under this section.

b. Consideration paid for the purchase of a timeshare license in a timeshare plan, as defined in s. <u>721.05</u>, is rent subject to taxation under this section.

(b) Subject to the provisions of this section, any county in this state may levy and impose a tourist development tax on the exercise within its boundaries of the taxable privilege described in paragraph (a), except that there shall be no additional levy under this section in any cities or towns presently imposing a municipal resort tax as authorized under chapter 67-930, Laws of Florida, and this section shall not in any way affect the powers and existence of any tourist development authority created pursuant to chapter 67-930, Laws of Florida. No county authorized to levy a convention development tax pursuant to s. 212.0305, or to s. 8 of chapter 84-324, Laws of Florida, shall be allowed to levy more than the 2-percent tax authorized by this section. A county may elect to levy and impose the tourist development tax in a subcounty special district of the county. However, if a county so elects to levy and impose the tax on a subcounty special district basis, the district shall embrace all or a significant contiguous portion of the county, and the county shall assist the Department of Revenue in identifying the rental units subject to tax in the district.

(c) The tourist development tax shall be levied, imposed, and set by the governing board of the county at a rate of 1 percent or 2 percent of each dollar and major fraction of each dollar of the total consideration charged for such lease or

rental. When receipt of consideration is by way of property other than money, the tax shall be levied and imposed on the fair market value of such nonmonetary consideration.

(d) In addition to any 1-percent or 2-percent tax imposed under paragraph (c), the governing board of the county may levy, impose, and set an additional 1 percent of each dollar above the tax rate set under paragraph (c) for the purposes set forth in subsection (5) by referendum of the registered electors within the county or subcounty special district pursuant to subsection (6). A county may not levy, impose, and set the tax authorized under this paragraph unless the county has imposed the 1-percent or 2-percent tax authorized under paragraph (c) for a minimum of 3 years before the effective date of the levy and imposition of the tax authorized by this paragraph. Revenues raised by the additional tax authorized under this paragraph may not be used for debt service on or refinancing of existing facilities as specified in subparagraph (5)(a)1. unless approved by referendum pursuant to subsection (6). If the 1-percent or 2-percent tax authorized in paragraph (c) is levied within a subcounty special taxing district, the additional tax authorized in this paragraph shall only be levied therein. The provisions of paragraphs (4)(a)-(d) shall not apply to the adoption of the additional tax authorized in this paragraph. The effective date of the levy and imposition of the tax authorized under this paragraph is the first day of the second month following approval of the ordinance by referendum or the first day of any subsequent month specified in the ordinance. A certified copy of such ordinance shall be furnished by the county to the Department of Revenue within 10 days after approval of such ordinance.

(e) The tourist development tax shall be in addition to any other tax imposed pursuant to chapter 212 and in addition to all other taxes and fees and the consideration for the rental or lease.

(f) The tourist development tax shall be charged by the person receiving the consideration for the lease or rental, and it shall be collected from the lessee, tenant, or customer at the time of payment of the consideration for such lease or rental.

(g) The person receiving the consideration for such rental or lease shall receive, account for, and remit the tax to the Department of Revenue at the time and in the manner provided for persons who collect and remit taxes under s. <u>212.03</u>. The same duties and privileges imposed by chapter 212 upon dealers in tangible property, respecting the collection and remission of tax; the making of returns; the keeping of books, records, and accounts; and compliance with the rules of the Department of Revenue in the administration of that chapter shall apply to and be binding upon all persons who are subject to the provisions of this section. However, the Department of Revenue may authorize a quarterly return and payment when the tax remitted by the dealer for the preceding quarter did not exceed \$25.

(h) The Department of Revenue shall keep records showing the amount of taxes collected, which records shall also include records disclosing the amount of taxes collected for and from each county in which the tax authorized by this section is applicable. These records shall be open for inspection during the regular office hours of the Department of Revenue, subject to the provisions of s. <u>213.053</u>.

(i) Collections received by the Department of Revenue from the tax, less costs of administration of this section, shall be paid and returned monthly to the county which imposed the tax, for use by the county in accordance with the provisions of this section. They shall be placed in the county tourist development trust fund of the respective county, which shall be established by each county as a condition precedent to receipt of such funds.

(j) The Department of Revenue is authorized to employ persons and incur other expenses for which funds are appropriated by the Legislature.

(k) The Department of Revenue shall promulgate such rules and shall prescribe and publish such forms as may be necessary to effectuate the purposes of this section.

(l) In addition to any other tax which is imposed pursuant to this section, a county may impose up to an additional 1percent tax on the exercise of the privilege described in paragraph (a) by ordinance approved by referendum pursuant to subsection (6) to:

1. Pay the debt service on bonds issued to finance the construction, reconstruction, or renovation of a professional sports franchise facility, or the acquisition, construction, reconstruction, or renovation of a retained spring training franchise facility, either publicly owned and operated, or publicly owned and operated by the owner of a professional sports franchise or other lessee with sufficient expertise or financial capability to operate such facility, and to pay the planning and design costs incurred prior to the issuance of such bonds.

2. Pay the debt service on bonds issued to finance the construction, reconstruction, or renovation of a convention center, and to pay the planning and design costs incurred prior to the issuance of such bonds.

3. Pay the operation and maintenance costs of a convention center for a period of up to 10 years. Only counties that have elected to levy the tax for the purposes authorized in subparagraph 2. may use the tax for the purposes enumerated in this subparagraph. Any county that elects to levy the tax for the purposes authorized in subparagraph 2. after July 1, 2000, may use the proceeds of the tax to pay the operation and maintenance costs of a convention center for the life of the bonds.

4. Promote and advertise tourism in the State of Florida and nationally and internationally; however, if tax revenues are expended for an activity, service, venue, or event, the activity, service, venue, or event shall have as one of its main purposes the attraction of tourists as evidenced by the promotion of the activity, service, venue, or event to tourists.

The provision of paragraph (b) which prohibits any county authorized to levy a convention development tax pursuant to s. 212.0305 from levying more than the 2-percent tax authorized by this section, and the provisions of paragraphs (4)(a)-(d), shall not apply to the additional tax authorized in this paragraph. The effective date of the levy and imposition of the tax authorized under this paragraph is the first day of the second month following approval of the ordinance by referendum or the first day of any subsequent month specified in the ordinance. A certified copy of such ordinance shall be furnished by the county to the Department of Revenue within 10 days after approval of such ordinance.

(m)1. In addition to any other tax which is imposed pursuant to this section, a high tourism impact county may impose an additional 1-percent tax on the exercise of the privilege described in paragraph (a) by ordinance approved by referendum pursuant to subsection (6). The tax revenues received pursuant to this paragraph shall be used for one or more of the authorized uses pursuant to subsection (5).

2. A county is considered to be a high tourism impact county after the Department of Revenue has certified to such county that the sales subject to the tax levied pursuant to this section exceeded \$600 million during the previous calendar year, or were at least 18 percent of the county's total taxable sales under chapter 212 where the sales subject to the tax levied pursuant to this section were a minimum of \$200 million, except that no county authorized to levy a convention development tax pursuant to s. <u>212.0305</u> shall be considered a high tourism impact county. Once a county qualifies as a high tourism impact county, it shall retain this designation for the period the tax is levied pursuant to this paragraph.

3. The provisions of paragraphs (4)(a)-(d) shall not apply to the adoption of the additional tax authorized in this paragraph. The effective date of the levy and imposition of the tax authorized under this paragraph is the first day of the second month following approval of the ordinance by referendum or the first day of any subsequent month specified in the ordinance. A certified copy of such ordinance shall be furnished by the county to the Department of Revenue within 10 days after approval of such ordinance.

(n) In addition to any other tax that is imposed under this section, a county that has imposed the tax under paragraph (l) may impose an additional tax that is no greater than 1 percent on the exercise of the privilege described in paragraph (a) by ordinance approved by referendum pursuant to subsection (6) to:

1. Pay the debt service on bonds issued to finance:

a. The construction, reconstruction, or renovation of a facility either publicly owned and operated, or publicly owned and operated by the owner of a professional sports franchise or other lessee with sufficient expertise or financial capability to operate such facility, and to pay the planning and design costs incurred prior to the issuance of such bonds for a new professional sports franchise as defined in s. <u>288.1162</u>.

b. The acquisition, construction, reconstruction, or renovation of a facility either publicly owned and operated, or publicly owned and operated by the owner of a professional sports franchise or other lessee with sufficient expertise or financial capability to operate such facility, and to pay the planning and design costs incurred prior to the issuance of such bonds for a retained spring training franchise.

2. Promote and advertise tourism in the State of Florida and nationally and internationally; however, if tax revenues are expended for an activity, service, venue, or event, the activity, service, venue, or event shall have as one of its main purposes the attraction of tourists as evidenced by the promotion of the activity, service, venue, or event to tourists.

A county that imposes the tax authorized in this paragraph may not expend any ad valorem tax revenues for the acquisition, construction, reconstruction, or renovation of a facility for which tax revenues are used pursuant to subparagraph 1. The provision of paragraph (b) which prohibits any county authorized to levy a convention development tax pursuant to s. 212.0305 from levying more than the 2-percent tax authorized by this section shall not apply to the additional tax authorized by this paragraph in counties which levy convention development taxes pursuant to s. 212.0305(4)(a). Subsection (4) does not apply to the adoption of the additional tax authorized in this paragraph. The effective date of the levy and imposition of the tax authorized under this paragraph is the first day of the second month following approval of the ordinance by referendum or the first day of any subsequent month specified in the ordinance. A certified copy of such ordinance shall be furnished by the county to the Department of Revenue within 10 days after approval of the ordinance.

