Stormwater Controls Acknowledgement Form

Project Name: _____

Parcel Number: _____

Permit Number: _____

AR #: _____

The proposed project requires a waiver to the major site plan due to the associated property exceeding the allowable impervious coverage being exceeded per Section 2.21.1.A of the Marion County Land Development Code and will need to be approved by the Development Review Committee (DRC). After the waiver has been reviewed it will be scheduled for one of the Monday DRC meetings for approval. By signing this form, you state that you understand the conditions of the Development Review Committee's standard conditional approval typically granted to this type waiver and this item will be placed on the Consent Agenda in which attendance will not required.

OCE STORMWATER & APPLICANT CONSENT TO CONDITIONAL APPROVAL- subject to working with Stormwater staff under the following conditions:

- 1) The applicant must provide stormwater control of the additional runoff from the impervious coverage at the 100-year, 24-hour storm from the proposed project.
- 2) A permit/inspection hold will be in effect until a sketch of the proposed stormwater controls (retention pond, berm, etc.) is provided to Stormwater and approved.
- 3) A Final Hold will be in effect until:
 - a. Stormwater staff conducts a final inspection. Please note that stormwater controls and all disturbed areas must have vegetative cover established at time of final inspection.
 - b. The applicant must provide a final sketch, noting the horizontal extents and volume capacity of the stormwater controls.

Please note that any rejection received during the review process will require the waiver to be a scheduled item.
