Subject: RE: Special Use Permit 210513SU - Objection

To Whom It May Concern:

I live on the parcel adjoining the subject property. Since purchasing the property there has been nonstop commotion and noise from Mr. Moore's property. He put a road in next to my property and there are very loud vehicles travelling at a greater than appropriate speed down said road at all hours.

The peace and tranquility here has been taken from me and, I'm sure, others around him. I do not feel it is appropriate for 3 RV sites to be allowed as this area is not meant to become an RV park. I believe to allow this would bring even more chaos.

I do believe one should be allowed to use their own property within limits. This area is agricultural and should remain so. I strongly object to this special use permit and wish to be counted accordingly.

Sincerely,

Rosemary C Stewart