(4) ORDINANCE LEVY TAX; PROCEDURE.-

(a) The tourist development tax shall be levied and imposed pursuant to an ordinance containing the county tourist development plan prescribed under paragraph (c), enacted by the governing board of the county. The ordinance levying and

imposing the tourist development tax shall not be effective unless the electors of the county or the electors in the subcounty special district in which the tax is to be levied approve the ordinance authorizing the levy and imposition of the tax, in accordance with subsection (6). The effective date of the levy and imposition of the tax is the first day of the second month following approval of the ordinance by referendum or the first day of any subsequent month specified in the ordinance. A certified copy of the ordinance shall be furnished by the county to the Department of Revenue within 10 days after approval of such ordinance. The governing authority of any county levying such tax shall notify the department, within 10 days after approval of the ordinance by referendum, of the time period during which the tax will be levied.

(b) At least 60 days before the enactment or renewal of the ordinance levying the tax, the governing board of the county shall adopt a resolution establishing and appointing the members of the county tourist development council, as prescribed in paragraph (e), and indicating the intention of the county to consider the enactment or renewal of an ordinance levying and imposing the tourist development tax.

(c) Before a referendum to enact or renew the ordinance levying and imposing the tax, the county tourist development council shall prepare and submit to the governing board of the county for its approval a plan for tourist development. The plan shall set forth the anticipated net tourist development tax revenue to be derived by the county for the 24 months following the levy of the tax; the tax district in which the enactment or renewal of the ordinance levying and imposing the tourist development tax is proposed; and a list, in the order of priority, of the proposed uses of the tax revenue by specific project or special use as the same are authorized under subsection (5). The plan shall include the approximate cost or expense allocation for each specific project or special use.

(d) The governing board of the county shall adopt the county plan for tourist development as part of the ordinance levying the tax. After enactment or renewal of the ordinance levying and imposing the tax, the plan for tourist development may not be substantially amended except by ordinance enacted by an affirmative vote of a majority plus one additional member of the governing board.

The governing board of each county which levies and imposes a tourist development tax under this section shall appoint (e) an advisory council to be known as the "(name of county) Tourist Development Council." The council shall be established by ordinance and composed of nine members who shall be appointed by the governing board. The chair of the governing board of the county or any other member of the governing board as designated by the chair shall serve on the council. Two members of the council shall be elected municipal officials, at least one of whom shall be from the most populous municipality in the county or subcounty special taxing district in which the tax is levied. Six members of the council shall be persons who are involved in the tourist industry and who have demonstrated an interest in tourist development, of which members, not less than three nor more than four shall be owners or operators of motels, hotels, recreational vehicle parks, or other tourist accommodations in the county and subject to the tax. All members of the council shall be electors of the county. The governing board of the county shall have the option of designating the chair of the council or allowing the council to elect a chair. The chair shall be appointed or elected annually and may be reelected or reappointed. The members of the council shall serve for staggered terms of 4 years. The terms of office of the original members shall be prescribed in the resolution required under paragraph (b). The council shall meet at least once each quarter and, from time to time, shall make recommendations to the county governing board for the effective operation of the special projects or for uses of the tourist development tax revenue and perform such other duties as may be prescribed by county ordinance or resolution. The council shall continuously review expenditures of revenues from the tourist development trust fund and shall receive, at least guarterly, expenditure reports from the county governing board or its designee. Expenditures which the council believes to be unauthorized shall be reported to the county governing board and the Department of Revenue. The governing board and the department shall review the findings of the council and take appropriate administrative or judicial action to ensure compliance with this section.

(5) AUTHORIZED USES OF REVENUE. -

(a) All tax revenues received pursuant to this section by a county imposing the tourist development tax shall be used by that county for the following purposes only:

1. To acquire, construct, extend, enlarge, remodel, repair, improve, maintain, operate, or promote one or more:

a. Publicly owned and operated convention centers, sports stadiums, sports arenas, coliseums, or auditoriums within the boundaries of the county or subcounty special taxing district in which the tax is levied;

b. Auditoriums that are publicly owned but are operated by organizations that are exempt from federal taxation pursuant to 26 U.S.C. s. 501(c)(3) and open to the public, within the boundaries of the county or subcounty special taxing district in which the tax is levied; or

c. Aquariums or museums that are publicly owned and operated or owned and operated by not-for-profit organizations and open to the public, within the boundaries of the county or subcounty special taxing district in which the tax is levied;

2. To promote zoological parks that are publicly owned and operated or owned and operated by not-for-profit organizations and open to the public;

3. To promote and advertise tourism in this state and nationally and internationally; however, if tax revenues are expended for an activity, service, venue, or event, the activity, service, venue, or event must have as one of its main purposes the attraction of tourists as evidenced by the promotion of the activity, service, venue, or event to tourists;

4. To fund convention bureaus, tourist bureaus, tourist information centers, and news bureaus as county agencies or by contract with the chambers of commerce or similar associations in the county, which may include any indirect administrative costs for services performed by the county on behalf of the promotion agency;

5. To finance beach park facilities, or beach, channel, estuary, or lagoon improvement, maintenance, renourishment, restoration, and erosion control, including construction of beach groins and shoreline protection, enhancement, cleanup, or restoration of inland lakes and rivers to which there is public access as those uses relate to the physical preservation of the beach, shoreline, channel, estuary, lagoon, or inland lake or river. However, any funds identified by a county as the local matching source for beach renourishment, restoration, or erosion control projects included in the long-range budget plan of the state's Beach Management Plan, pursuant to s. <u>161.091</u>, or funds contractually obligated by a county in the financial plan for a federally authorized shore protection project may not be used or loaned for any other purpose. In counties of fewer than 100,000 population, up to 10 percent of the revenues from the tourist development tax may be used for beach park facilities; or

6. To acquire, construct, extend, enlarge, remodel, repair, improve, maintain, operate, or finance public facilities within the boundaries of the county or subcounty special taxing district in which the tax is levied, if the public facilities are needed to increase tourist-related business activities in the county or subcounty special district and are recommended by the county tourist development council created pursuant to paragraph (4)(e). Tax revenues may be used for any related land acquisition, land improvement, design and engineering costs, and all other professional and related costs required to bring the public facilities into service. As used in this subparagraph, the term "public facilities" means major capital improvements that have a life expectancy of 5 or more years, including, but not limited to, transportation, sanitary sewer, solid waste, drainage, potable water, and pedestrian facilities. Tax revenues may be used for these purposes only if the following conditions are satisfied:

a. In the county fiscal year immediately preceding the fiscal year in which the tax revenues were initially used for such purposes, at least \$10 million in tourist development tax revenue was received;

b. The county governing board approves the use for the proposed public facilities by a vote of at least two-thirds of its membership;

c. No more than 70 percent of the cost of the proposed public facilities will be paid for with tourist development tax revenues, and sources of funding for the remaining cost are identified and confirmed by the county governing board;

d. At least 40 percent of all tourist development tax revenues collected in the county are spent to promote and advertise tourism as provided by this subsection; and

e. An independent professional analysis, performed at the expense of the county tourist development council, demonstrates the positive impact of the infrastructure project on tourist-related businesses in the county.

Subparagraphs 1. and 2. may be implemented through service contracts and leases with lessees that have sufficient expertise or financial capability to operate such facilities.

(b) Tax revenues received pursuant to this section by a county of less than 950,000 population imposing a tourist development tax may only be used by that county for the following purposes in addition to those purposes allowed pursuant to paragraph (a): to acquire, construct, extend, enlarge, remodel, repair, improve, maintain, operate, or promote one or more zoological parks, fishing piers or nature centers which are publicly owned and operated or owned and operated by not-for-profit organizations and open to the public. All population figures relating to this subsection shall be based on the most recent population estimates prepared pursuant to the provisions of s. <u>186.901</u>. These population estimates shall be those in effect on July 1 of each year.

(c) A county located adjacent to the Gulf of Mexico or the Atlantic Ocean, except a county that receives revenue from taxes levied pursuant to s. <u>125.0108</u>, which meets the following criteria may use up to 10 percent of the tax revenue received pursuant to this section to reimburse expenses incurred in providing public safety services, including emergency medical services as defined in s. <u>401.107(3)</u>, and law enforcement services, which are needed to address impacts related to increased tourism and visitors to an area. However, if taxes collected pursuant to this section are used to reimburse emergency medical services or public safety services for tourism or special events, the governing board of a county or municipality may not use such taxes to supplant the normal operating expenses of an emergency medical services department, a fire department, a fire department, a sheriff's office, or a police department. To receive reimbursement, the county must:

1.a. Generate a minimum of \$10 million in annual proceeds from any tax, or any combination of taxes, authorized to be levied pursuant to this section;

b. Have at least three municipalities; and

c. Have an estimated population of less than 275,000, according to the most recent population estimate prepared pursuant to s. <u>186.901</u>, excluding the inmate population; or

2. Be a fiscally constrained county as described in s. <u>218.67(1)</u>.

The board of county commissioners must by majority vote approve reimbursement made pursuant to this paragraph upon receipt of a recommendation from the tourist development council.

