Department: Utilities

Request Type:

- Bid Exemption
- Standardization of Product/Brand
- Sole Source Provider of Good/Service
- Piggyback Agency Orange County

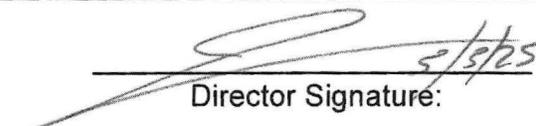

Purchase 1 time or recurring purchase with this year's total expenditure estimated is at \$ 250,000.00

Justification and/or Description: 25PB-113

DSI Innovation provides Programmable Logic Control (PLC) services along with electrical and instrumentation/electronic controls troubleshooting, installation, and design services. Marion County Utilities operations relies on PLC operations for controlling the operations of the larger plants MCU owns and operates. Additionally, important electrical and electronic controls are necessary to operate the plants to stay in compliance with regulatory rules. The Utilities Department must have an Integrator service on contract/call in the event an emergency arises that is above the services staff personnel capabilities. DSI has a proven track record to provide the necessary services.
