Owner agrees that time is of the essence for the whole of this project. Therefore, Parties specifically agree if Main construction does not commence for any reason within ninety (90) days of the full execution of this Agreement, County may unilaterally terminate same without penalty to County. After Board approval of the Agreement, Owner revised its contractor selection to hire its own Contractor at a lower cost than County's low bid price of \$21,062; while authorizing County to coordinate construction pursuant to Owner's permit oversight and processing. Owner confirmed its accepted contractor and surveyor's proposals as of October 31, 2025 and shall provide for Main construction commencement within 90 calendar days. BPS totals \$5,733.33 and is based upon (a) County's lowest bid or [√] (b) Owner Total Project Cost \$17,200 consisting of: Owner's Contractor's bid price \$16,500, plus Owner's \$700 obligation to County for County's direct cost to design water main extension plans. If Owner Contractor's cost is lower on its post-construction Bill of Sale than its pre-construction quote, BPS pro-rata rebate will be adjusted lower and this Agreement will be amended to reflect the actual adjusted BPS that County will collect and rebate to Owner. Notwithstanding anything to the contrary, Owner shall not be entitled to any reimbursement from the transmission component of applicable County capital charges by virtue of constructing Main. Owner acknowledges by signature of this Agreement that circumstances outside County's control could result in NO REIMBURSEMENT to Owner from any Benefiting Parcel.

County may permit connections to its System only if it may lawfully do so or would not thereby violate any permit, license, restriction, injunctions, moratorium or denial of permission to connect imposed or issued by any court of competent jurisdiction or by any applicable governmental agency. County agrees to not unreasonably deny connection to its System. County makes no other representation or agreement as to the availability of service in connection with development of the properties described in this Agreement.