(d) The revenues to be derived from the tourist development tax may be pledged to secure and liquidate revenue bonds issued by the county for the purposes set forth in subparagraphs (a)1., 2., and 5. or for the purpose of refunding bonds previously issued for such purposes, or both; however, no more than 50 percent of the revenues from the tourist development tax may be pledged to secure and liquidate revenue bonds or revenue refunding bonds issued for the purposes set forth in subparagraph (a)5. Such revenue bonds and revenue refunding bonds may be authorized and issued in such principal amounts, with such interest rates and maturity dates, and subject to such other terms, conditions, and covenants as the governing board of the county shall provide. The Legislature intends that this paragraph be full and complete authority for accomplishing such purposes, but such authority is supplemental and additional to, and not in derogation of, any powers now existing or later conferred under law.

(e) Any use of the local option tourist development tax revenues collected pursuant to this section for a purpose not expressly authorized by paragraph (3)(l) or paragraph (3)(n) or paragraphs (a)-(d) of this subsection is expressly prohibited.

(6) REFERENDUM.-

(a) An ordinance enacted or renewed by a county levying the tax authorized by this section may not take effect until the ordinance levying and imposing the tax has been approved in a referendum held at a general election, as defined in s. <u>97.021</u>, by a majority of the electors voting in such election in the county or by a majority of the electors voting in the subcounty special tax district affected by the tax.

(b) The governing board of the county levying the tax shall arrange to place a question on the ballot at a general election, as defined in s. <u>97.021</u>, to be held within the county, which question shall be in substantially the following form:

FOR the Tourist Development Tax AGAINST the Tourist Development Tax

(c) If a majority of the electors voting on the question approve the levy, the ordinance shall be deemed to be in effect.

(d) In any case where an ordinance levying and imposing the tax has been approved by referendum pursuant to this section and 15 percent of the electors in the county or 15 percent of the electors in the subcounty special district in which the tax is levied file a petition with the board of county commissioners for a referendum to repeal the tax, the board of county commissioners shall cause an election to be held for the repeal of the tax which election shall be subject only to the outstanding bonds for which the tax has been pledged. However, the repeal of the tax shall not be effective with respect to any portion of taxes initially levied in November 1989, which has been pledged or is being used to support bonds under paragraph (3)(d) or paragraph (3)(l) until the retirement of those bonds.

(e) A referendum to reenact an expiring tourist development tax must be held at a general election occurring within the 48-month period immediately preceding the effective date of the reenacted tax, and the referendum may appear on the ballot only once within the 48-month period.

(7) AUTOMATIC EXPIRATION ON RETIREMENT OF BONDS.—Notwithstanding any other provision of this section, if the plan for tourist development approved by the governing board of the county, as amended pursuant to paragraph (4)(d), includes the acquisition, construction, extension, enlargement, remodeling, repair, or improvement of a publicly owned and operated convention center, sports stadium, sports arena, coliseum, or auditorium, or museum or aquarium that is publicly owned and operated or owned and operated by a not-for-profit organization, the county ordinance levying and imposing the tax automatically expires upon the later of:

(a) The retirement of all bonds issued by the county for financing the acquisition, construction, extension, enlargement, remodeling, repair, or improvement of a publicly owned and operated convention center, sports stadium, sports arena, coliseum, or auditorium, or museum or aquarium that is publicly owned and operated or owned and operated by a not-for-profit organization; or

(b) The expiration of any agreement by the county for the operation or maintenance, or both, of a publicly owned and operated convention center, sports stadium, sports arena, coliseum, auditorium, aquarium, or museum. However, this does not preclude that county from amending the ordinance extending the tax to the extent that the board of the county determines to be necessary to provide funds to operate, maintain, repair, or renew and replace a publicly owned and operated convention center, sports stadium, sports arena, coliseum, auditorium, aquarium, or museum or from enacting an ordinance that takes effect without referendum approval, unless the original referendum required ordinance expiration, pursuant to the provisions of this section reimposing a tourist development tax, upon or following the expiration of the previous ordinance.

(a) Provide, arrange, and make expenditures for transportation, lodging, meals, and other reasonable and necessary items and services for such persons, as determined by the head of the agency, in connection with the performance of promotional and other duties of the agency. However, entertainment expenses shall be authorized only when meeting with travel writers, tour brokers, or other persons connected with the tourist industry. As used in this paragraph, the term "authorized person" shall have the same meaning as provided in s. <u>112.061(2)(c)</u>. With the exception of provisions concerning rates of payment for per diem, the provisions of s. <u>112.061</u> are applicable to the travel described in this paragraph. As used in this paragraph, "foreign travel" means all travel outside the United States. Persons traveling in foreign countries pursuant to this subsection shall not be entitled to reimbursements or advancements pursuant to s. <u>112.061(6)(a)2</u>.

(c) Pay by advancement or reimbursement, or by a combination thereof, the actual reasonable and necessary costs of travel, meals, lodging, and incidental expenses of officers and employees of the agency and other authorized persons when meeting with travel writers, tour brokers, or other persons connected with the tourist industry, and while attending or traveling in connection with travel or trade shows. With the exception of provisions concerning rates of payment, the provisions of s. <u>112.061</u> are applicable to the travel described in this paragraph.

(d) Undertake marketing research and advertising research studies and provide reservations services and convention and meetings booking services consistent with the authorized uses of revenue as set forth in subsection (5).

1. Information given to a county tourism promotion agency which, if released, would reveal the identity of persons or entities who provide data or other information as a response to a sales promotion effort, an advertisement, or a research

project or whose names, addresses, meeting or convention plan information or accommodations or other visitation needs become booking or reservation list data, is exempt from s. 119.07(1) and s. 24(a), Art. I of the State Constitution.

2. The following information, when held by a county tourism promotion agency, is exempt from s. <u>119.07(1)</u> and s. 24(a), Art. I of the State Constitution:

a. Booking business records, as defined in s. 255.047.

(e) Represent themselves to the public as convention and visitors bureaus, visitors bureaus, tourist development councils, vacation bureaus, or county tourism promotion agencies operating under any other name or names specifically designated by ordinance.

(10) LOCAL ADMINISTRATION OF TAX.-

(a) A county levying a tax under this section or s. <u>125.0108</u> may be exempted from the requirements of the respective section that:

1. The tax collected be remitted to the Department of Revenue before being returned to the county; and

2. The tax be administered according to chapter 212,

if the county adopts an ordinance providing for the local collection and administration of the tax.

(b) The ordinance shall include provision for, but need not be limited to:

1. Initial collection of the tax to be made in the same manner as the tax imposed under chapter 212.

2. Designation of the local official to whom the tax shall be remitted, and that official's powers and duties with respect thereto. Tax revenues may be used only in accordance with the provisions of this section.

3. Requirements respecting the keeping of appropriate books, records, and accounts by those responsible for collecting and administering the tax.

4. Provision for payment of a dealer's credit as required under chapter 212.

5. A portion of the tax collected may be retained by the county for costs of administration, but such portion shall not exceed 3 percent of collections.

(c) A county adopting an ordinance providing for the collection and administration of the tax on a local basis shall also adopt an ordinance electing either to assume all responsibility for auditing the records and accounts of dealers, and assessing, collecting, and enforcing payments of delinquent taxes, or to delegate such authority to the Department of Revenue. If the county elects to assume such responsibility, it shall be bound by all rules promulgated by the Department of Revenue pursuant to paragraph (3)(k), as well as those rules pertaining to the sales and use tax on transient rentals imposed by s. <u>212.03</u>. The county may use any power granted in this section to the department to determine the amount of tax, penalties, and interest to be paid by each dealer and to enforce payment of such tax, penalties, and interest. The county may use a certified public accountant licensed in this state in the administration of its statutory duties and responsibilities. Such certified public accountants are bound by the same confidentiality requirements and subject to the same penalties as the county under s. <u>213.053</u>. If the county delegates such authority to the department, the department shall distribute any collections so received, less costs of administration, to the county. The amount deducted for costs of administration by the department shall be used only for those costs which are solely and directly attributable to auditing, assessing, collecting, processing, and enforcing payments of delinquent taxes authorized in this section. If a county elects to delegate such authority to the department, the department shall audit only those businesses in the county that it audits pursuant to chapter 212.

(11) INTEREST PAID ON DISTRIBUTIONS.-

(a) Interest shall be paid on undistributed taxes collected and remitted to the Department of Revenue under this section. Such interest shall be included along with the tax proceeds distributed to the counties and shall be paid from moneys transferred from the General Revenue Fund. The department shall calculate the interest for net tax distributions using the average daily rate that was earned by the State Treasury for the preceding calendar quarter and paid to the General Revenue Fund. This rate shall be certified by the Chief Financial Officer to the department by the 20th day following the close of each quarter.

(b) The interest applicable to taxes collected under this section shall be calculated by multiplying the tax amounts to be distributed times the daily rate times the number of days after the third working day following the date the tax is due and payable pursuant to s. <u>212.11</u> until the date the department issues a voucher to request the Chief Financial Officer to issue the payment warrant. The warrant shall be issued within 7 days after the request.

(c) If an overdistribution of taxes is made by the department, interest shall be paid on the overpaid amount beginning on **13** the date the warrant including the overpayment was issued until the third working day following the due date of the payment

period from which the overpayment is being deducted. The interest on an overpayment shall be calculated using the average daily rate from the applicable calendar quarter and shall be deducted from moneys distributed to the county under this section.

# **Ocala/Marion County Tourist Development Council By-Laws**

# **LEGAL AUTHORITY:**

Legal authority for the Marion County Tourist Development Council (the "Council") is found under Section 125.0104, Florida Statutes, known as "The Local Option Tourist Development Act", as subsequently amended, and Resolution No. 04-R-44 establishing the Council and stating the intent to levy a Tourist Development Tax (the "Act"). As an appointed Advisory Board, the Council is bound by State and County Laws, ordinances, and procedures governing the Council members and their activities, as well as procedures for reviewing expenditures of tourist development tax revenues.

