REVIEW ITEM: 2.16.1.B(10) - Family Division

STATUS OF REVIEW: INFO

REMARKS: Approved. The applicant is requesting to divide the 10-acre subject parcel (PID 39707-000-00) into two 5-acre parcels. Adjacent parcels range in size from 1 acre to 77.69 acres.

There appears to be approximately 14,405 sf existing impervious coverage on subject parcel. There is a Flood Prone Area on the property. The applicant should note that a Major Site Plan or a stormwater compliance waiver is required when either parcel is proposed to exceed 9,000 sf impervious site coverage.

5 DEPARTMENT: ENGTRF - TRAFFIC REVIEW REVIEW ITEM: 2.16.1.B(10) - Family Division

STATUS OF REVIEW: INFO

REMARKS: DENIED - It is proposed for the newly created parcel to access SE 177th Court. SE 177th Court is labeled as a private roadway; however, it is actual a driveway on private property which 911 has assigned a name to for emergency purposes as it provides access to multiple homes. There is no indication that there is an easement across this private driveway that would allow access by the newly created parcel. The newly created parcel should have access through the parent parcel to the existing driveway for the parent parcel to allow for a single shared driveway connection to SW 95th Street Road which is a County maintained collector roadway with a 45 mph speed limit.

REVIEW ITEM: 2.16.1.B(10) - Family Division

STATUS OF REVIEW: INFO

REMARKS: Parcel 39707-000-00 is within the Marion County Utilities service area but is outside the connection distance to existing water or sewer infrastructure.

Marion County Utilities requests a 20' Utilities Ingress/Egress Easement to access the northern portion of the parcel where 9559 is located. This will ensure future access in the event MCU utilities become available and the parcel owner wishes to connect.

The parcel is located outside the Urban Growth Boundary and the Primary Springs Protection Zone.
