22Q-228-TO-19

The FIRM shall provide field and laboratory testing services to ensure road construction materials and workmanship comply with project specifications, FDOT, ASTM, AASHTO, and other applicable standards. May include testing for mitigation for the Marion County Utilities Sprayfields. Services will include testing of soils, base materials, asphalt, and concrete for properties such as compaction, density, thickness, strength, and smoothness. Test reports and certifications will be provided to document compliance, along with recommendations for corrective actions when needed. Testing will be performed as required throughout the duration of construction and coordinated with the project schedule.

This project is identified in the Marion County Transportation Improvement Program (TIP) as the Emerald Road Extension project (TIP073865)