#### **OVERALL RESPONSIBILITIES:**

The Ocala/Marion County Tourist Development Council's (TDC) primary responsibility is to advise and make recommendations to the Board of County Commissioners on matters related to tourism sales, marketing, and advertising in order to help increase overall visitation and lodging facility occupancy. The Council shall advise and make recommendations to the Board for the effective operation of the special projects and for uses of the Tourist Development Tax revenues to ensure conformity with the provisions of Section 125.0104, Florida Statutes.

The TDC members may not conduct the following: (i) attempt to authorize any form of distributions or purchases; (ii) attempt to approve the dissolution, merger, sale, pledge or transfer of any TDC assets; or (iii) attempt to elect, appoint or remove members or fill vacancies on the TDC.

1. The Council shall be composed of nine (9) members. One (1) member of the council shall be the Chairman of the Board of County Commissioners of Marion County, Florida, or any other member of the Board of County Commissioners as designated by the Chairman. The Council shall elect its Chairman. The remaining eight (8) members of the council shall be appointed by the Board of County Commissioners and shall have the following representative classifications:

(1) Two (2) members who are elected municipal officials, one of whom shall be from the most populous municipality in the County.

(2) Three (3) members who are owners or operators of motels, hotels, or other tourist accommodations in Marion County and subject to the tourist development tax.

(3) Three (3) members who are involved in the tourist industry and who have demonstrated an interest in tourist development, but who are not owners or operators of motels, hotels, or other tourist accommodations in Marion County and subject to the tax.

All members of the council shall be electors of Marion County. The members of the council shall serve staggered terms of four (4) years. Members of the council may be reappointed, provided they continue to meet the qualifications of membership. A vacancy on the council not occurring by expiration of term shall be filled by the Board of County Commissioners by appointment to fill the unexpired term.

- 2. Terms. All Council members shall serve for staggered terms of four (4) years, with the exception of the members of the municipalities and the Board who serve as appointed by their respective governing bodies. Their terms are subject to re-appointment or term expiration, whichever comes first. Board may designate the Council Chairman or allow the Council to elect a Chairman. Terms for the Chairman and Vice-Chairman of the Council shall be for one (1) year and they may be reappointed.
- 3. **Orientation.** For each term appointed, Council members shall participate in an orientation process, which shall include, but is not limited to, an overview of Sunshine Law, Public Records, Ethics (financial disclosure, gifts law, conflicts of interest) and relevant statutes, ordinances and operating policies. From time-to-time, the Council shall participate in a refresher briefing on the topics included in the orientation.
- 4. Vacancies. Should any seat on the Council become vacant, a replacement to serve the remainder of that term shall be appointed in the same manner as the appointment of the person whose absence created the vacancy.
- 5. **Removal/Resignation**. If any member fails to attend three (3) successive meetings without prior approval of the Chairman of Council or if any member fails to attend forty percent (40%) or more of all meetings within any calendar year, such fact shall reported to the Board of County Commissioners. Special consideration/leniency will be given for any absences due to Acts of God, personal illness/medical, and/or family emergencies. If one of the elected municipal or county officials on the Council is removed for this reason, the applicable governing entity shall be required to appoint another elected representative as their replacement. In the event a Council member no longer wishes to serve or no longer conforms to the criteria listed in in Florida Statute 125.0104 to hold the seat to which they were appointed, said Council member shall forward a letter to the Council and the Board stating these facts and shall additionally tender a letter of resignation along with this submittal.
- 6. Agenda. There shall be an official agenda for every Council meeting, which shall determine the order of business conducted at the meeting. The agenda will be prepared for each Council meeting by the Director. Individuals or entities wishing to place an item on an upcoming agenda for Council action must submit a written request to the Director at least two (2) weeks prior to a regularly scheduled meeting along with any supporting documentation. Department staff, and the County Attorney's Office if necessary, shall provide background information on each agenda item and such information shall be available to Council members at least two (2)

business days prior to a scheduled meeting. Except as otherwise provided for herein, non-agenda matters shall be confined to items that are informational only.

- 7. **Minutes**. Written minutes shall be kept of each Council meeting. A written summary of each meeting shall be presented at the next Council meeting for approval by Council members and signed by the Council Chairman. Minutes will then be sent to the Clerk's Office to be placed on the next BCC Agenda under Notation for Record. Such written summary shall include the Council members in attendance, major items of discussion, formal action taken at such meetings, and items presented during public comments. The Council shall abide by Florida Statutes in regard to minutes and public participation.
- 8. Voting. TDC members <u>must</u> recuse themselves and abstain from <u>voting or recommending</u> any marketing activities, expenditures or funding from which they, their business or their employer will directly benefit. Any member that abstains from voting must complete Form 8B Memorandum of Voting Conflict for County, Municipal, and Other Local Public Officers within 15 calendar days of when the vote occurred for the voting record maintained by VCB staff. Roll call will be taken on each vote relating to financial recommendations. Items will be voted on individually, rather than collectively.
- 9. **Council Meetings**. The TDC will meet at least once a quarter, with additional meetings or workshops set up by a vote of its members.
- 10. **Notice**. All meetings are open to the public, must adhere to State of Florida Sunshine Laws and must be publicly advertised in advance, in keeping with County policy.
- These By-Laws may be amended from time to time by the Board of County Commissioners. The Council may provide recommendations to the Board as to proposed modifications.

#### Report from Chair

#### Gateway Signage Update

Commissioner Carl Zalak in at 9:07am

Mr. Richard Busche, Principle Engineer, Senior Vice President - Kimley Horn, presented an update on the Gateway Project (County Line Markers). Mr. Busche advised the county line markers were developed to introduce visitors to Marion County. He advised the pillars signal that one has entered into Marion County and as the person enters into the central urban core of the county, the Gateway Flyovers would be visible. The County Line Pillars were completed and have been up for approximately one year. Mr. Busche advised the North Gateway (future development at the Buc-ees interchange) would have a similar concept to the South Gateway (42<sup>nd</sup> Street Flyover) and tie into the County Line Markers (pillars). The North Gateway bridge would be longer in length than the South Gateway because it would be part of the divergent diamond interchange and would be the largest interchange in Marion County. The design of the project was completed and FDOT (Florida Department of Transportation) advertised as well as solicited for a contractor. The department took the design to approximately 90% complete and issued an advertisement for contractors to fine tune the final 10% of the design and build the project. The current schedule indicated the contract would be issued for construction in May of 2025. Mr. Busche advised this was an accelerated timeline due to the anticipation of Buc-ees and requests from the Governor's office and state. The expected completion date for Buc-ees and the interchange was scheduled for 2027 but the actual completion date would be announced once a contractor was selected. Mr. Busche advised the difference between the North Gateway and the South Gateway was that Kimley Horn and Marion County partnered to design of the North Gateway since the contractor that builds the interchange would also build the Gateway. Mr. Busche stated the South Gateway was currently under construction. He then showed the original concept design which was approved by the TDC and Board of County Commissioners. Mr. Busche then showed the council a copy of the rendered concept based on the final construction plans which was exactly the same as what was originally approved. He advised construction was currently underway and attachments were being connected to the bridge to secure the lettering and artwork. The column on the east side of the highway was set and the column on the west side was forthcoming. Mr. Busche advised Kimley Horn partnered with Florida Department of Transportation throughout the process. He further advised the attachment of the artwork was pending, as well as, placement of the lights, running the electrical on the back of the artwork panels and putting the electric panel up behind the Kohls department store. Mr. Busche stated the substantial completion date was noted as January 14, 2025 but there had been a seven (7) day time extension requested due to two hurricanes.

Mr. Bailey requested to know what substantial completion meant.

Mr. Busche advised the term "substantial completion" would indicate to the public eye that the project was completely finished. There may be some minor details noted after the inspection that the contractor would need to take care of but the project would visually appear completed. There may also be some permits which need to be closed and some coordination with the Office of the County Engineer to make sure they were prepared to start maintaining the flyover.

Mr. Bailey requested to know when the first art panel would be attached.

Mr. Busche advised that a monthly progress meeting was pending but the expectation was that the first art panel would be attached after Thanksgiving. The contractor was scheduled to be out nightly from 8:00pm-4:00am to perform work on the flyover.

Mr. Bailey requested to know what plans were made to communicate the pending work on the project and possible lane closures to the community.

Ms. Shaffer advised a Q&A organized with FDOT was sent out prior to lane closures which to alert the community.

Commissioner Zalak requested confirmation as to whether the O.C.A.L.A lettering would be lit or backlit.

Mr. Busche advised the letters would be internally lit for this project. The lettering would be white. He further advised the department considered having dark letters with a white background and backlighting behind it but during the design phase the white letters were preferred. Mr. Busche also advised the letters were built taller than Florida Department of Transportation normally allowed. He then stated the county emblems would also be lit but adjustments were made to create a blue ring around them instead of a cornered edge like the pillars.

#### *Tourist Development Tax Update – George Albright – Marion County Tax Collector*

Mr. George Albright, Marion County Tax Collector, advised the council previously discussed hiring a vendor to pursue short-term rental owners and collection of Tourist Development Tax. Mr. Albright advised a vendor was hired during COVID and unfortunately, the vendor was unable to meet the expectations of the council. He advised the technology used to obtain the data had improved over the years and a new vendor was chosen. Mr. Albright then introduced Tammy McCann, Deputy Tax Collector, to discuss the initiative further.

