Re: Flying Eagle Resources, LLC  
Rezoning Case #210512Z

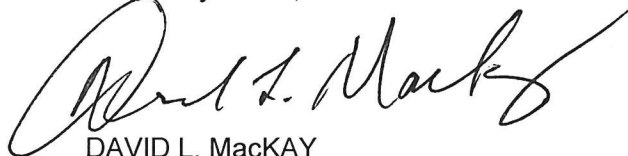

Dear Ken:

As we discussed, I am requesting that the above rezoning matter, seeking to change from R-1 to R-2 zoning, be withdrawn from further consideration. The applicant intends to proceed with a request to rezone from existing R-1 to PUD in order to try and resolve staff and public concerns over quality and control of the proposed development. A new application will be filed to move in this direction.

It is understood that you stated the previously paid application fee would be forfeited, but I reserve the right to request BCC to carry over the application fee to the new application, which they have routinely done in past instances where an applicant moves in this direction to address concerns of the staff and public in land development matters.

Thank you for your consideration.

Very Truly Yours,

DAVID L. MacKAY