Ms. McCann advised she was responsible for handling all of the Tourist Development Tax received from hotels, VRBOs, Air BNBs, etc. She presented a packet which provided an explanation of the software and what it would produce. She stated the software would go out nightly to gather data for Marion County, Florida from the internet. The software would determine if vacation rentals were being advertised on different sites, some of which may not be widely known. Once the system located a vendor who wasn't registered with Marion County, a packet would be sent to them with a letter. The initial letter sent would inform registered vendors of the new process and request they reregister for the new program. Ms. McCann advised no registration fee existed for the accommodator and a payment portal would be created for ease of use.

Ms. Billig requested to know if the user must put in the income they received from the property to determine their tax obligation or if the system calculated the information for them.

Ms. McCann advised the user must update the income information and the system would then calculate their tax obligation. She further advised the tax collector would have the ability to access data to verify the amount of income the accommodator generated and the amount of tax they should be responsible for. She then requested that all accommodators provide an updated email address to the tax collector's office because that would generate a system login for their account and send reminder emails for upcoming payments. Ms. McCann advised the system had a total of four (4) letters that could be generated. She then advised over four thousand and fifty-three listings existed on the Marion County map of which 1,871 were short-term rentals.

Mr. Albright advised the Tax Collector's Office would move all taxation and collection information from their platform to the new system.

Mr. Bailey requested to discuss the third letter in the packet which stated that if an accommodator had not provided their income information the system would estimate the taxable income and provide it to them. He wanted to know what would happen if the accommodator disputed the charges.

Ms. McCann advised the system had a history tab which would show the rental history

of the unit and how much was charged.

Commissioner Zalak requested to know what would happen if an owner failed to make payment.

Mr. Albright advised the county ordinance allowed for a lien against the owner's property.

Commissioner Zalak requested to know if the system would delineate between the owner blocking out their calendar for a period of time vs the property being rented.

Ms. McCann advised if the owner blocks out the calendar, a circle with a line would show and no one could rent the unit. If a renter decided to rent the property, the calendar would show a different color with a nightly rate signifying the unit was rented.

Commissioner Zalak advised he spoke to other Commissioners who worked with Air BNBs and they included language in their ordinances which required each unit to be registered and receive a registration number. That registration number was placed into the system for better tracking of the units.

Ms. McCann advised there were other agencies who required an application fee. This requirement must be implemented by the Board of County Commissioners if they would like to proceed with it.

Commissioner Zalak advised the question was asked so he could take the request to the Board of County Commissioners and request an enhancement to the Marion County ordinance to include back taxes as well as fines.

Mr. Albright suggested the county give the program six (6) months to determine if accommodators acclimated to the system and whether the program needed amending. If an amendment was necessary, the ordinance could be modified.

Commissioner Zalak advised he wanted to think about future options as he felt the ordinance could be streamlined.

Mr. Reynolds advised half of the short-term rental units were in the City of Ocala and requested to know if the county ordinance would also extend to the City of Ocala.

Commissioner Zalak and Ms. McCann both advised the ordinance was countywide therefore, the city's rentals would fall under the county ordinance as long as the city did not create their own ordinance.

Ms. McCann advised she was unaware of the number of short-term rentals in the City of Ocala but she could obtain that number and provide it to the council.

Mr. Albright advised the ordinance would be a specific taxation ordinance adopted by the City of Ocala if they had one.

Mr. Reynolds advised he did not believe the City of Ocala had an ordinance.

Ms. McCann advised she had some accommodators within the city limits who call her to request information on how to pay their short-term rental tax. She advised that she would refer them to the City of Ocala to determine if a business license was needed because the Tax Collector does not require a business license for the county.

Commissioner Zalak requested to know if there was a county map which denoted where the short-term rentals were located.

Ms. McCann advised she would research to see if a map existed and could be provided to the council for review.

Commissioner Zalak advised starting this project in January would provide the council and Tax Collector the opportunity to capture the majority of the short-term rentals since most people utilized this form of lodging as a rental option during that time of year.

Ms. McCann advised that she located some properties which only rent during the Winter months because that was the most profitable for them.

Commissioner Zalak stated some counties had an ordinance requiring renters to rent for at least one-month to alleviate the influx of short-term renters. He then requested to know if owners of campground space that was utilized for RV rentals had signed up with the Tax Collector for short-term rental tax, as well. Commissioner Zalak then stated, if not, he wanted to know if the county would be able to require these property owners to register with the Tax Collector. He also requested to know if event venues such as HITS and The Florida Horse Park were registering their short-term RV rental properties.

Mr. Locke advised The Florida Horse Park should be registered and the Tax Collector should be collecting taxes under the Horse Parks umbrella.

Commissioner Zalak requested to know the amount of taxes collected for the current year.

Ms. Shaffer advised the VCB would work with the Tax Collectors' offices to develop and disseminate future communication. Next, she thanked the tax collector's office for working with the VCB regarding tax collection and navigating options to assist with future plans. She advised the Tax Collector's Office was collecting 1.5% tax for many years and now collected 3% tax which helped the county greatly.

Mr. Albright advised the 3% tax was only used to pay for the tax collection software used to collect for short-term rentals.

Ms. Shaffer affirmed.

Mr. Albright requested to know the amount of tax's collected last year.

Ms. Wheeler advised the total amount remitted to the Tourist Development Department last year was \$5,481,186.06.

Mr. Bailey requested to know how much of the total collected was from short-term

rentals.

Ms. Wheeler advised the total collected was not broken down into categories so she could not provide the requested information.

Commissioner Zalak requested the Tax Collector's Office provide information on the total amount of tax collected from short-term rentals in next year's update.

Ms. Wheeler advised Ms. McCann would add a line to the spreadsheet provided to the Tourist Development Department which indicated the amount collected for short-term rentals.

Mr. Albright advised greater awareness of the new short-term rental tax collection policy as well as collection of business owner names would be pivotal to its success. He also advised that collaboration with the Chamber & Economic Partnership would assist in disseminating information about the program.

Ms. Shaffer advised the county should explain the reason why the taxes were required and what the taxes were used for to short-term rental owners.

Mr. Albright affirmed.

Commissioner Zalak requested to know when the county could expect the new tax collection system for short-term rentals to be in working order.

Mr. Albright advised the system had not been delivered to their department yet and advised it would be sometime after January 1, 2025. He stated this system would be built from scratch as it must interface with the other systems used in their office. Mr. Albright further advised that for ease of collection, they requested that Deckard Technologies (the company building the tax collection software) handle all collections.

#### Proposed Tourist Development Meeting Dates 2025

Mr. Bailey advised the Tourist Development Department proposed meeting dates for 2025 and a sheet was provided which outlined the tentative schedule.

Ms. Wheeler advised the outline provided allowed TDC members to review their calendars. The dates for January 16<sup>th</sup> and February 27<sup>th</sup> were secured for TDC meetings and the remaining dates would be voted on at the next TDC meeting.

# It was noted for the record that a technical issue occurred at 9:49am and the remainder of the meeting was not recorded.

Ms. Wheeler explained that some council members and VCB staff had pre-scheduled meetings which could not be rescheduled and therefore optional meeting dates were provided. She further explained that optional dates outlined in green were proposed dates and with no conflict, the dates outlined in yellow indicated a potential TDC

member conflict and the dates outlined in red note confirmed conflicts and an optional date must be selected.

A motion was made by Rus Adams, seconded by Commissioner Carl Zalak, to approve the recommendation to proceed with meeting dates of January 16, 2025 and February 27, 2025 then vote on all future meeting dates for 2025 at the next Tourist Development Council meeting to the Board of County Commissioners. The motion was unanimously approved by the council (7-0).

#### Marketing and Communications Update

Jessica Heller, Marketing and Communications Supervisor, advised the media placements were limited from September 1-October 31, 2024 due to the close of Fiscal Year 23-24, as well as, two hurricanes that impacted Florida. She advised that Current

Running Media included print ads in the Ocala Relocation Guide (5,000+ distribution), Visit Florida International Guide and the Sports Planning Guide. She further advised that billboards were placed throughout Florida via Outfront (2 Billboards) and Clear Channel (1 Billboard). Ocala/Marion County also had digital billboards running in the Tampa International Airport and Orlando International Airport as well as Urban Panel placements of digital panels in New York and Atlanta. Ms. Heller indicated that Marion County's digital placements included Expedia (August 22-September 21, 2024) with approximately 1 million impressions, Ad+Genuity DSP (Nov 2024-Sept 2025), Sports Planning Guide (Oct 2024-Sept 2025), Flamingo Magazine and Undiscovered Florida. She also stated that Industry and Advocacy Communications included messaging about hurricane Helene and hurricane Milton, a presentation to Ocala Sunset Rotary, Tourism Exchange partner outreach and distribution of the Annual Meeting invitations. ### **Room Night Generating Events**

#### Funding Program Guidelines & Application

The Ocala/Marion County Visitors and Convention Bureau (OMCVCB) recognizes events are a major contributor to the overall tourism economy. In order to develop event related tourism, the OMCVCB has put in place these Funding Program Guidelines for events seeking funding. This funding program is conducted in accordance with applicable federal, state and local policies. The Florida State Legislature enacted the Local Option Tourist Development Act (Section 125.0104, Florida Statutes) in response to the growing need of Florida counties to provide additional revenue sources for tourist development in an effort to stimulate the local economy. The Marion County Tourist Development Council (TDC) was created pursuant to Marion County Resolution 04-R-44, as a result of the 2004 passage of the 2% Tourist Development Tax (TDT) and subsequent passage of an additional 2% TDT in 2015, and operates in accordance with Florida State Statute 125.0104. The Tourist Development Tax Revenues are designated to promote Ocala/Marion County as a preferred visitor destination.

#### **ROOM NIGHT GENERATING EVENT FUNDING CRITERIA - STATEMENT OF POLICIES**

Funding will be provided as a reimbursement in direct correlation for room nights generated and approved eligible expenses. For each verified room night, a rebate will be eligible to the Event planner. The rebate schedule for the year will be as follows:

Quarter 1 (Q1): January - March - \$5 rebate per verified room night

Quarter 2 (Q2): April – June - \$10 rebate per verified room night

- Quarter 3 (Q3): July September \$15 rebate per verified room night
- Quarter 4 (Q4): October December \$10 rebate per verified room night

\* The applicable rebate rate is determined based on the event dates, not the submission date of the funding application.

\*\* If the event dates span two or more quarters, the rebate rate will be determined individually, using specific STR data to assess the timeframe and allocate the event to the appropriate quarter.

Any Event that estimates producing less than 250 verified room nights will not be eligible to apply. Additionally, reimbursement amounts will be capped at the figure requested on the application and approved by the Marion County Board of County Commissioners. No amounts will be increased retroactively. The maximum funding for any Event by this Program is not intended to exceed \$10,000 during Q1 and \$25,000 during Q2, Q3 and Q4.

#### **Event Bid Fee / Rights Fee Policy**

Purpose: The purpose of this policy is to establish clear guidelines for evaluating and determining whether the Ocala/Marion County Visitors and Convention Bureau (OMCVCB) will consider a bid fee or rights fee to secure an event for the destination. The goal is to ensure that such decisions are made strategically, considering the potential economic impact, alignment with destination goals, and overall benefits to the community. The OMCVCB accepts, reviews, and processes bid fees/rights fees on behalf of the Tourist Development Council. Bid fees are provided in accordance with applicable federal, state, and local policies, as specified under Florida State Statute 125.0104.

Approval Process: Requests for bid fees or rights fees must be reviewed by the OMCVCB sales team and would require recommendation by the Tourist Development Council to the Marion County Board of County Commissioners for approval.

Assessment Criteria: The OMCVCB will consider a bid or rights fee only if the event meets a majority of the following criteria:

- 1. Economic Impact: The event is expected to generate significant tourism revenue for the local economy mainly through hotel stays but also dining, shopping, entertainment, etc. Bid fees will be considered when the projected economic impact and return on investment (ROI) are favorable for Marion County.
- 2. Brand Alignment: The event aligns with the destination's brand and enhances the reputation and visibility of the destination to key target audiences.
- 3. Strategic Alignment: Some events align strongly with the destination's tourism goals, whether by attracting a key demographic, building on a destination's strengths (e.g., sports, culture), or supporting a broader marketing campaign. In such cases, paying a fee can strengthen the destination's appeal in those sectors.
- 4. Seasonality: The event helps address seasonal demand by attracting visitors during off-peak periods or fills gaps in the destination's calendar. Events scheduled during off-peak tourism seasons or need periods may qualify for bid fee support if they help fill occupancy gaps and stimulate local business during slow periods.
- 5. Media Exposure: The event offers potential for substantial media exposure and marketing opportunities that amplify the destination's reach and visibility.
- 6. Marketing and Media Value: In cases where an event provides significant media exposure—such as being broadcast nationally or internationally and/or livestreamed online—the value of the marketing exposure may justify the fee, particularly if it is difficult to quantify through direct economic impact alone.
- 7. Legacy Impact: The event is likely to create long-term benefits for the community, including increased interest in repeat visitation, development of local sports or cultural programs, or infrastructure improvements. The OMCVCB may be more inclined to pay a bid fee for events that have the potential to return on an annual basis, creating a sustainable economic benefit for multiple years.

- 8. Competitive Positioning: Paying a fee can make the destination more competitive against other cities or regions vying for the same event. In cases where the event rights holder is actively considering multiple locations, a bid fee can give the destination an edge. In most cases, an event organizer would require a bid fee if the event is awarded to a destination as part of the competitive bid process.
- 9. Ability to secure event: Events will not be considered for bid fee or rights fee funding if they have not previously required a bid fee, if they are held in other destinations without a bid fee, or if they would still choose to come to the destination without the payment of a bid fee. Only events that explicitly require a bid fee to secure their location in the destination will be eligible for consideration under this program.

#### Rationale for Not Paying a Bid/Rights Fee:

- 1. Limited Economic Return: If the projected economic benefits of the event do not justify the cost of the bid fee, the OMCVCB will not provide funding. Events that fail to generate sufficient hotel room nights, restaurant traffic, or visitor spending would not warrant the investment.
- 2. Event Saturation: If the destination already has a full calendar of events during the proposed time, adding another event may create diminishing returns or logistical challenges. The VCB may decline to pay a fee if the event conflicts with or oversaturates the destination's event offerings.
- 3. Risk of Over-Dependence on Fees: The OMCVCB will avoid setting a precedent of routinely paying bid fees, as this could encourage event rights holders to anticipate compensation for every opportunity. **Decisions will be made based on strategic priorities rather than as a blanket policy.**
- 4. Event Previously Hosted in Destination/Already Secured: If an event has previously been hosted without a bid fee or the OMCVCB is aware of other destinations securing the event without paying a bid, this sets a precedent that a fee may not be required, nor should a bid fee be paid.
- 5. Unestablished Events: For new, unproven events with no history of success, the OMCVCB may opt not to offer a bid fee due to the risk of poor attendance or lack of financial viability.
- 6. Budget Constraints: The OMCVCB operates within an established budget and would only consider funding a bid fee if adequate funding is available.

Application Guidelines – No formal written application is required.

• Events interested in pursing a Bid Fee from the OMCVCB must submit a letter of intent.

#### OR

• An RFP detailing the event must be submitted for consideration.

The OMCVCB accepts, reviews, and processes bid fees/rights fees on behalf of the Tourist Development Council. Bid fees are provided in accordance with applicable federal, state, and local policies, as specified under Florida State Statute 125.0104.

Approval Process: Requests for bid fees or rights fees must be reviewed by the OMCVCB sales team and would require recommendation by the Tourist Development Council to the Marion County Board of County Commissioners for approval.

Assessment Criteria: The OMCVCB will consider a bid or rights fee only if the event meets a majority of the following criteria:

- 1. Economic Impact: The event is expected to generate significant tourism revenue for the local economy mainly through hotel stays but also dining, shopping, entertainment, etc. Bid fees will be considered when the projected economic impact and return on investment (ROI) are favorable for Marion County.
- 2. Brand Alignment: The event aligns with the destination's brand and enhances the reputation and visibility of the destination to key target audiences.
- 3. Strategic Alignment: Some events align strongly with the destination's tourism goals, whether by attracting a key demographic, building on a destination's strengths (e.g., sports, culture), or supporting a broader marketing campaign. In such cases, paying a fee can strengthen the destination's appeal in those sectors.
- 4. Seasonality: The event helps address seasonal demand by attracting visitors during off-peak periods or fills gaps in the destination's calendar. Events scheduled during off-peak tourism seasons or need periods may qualify for bid fee support if they help fill occupancy gaps and stimulate local business during slow periods.
- 5. Media Exposure: The event offers potential for substantial media exposure and marketing opportunities that amplify the destination's reach and visibility.
- 6. Marketing and Media Value: In cases where an event provides significant media exposure—such as being broadcast nationally or internationally and/or livestreamed online—the value of the marketing exposure may justify the fee, particularly if it is difficult to quantify through direct economic impact alone.
- 7. Legacy Impact: The event is likely to create long-term benefits for the community, including increased interest in repeat visitation, development of local sports or cultural programs, or infrastructure improvements. The OMCVCB may be more inclined to pay a bid fee for events that have the potential to return on an annual basis, creating a sustainable economic benefit for multiple years.

- 8. Competitive Positioning: Paying a fee can make the destination more competitive against other cities or regions vying for the same event. In cases where the event rights holder is actively considering multiple locations, a bid fee can give the destination an edge. In most cases, an event organizer would require a bid fee if the event is awarded to a destination as part of the competitive bid process.
- 9. Ability to secure event: Events will not be considered for bid fee or rights fee funding if they have not previously required a bid fee, if they are held in other destinations without a bid fee, or if they would still choose to come to the destination without the payment of a bid fee. Only events that explicitly require a bid fee to secure their location in the destination will be eligible for consideration under this program.

Rationale for Not Paying a Bid/Rights Fee:

- 1. Limited Economic Return: If the projected economic benefits of the event do not justify the cost of the bid fee, the OMCVCB will not provide funding. Events that fail to generate sufficient hotel room nights, restaurant traffic, or visitor spending would not warrant the investment.
- 2. Event Saturation: If the destination already has a full calendar of events during the proposed time, adding another event may create diminishing returns or logistical challenges. The VCB may decline to pay a fee if the event conflicts with or oversaturates the destination's event offerings.
- 3. Risk of Over-Dependence on Fees: The OMCVCB will avoid setting a precedent of routinely paying bid fees, as this could encourage event rights holders to anticipate compensation for every opportunity. **Decisions will be made based on strategic priorities rather than as a blanket policy.**
- 4. Event Previously Hosted in Destination/Already Secured: If an event has previously been hosted without a bid fee or the OMCVCB is aware of other destinations securing the event without paying a bid, this sets a precedent that a fee may not be required, nor should a bid fee be paid.
- 5. Unestablished Events: For new, unproven events with no history of success, the OMCVCB may opt not to offer a bid fee due to the risk of poor attendance or lack of financial viability.
- 6. Budget Constraints: The OMCVCB operates within an established budget and would only consider funding a bid fee if adequate funding is available.

Application Guidelines – No formal written application is required.

• Events interested in pursing a Bid Fee from the OMCVCB must submit a letter of intent.

OR

• An RFP detailing the event must be submitted for consideration.

# 'Small places of enchantment' — and horses! — abound in Ocala and Marion County

Maria Sonnenberg For FLORIDA TODAY Published 5:08 a.m. ET Dec. 29, 2024 Florida: Quick, what does the name conjure up? Sun and sand? <u>Disney World</u>?

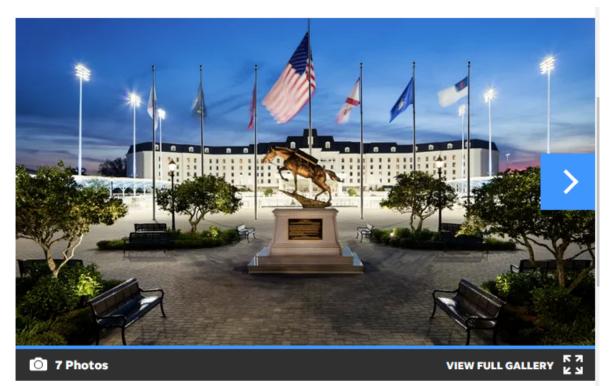

Rockets? South Beach? Key West? Horses?

Whaaat?

For many people, equines and their world would not be a common reference as a Florida attraction, yet as proof of Florida's eclecticism, the Sunshine State is home to an equine culture as vibrant and lush as Kentucky bluegrass. Ocala in Marion County can rightfully claim the throne as <u>"Horse Capital of the World®</u>," an appellation trademarked by the county in 2001, for there are more equines in this county than in any other in the nation.

# 'Small places of enchantment' — and horses! — abound in Ocala and Marion County

## Florida Today

Horses, hospitality and 'small enchantments': Charm abounds in Ocala Whether you're a horse lover or more into kayaking, adventure awaits in Ocala and Marion County.

Horses have been hoofing it in Florida for some time, as witnessed by the skeleton of a 1.5-million-year-old horse ancestor on display at the Florida Museum of Natural History in Gainesville. Fast forward to 1943, when Carl G. Rose developed the first thoroughbred horse farm in Florida. These days, more than 1,200 horse farms in Ocala/Marion County pamper more than 35,000 of these noble beasts, from sleek thoroughbreds to gentle Clydesdales and flamboyant Gypsy Vanners. Marion County is an outdoor art museum where the artwork is living, breathing and stunningly beautiful in motion. For horse lovers, it is paradise, but even for those uninitiated in the many flavors of the Sport of Kings, Ocala and its environs offer an immersive opportunity into a world of rolling, green pastures lined with majestic live oaks, of luxurious barns that put many houses to shame and of a culture of grace, elegance and passion.

In this a land of champion equine athletes was born — and trained —1978 Triple Crown winner Affirmed, the last horse to win that coveted title before American Pharoah broke a 37-year drought in 2015. While not a native, American Pharoah was taught his winning ways in Marion County. The area has produced 45 national champions, six Kentucky Derby winners, 20 Breeders' Cup champions and six Horses of the Year.

Horse farm tours offer the opportunity for an insider's view into this fascinating world. At <u>Grandview Clydesdales</u> (grandviewclydesdalestours.com), Karen and Shannon Cobbs and their sons squarely place guests up close and personal with the animals at one of the most award-winning Clydesdale farms in the world. The tour takes visitors on a whirlwind of day-to-day operations, from the birth of baby Clydesdales to winning world championships and starring in famous commercials (think Budweiser). During the holidays, the farm adds a "Christmas with the Clydesdales" evening tour for an even more unique experience.

In addition to Grandview, other horse farms offer horse lovers the opportunity to tour the homes of prime examples of equine pulchritude. <u>Chestnut Hill Arabians</u> (chestnuthillarabians.com) encourages visitors to make an appointment to tour a facility where each horse is pampered by their very own human, who grooms and works with them daily. During a three-hour-plus adventure at three different farms, <u>Farm Tours of Ocala</u> (farmtoursofocala.com) connects visitors with equine athletes and the special breed of people who train the noble animals. The 1,500 acres that comprise <u>GoldMark Farm</u> (goldmarkfarm.com) house a thoroughbred farm as well as the Triple Crown Museum, which traces the history of these superstars of the racing world. Following a tour of the museum, guests embark on a farm tour via golf cart or larger vehicle.

### Food, drink, lodging: What's your pleasure?

Rustic to luxury lodging options are readily available in Horse Country, with wellrepresented lodging chains, traditional bread and breakfast inns and luxe accommodations enhanced by boutique lodging at farms such as <u>Acadia Acres</u> (acadia-acres.com). This farm complex of pastures, barns and paddocks encompasses four houses, an apartment and RV hookups, plus a pool. This taste of the country offers plenty of room to roam, tons of tranquility and horses that love being fed carrots. Ample patios in the individual houses beg for spending an evening outdoors together with loved ones and a nice bottle of wine.

Within golf cart distance from Acadia Acres lies the <u>World Equestrian Center</u> (worldequestriancenter.com). This crown in the kingdom of the horse is hard to do justice with mere words. Named one of Time magazine's 2024 World's Greatest Places, the 2,000-acre world-class facility is the largest equestrian complex in the United States, with gleaming arenas and expo venues as far as the eye can see. Awe-inspiring, elegant, distinctive, the World Equestrian Center is memorable, even if you've never been near a horse.

More: <u>Small but nimble, these cruise vessels offer a journey that's anything but</u> <u>scaled down</u>

The jewel in the WEC crown is the stately Equestrian Hotel. Situated in the center of this homage to horses, the Equestrian overlooks WEC's Grand Outdoor Arena, which is indeed grand, and guests can view world-class equestrian events right from their luxurious accommodations.

The competition is intense at every one of the many, many events hosted by the WEC each year, yet for the casual observer, they also present a lovely opportunity for an outing with the family. Spectators pay nothing, except for a parking fee, for the pleasure of watching this panoply of fine horseflesh, and many families make a day of it. After the show, shopping and dining opportunities await both inside the many indoor riding venues, as well as along the plaza encircling the Grand Outdoor Arena.

During the holidays, the plaza transforms into the Ocala Winter Wonderland, complete with a million twinkling lights shaped into life-size-plus fanciful shapes that include Cinderella's coach, a VW bus, an English phone booth, walk-through Christmas trees and more. They make a perfect backdrop for holiday pictures and, amazingly, the wonderful experience, which also includes live entertainment, is gratis, except for the parking fees.

Among the boutique lodging options in Marion County: Acadia Acres, where there's tons of tranquility and the ample patios in individual houses beg for spending an evening outdoors with a nice bottle of wine. *Maria Sonnenberg For FLORIDA TODAY* 

For foodies, the Ocala Food and Wine Festival is a three-day whirlwind of jazz brunches, celebrity chef dinners, Grand Tasting, and more

### History and oh, those springs!

While Marion County is indeed horse-centered, a cornucopia of non-horsey activities also beckons. This is a land of springs, and a crystal-clear oasis is never far. For nostalgia seekers, taste a glorious bite of Old Florida at <u>Silver Springs State</u> <u>Park</u> (floridastateparks.org/silversprings), one of the largest springs in the world, and home to the historic glass-bottom boats that launched Florida's first tourist attraction, as well as of a more contemporary fleet of clear kayaks that afford prime views of a local wild population that includes manatees.

Silver Springs is among the more than 600 lakes, rivers and springs that dot Ocala, where a cool place to laze away the day is never far, but those who prefer activities on the drier side can also camp and hike to their heart's content at Ocala National Forest.

## 'Small places of enchantment' — and horses! — abound in Ocala and Marion County Florida Today

History buffs will appreciate the 172.5-acre Ocala Historic District with its abundance of Victorian revival styles, bungalows and vernacular architecture framed by a canopy of live oaks. The district has successfully guarded its character and historic significance, and many of its nooks and crannies are golf cart-friendly.

In Gainesville, less than an hour away from Ocala are even more attractions, such as the <u>Florida Museum of Natural</u> <u>History</u> (floridamuseum.ufl.edu), one of the nation's top five natural history museums and one where admission is free. Also offering free admission is the neighboring <u>Harn Museum of Art</u> (harn.ufl.edu), one of the largest university-affiliated art museums in the nation.

Not far from the Gainesville hubbub is the very different world of the <u>Marjorie</u> <u>Kinnan Rawlings Historic State Park</u> at sleepy, tiny Cross Creek, where the

Manatees love Silver Springs almost as much as do the kayakers. Maria Sonnenberg For FLORIDA TODAY

Pulitzer Prize-winning author found inspiration in the once wild land and its people. The house and homestead remain as if Rawlings had just stepped out to pick a couple of oranges in her grove back in the 1930s.

"I do not understand how anyone can live without some small place of enchantment to turn to," wrote the author of "The Yearling."

In Ocala and Marion County, these small places of enchantment abound.

# 12 Joyful Activities to Rediscover Your Christmas Spirit

By Lori Bruton

It's the most wonderful time of the year—a season that brings joy, cheer, and the opportunity to rediscover your childlike spirit. This holiday season, awaken your senses with a memorable medley of activities, history, and connections perfect for celebrating your golden years.

## Step Back In Time

Wonder House, Bartow (image courtesy of www.wonderhousebartow.com)

Begin your journey by stepping back in time to the 1920s with a Christmas tour of the Wonder House in Bartow. This architectural marvel, built by Conrad Schuck, is a testament to creativity and resilience. Hoping Florida's climate would improve his health, Schuck moved his family from Pittsburgh and poured his brilliance into this crossshaped mansion. Each detail, from intricate hand-carved woodwork to a clever mirror system allowing him to see visitors from his outdoor bathtub balcony, sparks awe. Each floor's fireplace adds warmth, evoking the timeless value of preserving family and legacy. (Note: The tour involves stairs, so visitors may explore the ground floor if mobility is a concern.)

Continue your journey at the **Festival of Wreaths** at the Polk County History Center, housed in a stunning courthouse from 1908. Each December, its marble halls are adorned with wreaths crafted by local artisans, symbolizing eternal life and faith. Every wreath tells a unique story, filling the air with holiday cheer and creating a scene that feels like a classic holiday postcard come to life.

### Dancing and Strolling

May I have this dance? Consider dancing the morning away at the Lakeland Seniors Dance and Social Club. Held every Thursday at the Magnolia Building next to Hollis Garden in downtown Lakeland, it's a welcoming place to meet fun, friendly people. No partner? No problem! Everyone is invited to enjoy the rhythm and camaraderie.

While in the neighborhood, take a stroll through **Hollis Garden**, an artfully landscaped oasis within **Lake Mirror Park**. The garden's patterned flower beds, ornamental fountains, and native trees create a serene setting that's perfect for reflection or special moments—I even spotted a wedding party taking photos there.

As you explore **Lake Mirror Park**, you'll be captivated by its festive décor. Ducks swim near the flowing fountain as Christmas lights illuminate the faces of all ages walking around the lake. The magic of the holidays truly comes alive here.

### Fabulous Holiday Fare

This season calls for culinary indulgence. Treat yourself to a fine dining experience at **Nineteen 61**, a Latin fusion restaurant with creative flair. As a 1961 baby, I felt especially pampered with a complimentary flute of champagne and a birthday card signed by the staff. Meeting Chef Cesar was the cherry on top after savoring their decadent Crème Brulée. This isn't just a meal, it's an unforgettable experience.

The Lakeland Christmas Parade lit up the sky with fireworks followed by festive floats, marching bands, and more. From my spot at the Joinery Food Hall, I enjoyed handcrafted ice cream in a waffle cone from Mayday, savoring the sweet treat as decked-out fire engines rolled by with their sirens.

#### Next, head to Ocala's Winter Wonderland at the

**World Equestrian Center**, where the holidays shine brighter than ever. The Grand Plaza dazzles with a 60-foot Christmas tree, oversized ornaments, and over a million twinkling lights. The skilled craftsmanship of the gingerbread display, especially the gingerbread horse, made my eyes pop.

Maven Photo and Film

Holiday music fills the air as families laugh and explore the festive displays, while the aroma of seasonal treats drifts from nearby cafes. Known as the Horse Capital of the World, Ocala celebrates the strength, grace, and beauty of its equine residents. Visitors can experience this heritage and see the holidays come to life in spectacular fashion that leaves a lasting

impression. This isn't just a holiday attraction, it's a tribute to Ocala's equestrian legacy.

Speaking of legacy, Shannon and Karen Cobbs, owners of **Grandview Clydesdales Farm** will warm your heart. The VIP Christmas Holiday Tour is handicapped and elderly friendly. You'll get the best seating, cookies, and carrots to feed the horses through the barn. See the family's awards and art amongst the spectacular holiday décor. You'll fall in love with this family and their beloved Clydesdales.

# Outdoor Adventure

For adventure seekers, Central Florida's outdoor offerings provide the restorative power of nature. Saddle up and take a horseback riding tour, go kayaking or ziplining at Canyons Zip Line and Adventure Park. Glide across the glassy waters in a kayak in Marion County at KP Hole Park on the Rainbow River, the gentle rhythm of the paddle bringing peace. Or try a boat cruise and get a senior discount at The

Living Water Boat Cruises in Winter Haven, where vibrant greens and calm blues unfold like a watercolor painting, punctuated by the occasional splash of wildlife.

Through it all, one theme comes to light: Central Florida isn't just a destination; it's an experience. Its historic treasures, festive celebrations, and natural beauty remind us that the true gift of the season lies in the memories we make and the joy we carry with us long after the holidays.

#### OCALA NATIONAL FOREST, FLORIDA

Why Go Now: Escape to one of Florida's last wild places

Most visitors to Central Florida are drawn to the area's theme parks and beaches-but tucked between them is a green oasis. The southernmost national forest in the continental United States, Ocala is home to manatees, black bears, and rare plants, along with 600 lakes and natural springs spread across 387,000 acres. The National Forest Foundation has further expanded recreation opportunities for visitors with new fishing piers and improved trails, while also working to restore the preserve's longleaf pine ecosystem by removing invasive species and planting seedlings.

Spanning nearly 385,000 acres, Ocala National Forest highlights a unique side of Florida in contrast to its famous beaches and theme parks.

Jessica Heller, a marketing and communications supervisor at <u>Ocala/Marion County Visitors and Convention Bureau</u>, says the forest's remote location makes it ideal for those looking to skip <u>overcrowded</u> <u>tourist spots</u> next year.

**What to do:** Swim or snorkel in one of the forest's four natural springs fed by the Florida aquifer that stay at 72°F year-round. Heller recommends checking out each spring — Silver Glen, Juniper,

Alexander, and Salt Springs — to experience their "distinct personalities."

<u>Hiking enthusiasts</u> can take various trails, such as the Florida Trail or the Cross Florida Greenway, which cuts across the forest.

If you visit during the holiday season, between Thanksgiving Day and Christmas Eve, you can cut your own Florida sand pine to take home.

**Where to stay:** While most people prefer to camp in the forest — Salt and Juniper Springs being the top camping spots — those who prefer hotels to tents and RVs can opt to stay at the Hilton Garden Inn in the downtown square.

For a more upscale experience, The Equestrian Hotel, a 60-minute drive away, offers a great escape and easy access to the World Equestrian Center.

Where to eat: Downtown Ocala has many dining options, but Heller recommends trying out La Cuisine for French-inspired fine dining or District Bar & Kitchen if you prefer a more relaxed vibe.

Closer to the forest, Lena's, located on the Florida Black Bear <u>Scenic</u> <u>Byway</u> (open from October to June), is a local favorite for seafood.

When to go: According to Heller, January through March is the best time to visit if you'd like to watch <u>horse shows</u>. However, that's also when hotels are most expensive.

But if you're looking to bike, hike, or enjoy any water activities, Heller suggests planning your trip around wintertime. The end of summer — when it's not too hot — is most popular for springs.

"We even have a tubing season," said Heller, adding that their natural version of lazy river tubing is open from April through September.

OCALA, FL (352today.com) — Ocala and Marion County have become synonymous with being a preferred vacation destination, now flourishing into a more than \$1 billion industry.

The Ocala/Marion County Visitors and Convention Bureau (VCB) presented its 2023-2024 annual report on Dec. 12 at the Paradise Ballroom at Silver Springs State Park. Opening remarks were delivered by Danny Gaekwad, a global entrepreneur and chairman of the Marion County Visitors and Convention Bureau. Gaekwad is also a past chairman of the Marion County Tourism Development Council.

"This past year has been a major one for tourism in Ocala and Marion County," said Loretta Shaffer, Ocala/Marion County's tourist development director. Shaffer highlighted the significant contributions made by the VCB team, whose primary mission is to promote Ocala and Marion County as a top destination for visitors.

"There are two main ways in which we do this: sales and marketing. We have an exceptional team in both these areas," said Shaffer.

#### Marketing and Public Relations Impact

Destination marketing encompasses various efforts, including research, public relations, social media, media campaigns, website content, and mobile app development. These tools allow the VCB to share the area's story with tourists, potential visitors, and residents.

Efforts in public relations alone generated \$6.4 million in media value, reaching an audience of over 1 billion people.

"The most important variable is the residents who live in Ocala and Marion County, who really are the heartbeat of the community's amazing personality. How grateful we are that people understand that we're warm and accepting to our guests," said Shaffer. "My primary message would be gratitude for everyone who has taken that ambassadorship so seriously and has been an extension of our team by their warm welcome."

Shaffer emphasized the economic impact of tourism, explaining how the taxes generated by visitors help fund essential community services like libraries, parks, and first responders. "We should be grateful to those who are making Ocala/Marion County a preferred destination to vacation," said Shaffer.

#### Showcasing Local Wonders

Marion County Commission Vice Chair Carl Zalak III, underscored the importance of the area's natural attractions, branding Marion County as a unique blend of natural wonders and equestrian excellence.

"In today's world, our most powerful tool is our technology," said Zalak. "Marion County is making it easier for those visiting the area and their residents to be ambassadors to explore the county's incredible natural resources and wonders of the Horse Capital of the World."

To further this mission, the VCB partnered with Marion County Public Relations and Zalak to launch a new video series that highlights the area's hidden gems, local cuisine, and leisure activities. Marion Insider's Guide, which debuted in July, is hosted by Zalak and can be accessed on the VCB website.

"Thanks to the dedication of everyone involved in our vibrant tourism industry," said Zalak. "Our community is now on the map, not just nationally, but globally. We're covering the things that make our home special."
